

MEETING LOG

MEETING TITLE/SUBJECT: Energy Storage System Ad Hoc Committee Meeting

OP PLAN ENTRY: Building Codes

DATE OF MEETING: 6/6/2024

LOCATION OF MEETING: Virtual

CPSC STAFF FILING MEETING LOG: Scott Ayers

FILING DATE: 6/7/2024

CPSC STAFF ATTENDEE(S): Scott Ayers (ESEF)

NON-CPSC ATTENDEE(S): Contact International Code Committee (ICC) for a complete list of attendees.

Summary of Meeting:

The ICC formed an ad-hoc committee to review code requirements for energy storage systems, including lithium-ion and non-lithium-ion batteries. This ad-hoc committee may review, consider, and propose requirements impacting residential construction and possibly consumer products. The ad-hoc committee was divided into several working groups. Staff is participating on the residential energy storage systems and micromobility and electric vehicle (EV) working groups.

This was a meeting of the full ad-hoc committee.

Staff monitored the meeting. Each working group gave a short report on their progress. The residential energy storage systems and micromobility and EV working groups reported that each was breaking into sub-groups. Several participants mentioned the work happening at a state level.

Next Steps:

Staff will participate in future meetings as able.
