

2014

**2014
ANNUAL
REPORT
TO THE PRESIDENT
AND CONGRESS**

United States
Consumer Product
Safety Commission

United States Consumer Product Safety Commission

Chairman
Elliot F. Kaye

Vice Chairman
Robert S. Adler

Commissioner
Marietta S. Robinson

Commissioner
Ann Marie Buerkle

Commissioner
Joseph Mohorovic

Report to the President and Congress Pursuant to Section 209 of the Consumer Product Safety Improvement Act of 2008

The United States Consumer Product Safety Commission (“CPSC” or “the Commission”) is submitting this report to the President, Congress, and the public, as required under section 27(j) (15 U.S.C. 2076(j)) of the Consumer Product Safety Act (“CPSA”), as amended by the Consumer Product Safety Improvement Act of 2008 (“CPSIA”). The content of this report is specified in the CPSA, as amended by the CPSIA. The report describes many of the activities the CPSC performed to protect the public from hazardous consumer products in fiscal year 2014 (“2014”). Readers may also be interested in the CPSC’s 2014 Annual Performance Report, required by the Government Performance and Results Act and available on the CPSC’s website at: www.cpsc.gov/en/About-CPSC/Agency-Reports/Performance-and-Budget/.

The CPSC, established by Congress in 1972, is the federal regulatory body tasked with protecting children and families from unreasonable risks of injuries or death associated with consumer products. The Commission has been effective in reducing consumer product-related injury and death rates by using a wide range of strategies to identify and address product safety hazards. This report is organized around the five strategies noted below:

- **Hazard Identification and Monitoring:** collecting information and monitoring injury and death statistics related to the use of products under the CPSC’s jurisdiction;
- **Safety Standards:** participating in the development and strengthening of voluntary safety standards and developing mandatory standards;
- **Compliance and Enforcement:** enforcing compliance with standards through compliance activities, such as recalls or other corrective actions, and litigating when necessary;
- **Public Outreach:** educating consumers, families, foreign governments, and industry about product safety recalls, safety programs and alerts, emerging hazards, and safety standards; and
- **Intergovernmental Coordination:** coordinating work on product safety issues with other governmental stakeholders.

Hazard Identification and Monitoring

The Commission, in fulfilling its mission to protect the public against unreasonable risks of injuries associated with consumer products, collects, reviews, and analyzes data on deaths, injuries, and societal costs associated with such products. This section describes the “Incidence of Injury and Effects to the Population” associated with products under the jurisdiction of the Commission. Four tables present summary data by totals and by age groups for:

- product-related deaths;
- product-related injuries;
- percent of emergency department visits involving product-related injuries resulting in hospitalization; and
- estimated costs of product-related injuries.

Product-Related Deaths (Table 1). The CPSC collects mortality data through contracts with each state. The CPSC reviews about 8,000 death certificates each year, covering unintentional product-related deaths from all 50 states and the District of Columbia. The CPSC purchases death certificates that have a high probability of consumer product involvement. However, due to resource constraints, we cannot purchase all product-related death certificates, and because the death certificates we purchase sometimes fail to identify the products involved, the total number of actual product-related deaths may be higher than the number we report. Although the deaths in this table represent product involvement, that involvement does not necessarily indicate causality.

Product-Related Injuries (Tables 2 and 3). Each year, the CPSC collects information about product-related injuries through its National Electronic Injury Surveillance System (“NEISS”). This unique system provides statistically valid national estimates of product-related injuries from a probability sample of hospital emergency departments (“EDs”) and is the foundation for many CPSC activities. These injury reports not only provide the means for estimating the magnitude of consumer product-related injuries in the United States, but the reports also provide a resource for gathering additional information concerning the nature and potential cause of accidents. Several foreign governments have modeled their national injury data-collection systems after the CPSC’s system. Annually, NEISS supplies information about almost 400,000 product-related cases from a sample of about 100 hospitals. The hospitals transmit incident information electronically, and in some cases, the data are available within 24 hours after an incident. Table 2 presents data on estimates of injuries associated with consumer products that resulted in hospital ED treatment. Table 3 presents estimates of the percent of such injuries for which the treated individuals were subsequently hospitalized. Although the injuries in these tables represent product involvement, that involvement does not necessarily indicate causality.

