Summary of Meeting:

Contact ASTM for meeting minutes

This was a subcommittee meeting for ASTM E05.15.

The subcommittee discussed several flammability tests related to furniture and mattresses. Several proposed standards which are still in the drafting phase were discussed. CPSC staff provided update on current CPSC activities including furniture regulation, recent changes to SRM cigarette for 16 CFR 1632 and open rulemaking on other regulations.

The next meeting will be during to the week of June 13, 2022 - June 16, 2022.
