

MEETING LOG

SUBJECT: Staff Presentation on CPSC Lithium-Ion Battery Safety Work at 2024 NFPA Conference & Expo

FY 23 OP PLAN ENTRY: Batteries, Fire (High Energy Density)

DATE OF MEETING: Monday, June 17, 2024 – Wednesday, June 19, 2024 (8:00 AM ET to 05:00 PM ET)

LOCATION OF MEETING: In Person (Orange County Convention Center, Orlando, Florida)

CPSC STAFF FILING MEETING LOG: Jay Kadiwala (ES)

FILING DATE: Monday, July 1, 2024

CPSC ATTENDEE(S): Jay Kadiwala, Engineering Sciences

NON-CPSC ATTENDEE(S): Please contact NFPA (Conference Sponsor), for non-CPSC attendee list.

Summary of Meeting:

CPSC Staff presented on the topic of lithium-ion battery safety, including staff's recent work product made available to the public, an overview of CPSC processes and procedures, and case studies on lithium-ion battery safety. CPSC staff answered attendee questions after the conclusion of the presentation.

Please contact NFPA for Meeting Agenda materials.

Next Steps:

CPSC staff will utilize activities learned from this conference training opportunity to advance the CPSC mission by calibrating the focus of future battery safety activities to protect the public from the fire hazards of lithium-ion batteries.