Cost of Product-Related Injuries (Table 4). To estimate costs of hospital ED-treated, consumer product injuries, the CPSC employs its Revised Injury Cost Model. The costs noted in this report do not include the costs of consumer product-related injuries that were treated elsewhere, such as in physicians’ offices, health maintenance organizations, and freestanding urgent care clinics. Estimates also do not include the economic losses of fatalities associated with the use of consumer products. These losses may be substantial. Furthermore, cost estimates are not available for many acute and chronic illnesses associated with exposure to chemical hazards. The number and costs of these illnesses are expected to be large.

Products are aggregated into 15 product groupings for the deaths, injuries, and cost data presented (see pp. 7–8). These products are described in the *NEISS Coding Manual*, Directorate for Epidemiology, U.S. CPSC. The *NEISS Coding Manual* can be found online at:

www.cpsc.gov/Media/Documents/Research--Statistics/NEISS-Injury-Data/NEISS-Coding-Manual.

Additional data are collected and analyzed to develop more detailed estimates concerning products for which Commission remedial action has been considered. Based on interviews with victims or witnesses, the Commission identifies causes of incidents, including the interactions among the persons involved, the products, and the environment. Using all of the available data, Commission staff periodically prepares hazard analysis reports for selected products. To learn whether a hazard analysis report for any particular product is available, or to receive general injury data reports or more detailed data than are included in this section, please visit:

www.cpsc.gov/en/Research--Statistics/Injury-Statistics or write to:

National Injury Information Clearinghouse
U.S. Consumer Product Safety Commission
4330 East West Highway, Bethesda, MD 20814

To query NEISS data or learn more about NEISS please visit:

www.cpsc.gov/en/Research--Statistics/NEISS-Injury-Data.

Table 1 - Deaths Associated with the Use of Certain Consumer Products**October 1, 2010–September 30, 2011**

This table presents the latest available estimates of deaths associated with, but not necessarily caused by, the use of consumer products. These estimates are derived from data taken from death certificates that the Commission purchases from the states. The time required for collection and processing varies by state, but the majority of death certificates are received within two years of the date of death.

Product Group	AGE GROUP#				
	Total	Under 5	5–24	25–64	65 And Over
Child Nursery Equipment and Supplies	67	67	0	0	0

Note: #“Total” includes incidents where the age was not recorded. Therefore, the aggregated age groups may not equal the total.

**Table 2 - Estimates of Hospital Emergency Department-Treated Injuries
Associated with the Use of Certain Consumer Products**

October 1, 2012–September 30, 2013¹

This table presents the estimates of hospital emergency department-treated injuries associated with, but not necessarily caused by, the use of consumer products. It is based on data collected from a statistically representative sample of hospitals as part of the Commission’s National Electronic Injury Surveillance System (“NEISS”). The NEISS hospital sample has been updated periodically to take into account changes that have occurred in the NEISS sampling frame of emergency departments over time (e.g., including hospital emergency departments opened after the initial sampling frame was constructed). In addition, over time, there have been modifications to the definition of in-scope injuries.

Product Group	Total	AGE GROUP*			
		Under 5	5–24	25–64	65 And Over
Child Nursery Equipment and Supplies	103,754	75,921	9,968	14,844	3,021
Toys	245,126	85,497	116,524	37,382	5,724

Home Communication, Entertainment, and Hobby Equipment	230,341	28,533	65,612	104,326	31,870
Personal Use Items	780,507	173,802	221,381	287,881	97,442
Packaging and Containers for Household Products	429,294	44,144	93,471	236,987	54,692
Yard and Garden Equipment	308,148	7,683	46,901	185,971	67,593
Home Workshop Apparatus, Tools, and Attachments	353,879	11,854	59,646	235,356	47,023
Home and Family Maintenance Products	190,624	34,723	42,289	92,413	21,199
General Household Appliances	174,049	19,519	31,832	91,955	30,743
Space Heating, Cooling, and Ventilating Appliances	134,200	24,617	32,444	58,323	18,815
Housewares	764,474	45,990	210,355	431,002	77,128
Home Furnishings and Fixtures	3,030,841	581,371	538,640	1,136,277	774,553
Home Structures and Construction Materials	4,160,424	488,109	970,231	1,707,695	994,389
Miscellaneous	323,460	52,132	112,321	118,770	40,237

Note: * “Total” includes incidents where the age was not recorded. Therefore, the aggregated age groups may not equal the total.

