

US Consumer Product Safety Commission
Log of Meeting

Subject: Z21/CSA Technical Sub-Committee (TSC) on outdoor cooking appliances

Date: February 25, 2020

Location: Teleconference

Prepared By: Scott Ayers (sayers@cpsc.gov, 301-987-2030), February 27, 2020

CPSC Attendees: Scott Ayers and Chen-Hsiang Su

Non-CPSC Attendees: Contact CSA for a list of attendees

Summary of Meeting:

Contact CSA for more details on this meeting.

This was a full TSC meeting that continued from where the 2/6/2020 TSC meeting left off.

The group reviewed a number of task force work items including: requirements for the enclosure compartment of a built-in appliance and requirements for cylinder storage. The TSC voted to send all the task group proposals out for industry review and comment.

The group reviewed a proposal to allow certain gas appliances to connect to recreational vehicle LP-gas supply. The TSC voted to send the proposal out for industry review and comment.

The group reviewed a proposal to remove certain temperature measurements during testing. The TSC voted to send the proposal out for industry review and comment.

A group member mentioned a proposed NFPA Tentative Interim Amendment to remove requirements in NFPA 58 for inspecting the cylinder valve by personnel filling LP-gas tanks.

CSA will send out a doodle poll for the next meeting for most likely in June 2020.
