

**U.S. Consumer Product Safety Commission
LOG OF MEETING**

SUBJECT: Meeting of ASTM Changing Table Collapse Task Group

DATE OF MEETING: 8 August 2016

LOG ENTRY SOURCE: Mark Kumagai

DATE OF LOG ENTRY: 9 September 2016

LOCATION: teleconference

CPSC ATTENDEE(S): Mark Kumagai, ESMC; Hope E J. Nesteruk, ESHF

NON-CPSC ATTENDEE(S): Contact ASTM for full attendance list

SUMMARY OF MEETING:

The Task group reviewed proposal for testing to address collapse. Revisions to the proposal were made. The group discussed two options:

1. Fasteners should be covered in the furniture standard (ASTM F2057)
2. Limit the fastener requirements to open frame changing tables

The group also recommended deleting proposed requirements to prevent metal inserts screwed into wood components from loosening or detaching. CPSC staff recommended that some means to prevent loosening is warranted.