¹ Comparisons with previous Annual Report tables must be done with caution since the NEISS sample was updated on January 1, 1990, and again on January 1, 1997. Additionally, the definitions of in-scope injuries have been modified over time.

**Table 3 – Percent of Hospitalized Emergency Department-Treated Injuries
Associated with the Use of Certain Consumer Products**

October 1, 2012–September 30, 2013²

This table presents the estimated percent of emergency department-treated injuries associated with consumer products for which the injured people were subsequently hospitalized.³ This table gives some indication of the severity of the injury for which treatment was sought.

Product Group	Total (%)	AGE GROUP [‡]			
		Under 5 (%)	5–24 (%)	25–64 (%)	65 And Over (%)
Child Nursery Equipment and Supplies	7	8	1	3	35
Toys	3	3	3	3	13
Sports and Recreational Activities and Equipment	5	6	3	7	21
Home Communication, Entertainment, and Hobby Equipment	5	3	3	3	21
Personal Use Items	8	10	4	5	20
Packaging and Containers for Household Products	5	7	2	4	13
Yard and Garden Equipment	8	5	4	7	18
Home Workshop Apparatus, Tools and Attachments	5	6	3	5	8
Home and Family Maintenance Products	6	6	3	5	12
General Household Appliances	7	5	2	5	19
Space Heating, Cooling and Ventilating Appliances	6	3	1	5	20
Housewares	3	7	1	2	10
Home Furnishings and Fixtures	11	4	2	7	27
Home Structures and Construction Materials	12	5	3	8	31
Miscellaneous	7	8	4	7	17

Note: [‡]“Total” includes incidents where the age was not recorded. Therefore, the aggregated age groups may not equal the total.

² Ibid.

³ The estimated number of injuries that resulted in hospitalization is listed as a percent of the total number of emergency room treated injuries.

Table 4 - Estimates of the Cost of Emergency Department-Treated Consumer Product Injuries

October 1, 2012–September 30, 2013
(in millions of dollars)

This table is derived by applying the Commission’s Revised Injury Cost Model⁴ to the estimates of hospital emergency department-treated injuries calculated in Table 2.⁵ Injury cost estimates are adjusted to 2012 price levels using the employment cost index and the per capita medical care consumption expenditure.

Product Group	Total	AGE GROUP#			
		Under 5	5–24	25–64	65 And Over
Child Nursery Equipment and Supplies	\$5,895	\$4,800	\$276	\$557	\$263
Toys	\$8,166	\$2,530	\$4,159	\$1,230	\$248

Home Workshop Apparatus, Tools, and Attachments	\$14,400	\$413	\$2,099	\$10,106	\$1,782
Home and Family Maintenance Products	\$5,816	\$828	\$858	\$3,277	\$854
General Household Appliances	\$8,233	\$1,018	\$1,199	\$4,399	\$1,617
Space Heating, Cooling, and Ventilating Appliances	\$6,097	\$948	\$981	\$2,813	\$1,355
Housewares	\$20,555	\$1,842	\$4,614	\$11,638	\$2,461
Home Furnishings and Fixtures	\$157,649	\$26,146	\$16,821	\$60,370	\$54,312
Home Structures and Construction Materials	\$235,428	\$25,837	\$32,373	\$98,206	\$79,011
Miscellaneous	\$17,065	\$3,199	\$4,513	\$7,110	\$2,243

Note: #“Total” includes incidents where the age was not recorded. Therefore, the aggregated age groups may not equal the total.

⁴ The 2000 Injury Cost Model on the CPSC’s website can be found at the following location:
<http://www.cpsc.gov/pagefiles/100269/revised-injury-cost-model-120100.pdf>.

⁵ Estimates are not comparable to estimates in previous reports because of changes in data and methodology.

