

U.S. Consumer Product Safety Commission

LOG OF MEETING

SUBJECT: Meeting of ASTM D13 Subcommittees

DATE OF MEETING: February 3-4, 2020

LOG ENTRY SOURCE: Jacqueline Campbell, ES

DATE OF LOG ENTRY: March 18, 2020

LOCATION: Atlanta Marriott Marquis, Atlanta, GA

CPSC ATTENDEE(S): Jacqueline Campbell and Paige Witzgen

NON-CPSC ATTENDEE(S): Please contact Jennifer Rodgers at ASTM for the complete list.

SUMMARY OF MEETINGS:

ASTM 013.50 Smart Textiles: An update on terminology (WK58009) was given. Slides on market research and product issues were presented. Data security and related concerns were discussed, including talk of overlap with the ASTM effort on connected devices in which CPSC staff are involved. Liaison reports were given for collaborative with AATCC- RA111 and the IPC. AATCC presented slides on current test methods and potential areas of overlap or where more work is needed for testing and characterization.

D13.52 Flammability: Negatives were addressed from the previously closed ballot. D6413 is up for review. An update was given on the status from the CPSC RFI that was issued last summer.

D13.99 Coordination Committee for ISO & Foreign Textile Standards: Discussed the ISO TC38 meetings that were in Treviso, Italy.

D13 Textiles Main: Meeting discussed the actions of the various subcommittees that were meeting during this time.

The next meeting week for D13 is June 28- July 1, 2020 in Boston, MA.
