

Prevent Child Strangulation

#GoCordless with Window Coverings

For more information, visit CPSC's Window Covering Safety Education Center:
bit.ly/45ijFjt

There have been over **200 incidents** involving children up to 8 years old **due to strangulation hazards from window covering cords.***

Injuries varied from a scar around the neck, quadriplegia, and permanent brain damage.

** From January 2009 through December 2021, according to CPSC data.*

What to do?
Go Cordless—the safest option.

- **Buy and install cordless window coverings**, which are available at most major retailers.
- When buying online, **make sure the product is described as cordless.**