Product Groups

**1. CHILD NURSERY EQUIPMENT
AND SUPPLIES**

Baby carriages, walkers, and strollers
Cribs, playpens, and baby gates
High chairs and youth chairs
Miscellaneous

2. TOYS

Children's sports and hobby equipment
Electric trains, cars, and accessories
Projectile or flying toys
Toy chests and boxes
Tricycles (children's)
Wagons and other ride-on toys
Miscellaneous

**3. SPORTS AND RECREATIONAL
ACTIVITIES AND EQUIPMENT**

Amusement rides
Archery
ATVs, mopeds, and minibikes
Barbecue grills, stoves, and fuel
Baseball/softball
Basketball
BB guns, BBs, and pellets
Beach, picnic, and camping equipment
Bicycles and accessories
Billiards or pool
Bowling
Boxing
Cheerleading
Curling
Dancing
Darts
Exercise equipment
Fencing
Fishing
Football
Golf
Gymnastics and equipment
Hockey, all kinds
Horseback riding
Horseshoes
Ice or snow boating
Lacrosse, rugby, and miscellaneous ball games
Martial arts
Mountain climbing
Playground equipment
Racquet sports
Shuffleboard
Skateboards, scooters
Skating, all kinds
Snowmobiles

Snow skiing and snowboarding
Soccer
Swimming activity, pools and equipment
Toboggans, sleds, snow discs
Track and field
Trampolines
Unicycles
Volleyball
Water skiing, tubing, and surfing
Wrestling
Miscellaneous

**4. HOME COMMUNICATION,
ENTERTAINMENT, AND HOBBY
EQUIPMENT**

Sound recording and reproducing equipment
Television sets and stands
Miscellaneous

5. PERSONAL USE ITEMS

Cigarettes, lighters, lighter fluids, and matches
Clothing, all
Coins
Desk supplies
Drug and cosmetic poisonings and chemical
burns to children under age 5
Grooming devices
Holders for personal items
Infrared lamps and saunas
Jewelry, watches, keys, and key chains
Massage devices
Protection devices (eyes, ears)
Razors, shavers, and razor blades
Miscellaneous

**6. PACKAGING AND CONTAINERS
FOR HOUSEHOLD PRODUCTS**

Cans and other containers
Glass bottles and jars
Paper, cardboard, and plastic products

7. YARD AND GARDEN EQUIPMENT

Chain saws
Hand garden tools
Hatchets and axes
Lawn and garden care equipment
Lawn mowers, all types
Other power lawn equipment
Outdoor electric lighting equipment
Pumps
Trimmers and small power garden tools

8. HOME WORKSHOP APPARATUS,
TOOLS, AND ATTACHMENTS

Automotive accessories and chemicals
Batteries, all types
Battery chargers
Chains
Engines, nonautomotive
Hoists, lifts, jacks
Power home tools (excluding saws)
Power home workshop saws
Welding, soldering, cutting tools
Wires, cords, not specified
Workshop chemicals
Workshop manual tools
Miscellaneous

9. HOME AND FAMILY
MAINTENANCE PRODUCTS

Cleaning agents (excluding soaps)
Cleaning equipment, non-caustics
Drain and oven cleaners and caustics
Paints, solvents, and lubricants
Polishes and waxes
Soaps and detergents
Miscellaneous

10. GENERAL HOUSEHOLD
APPLIANCES

Cooking ranges, ovens
Irons and clothes steamers
Refrigerators and freezers
Washers and dryers
Miscellaneous

11. SPACE HEATING, COOLING AND
VENTILATING EQUIPMENT

Air conditioners
Chimneys and fireplaces
Fans (excluding stove exhaust fans)
Furnaces
Heating stoves and space heaters
Pipes (heating and plumbing)
Radiators
Water heaters
Miscellaneous

12. HOUSEWARES

Cookware
Drinking glasses
Knives, unpowered
Scissors
Skewers and picks
Small kitchen appliances
Tableware and accessories
Miscellaneous

13. HOME FURNISHINGS AND
FIXTURES

Bathtub and shower structures
Beds, mattresses, and pillows
Blankets
Carpets and rugs
Chairs, sofas, and sofa beds
Desks, cabinets, shelves, racks
Drapery rods and accessories
Electric fixtures, lamps, and equipment
Fireplace equipment
Holiday and party supplies
Hot tubs, spas, and whirlpools
Ladders and stools
Mirrors and mirror glass
Other miscellaneous furniture and accessories
Scales (excluding baby scales)
Sinks and toilets
Tables
Window, table, chair, and bed covers
Miscellaneous

