Recall Details

In Conjunction With:

Description:

This recall involves Cree LED T8 lamps used indoors to replace traditional two pin T8 fluorescent tubes. The white lamps have a cylindrical shape and measure 48 inches long. The affected units are marked as "BT848 Series Lamp" with the product part number on the lamp itself or printed on a white label affixed to the lamp. A four digit date code is printed on the lamp under a statement that reads "Compatible with Instant Start, Rapid Start and Dimmable Electronic Ballasts." Product numbers and UPC codes printed on the product packaging included in the recall are listed below:
