### **SUMMARY OF MEETING:**

CPSC staff attended the ASTM International E05.15 subcommittee meeting on fire testing. Subcommittee E05.15 covers fire standards, including upholstered furniture flammability.

The E05.15 group had a discussion of work item #56607 and the work item was withdrawn. This work item was intended to be an ASTM Standard based on the State of California's BEARHFTI Technical Bulletin 117-2013 (TB117-2013). A number of other standards that are not currently relevant to CPSC were also discussed. The subcommittee chair is stepping down and made a request for volunteers to run the committee.

The next meeting is Monday, June 29th 2020 - Thursday, July 2nd 2020, Boston Marriott Copley Place; Boston, MA US.
