**ANSI/NSPI Committee Meeting**
**Holiday Inn Universal Studios Orlando, Florida**
**January 17, 1997**

**Log of Meeting** 1/17/97

**Date of Log Entry:** January 21, 1997

**Source of Log Entry:** Troy Whitfield, Mechanical Engineer, CPSC

**Attendees:** See Attached

**Summary of Meeting**

This scheduled meeting of the ANSI/NSPI-1 Committee and was held at the Holiday Inn Universal Studios in Orlando Florida. CPSC staff attended the meeting to discuss the previously provided draft of the safety guidelines intended to address three pool and spa related hazards; disembowelment, hair entrapment, and body entrapment. After opening introductions, Mr. Whitfield, of the CPSC, reminded the committee of the guideline objectives and updated the group on the timeframe for completion of the guideline document. A draft of the proposed checklist to accompany the guidelines was also provided during the meeting. Several comments and suggestions were made regarding both the guideline and the checklist.

The committee requested review of the guidelines and checklist once they are finalized. The group was informed that a final draft of the documents would be provided to NSPI for review and comment. Members of NSPF provided Mr Whitfield with a draft copy of the protocol intended for use during testing of some of the theories proposed to address the entrapment hazards. The protocol will be reviewed and comments will be provided. The NSPF also expressed the desire to have Mr. Whitfield (and any other staff) present during the testing.
