Summary of Meeting:

Contact the NASFM for more details.

NASFM hosts a monthly meeting of state PIO officers and others interested in Community Risk Reduction (CRR). Some purposes of this monthly meeting include sharing information on educating the public and discussing new risks facing communities.

NASFM pointed out that Thanksgiving Day has the highest number of cooking fires and (according to the National Carbon Monoxide Awareness Association) the most carbon monoxide poisonings annually. During the meeting, NASFM discussed their upcoming CRR Conference in February in North Carolina. Participants discussed issues affecting their communities. CPSC staff discussed educational resources available for public education and some recent and upcoming technical meetings that may be of interest to participants.

Next Steps:

Staff will participate as able on future meetings, typically the third Wednesday of each Month.
