SUMMARY OF MEETING:

The Scope workgroup, led by Rachel Weintraub met to review the senior data from Rocky Mountain Poison and Drug Center. Data was presented by Ms. Kate Reynolds on behalf of American Cleaning Institute. Review of unintentional exposures in the populations 50 years and above was presented for the years 2012 through 2019. The NEISS data requested from CPSC for the same time frame was not available at this time. The next Scope meeting will be set once the data is available.
