The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. 24-F-00342	03/11/2024		FOIA	I am requesting information on Schneider Electric Recall of 1.4 Million Electrical Panels - Recall # 22-159. Specifically - What was origin of request? How many individuals/businesses were impacted that was the impetus for the recall? To date, how many of the 1.4 million of panels have been addressed? Schneider was instructed to contact all known retailers, distributors, homeowner, and any other individuals that purchased or installed the recalled product. Specifically was Lanehart Electrical Contractor, Alpharetta Ga contacted? If so, when, how, and to whom? If not, why not? What instructions would have been given to Lanehart in addressing the electrical panel issue? I have a confirmed recalled panel in my home that was installed in 2022 (prior to the recall notice issued June 16, 2022. No one contacted me about this. Furthermore the subdivision has 100+ homes that were built around the same time - many after the recall was issued. I know of two additional residents that too have recalled panels. In both of these cases, Lanehart installed the recalled panels in homes after the recall was issued. I have spoken to Schneider and a work order has been issued. (107902674) As a homeowner, I believe there has been negligence on the part of Schneider and Lanehart. I've experienced 10 + issues where requiring circuit breakers to have to be reset. This is over a 14 month time frame. Lanehart has been to my house 4 times to correct and obviously has not been successful. Perhaps it is because the root case is a defective panel? Someone is incompetent or dishonest. Meanwhile per the recall instructions - be sure to have a working smoke detector. Unacceptable. (Date Range for Record Search: From 02/01/2020 To 03/11/2024)
