MEETING SUMMARY:
Agenda and previous Meeting Minutes from August 19th, 2019 were approved.

The below sections and topics were discussed for possible comments, review or approval:

Appendix X draft, detailing Penetration Testing to complement Section 16: Structured Penetration Testing.

The updated Software Bill-of-Materials (SBoM) draft.

On whether certain standards should be included as normative or informative references, i.e. Section 2: Normative References or Appendix C (C1 Requirements for Security Functions) which is informative.

Statements detailing and when Section 12: Vendor Product Risk Management Process should be used if Section C1 in Appendix C is not complied with.

Also stated was that only specific sections of the 2900-1 needing review or ballot will be sent out before the next meeting.