14. HOME STRUCTURES AND
CONSTRUCTION MATERIALS

Automatic doors and door openers
Cabinet or door hardware
Ceilings and walls of a completed structure
Counters and counter tops
Fences
Glass doors, windows, and panels
Handrails, railings, and banisters
Insulation
Nails, carpet tacks
Non-glass doors and panels
Outside attached structures and materials
Outside unattached structures
Porches, open side floors
Stairs, ramps, landings, and floors
Window and door sills (including frames)
Wood paneling and particleboard
Miscellaneous

15. MISCELLANEOUS PRODUCTS

Alarms and escape equipment
Business and office machines
Dollies and carts
Elevators, escalators, and other lifts
Fireworks and flares
Fuel-burning lighting equipment and fuels
Gasoline and diesel fuels
Generators
Miscellaneous

SAFETY STANDARDS

The Commission helps reduce consumer product hazards through the development of mandatory safety standards and staff involvement in the development and strengthening of voluntary safety standards. This section presents information about:

- mandatory safety standards in effect;
- voluntary safety standards for which staff provided monitoring or technical support; and
- research activities conducted by staff.

1) **Mandatory Safety Standards:** Mandatory standards are developed through rulemaking. Under most of the acts the CPSC enforces, if a voluntary standard exists, by law, the Commission may not issue a mandatory standard, unless it finds that the voluntary standard will not eliminate or adequately reduce the risk of injury or death, or determines that it is unlikely that there will be substantial compliance with the voluntary standard. During the rulemaking process, staff seeks input from all interested parties, including consumers, industry, and other government agencies. Mandatory standards generally are expressed in the form of performance requirements. Examples of products for which mandatory standards are under development include: portable generators, upholstered furniture, recreational off-highway vehicles (“ROVs”), rare earth magnet sets, table saws, and firepots and fuel gels.

On August 14, 2008, the President signed into law the Consumer Product Safety Improvement Act of 2008 (“CPSIA”). The CPSIA directs the Commission to implement numerous rulemakings and other official Commission actions intended to enhance the safety of consumer products. CPSIA mandated more than 40 separate rules or rulemaking activities. Examples of rulemakings, related rulemaking activities, and official actions mandated or initiated pursuant to the CPSIA include: lead content determinations and exclusions; interpretative rules for children’s products, children’s toys, and a child care article; testing and labeling of consumer products for certification purposes; consumer registration forms; laboratory requirements for children’s product certification purposes; and new safety standards and accreditation requirements for durable infant or toddler products.

2) **Voluntary Safety Standards:** The CPSC’s statutory authority requires it to rely on voluntary standards rather than issue mandatory standards whenever compliance with a voluntary standard would eliminate or adequately reduce the risk of injury identified and it is likely there will be substantial compliance with the voluntary standard. CPSC staff works with organizations that facilitate the development of voluntary standards. Staff participates in the development of voluntary standards at a number of stages in the process. Staff first submits recommendations to voluntary standards organizations for new standards or modifications of existing standards. After receiving CPSC staff recommendations, organizations may conduct technical assessments (as appropriate); publish a proposal for public comment; receive and evaluate comments; or publish a standard. This process may take months to several years. Staff participates in the process by providing expert advice, technical assistance, and information based on data analyses of how deaths, injuries, or incidents occurred. The CPSC’s voluntary standards policy currently does not permit staff to vote on proposed changes or new standards. Staff’s comments are, however, considered throughout the process.

The CPSIA added authority for the Commission, in certain cases, to specify by rule that a product or product class that does not comply with a voluntary standard is a substantial product hazard under the CPSA. This facilitates obtaining corrective actions when products are found in commerce that do not comply with the voluntary standards.

3) **Research Activities:** CPSC staff conducts and sponsors many research and study projects in furtherance of its activities to improve product safety and reduce or eliminate potential

hazards associated with consumer products. Staff may use the findings from these projects to develop and refine positions on voluntary and mandatory product safety standards. Examples include research on adult portable bed rails, fireworks, technology to mitigate cooking fires, collaborative research with other federal agencies on nanotechnology, portable generators, seniors' hazards, furniture and television tipovers, and recreational off-highway vehicles.

1) Mandatory Safety Standards

TITLE 16–COMMERCIAL PRACTICES CHAPTER II–CONSUMER PRODUCT SAFETY COMMISSION⁶

PART

HEADING

- 1200 Definition of children’s product under the Consumer Product Safety Act
- 1201 Safety standard for architectural glazing materials
- 1202 Safety standard for matchbooks
- 1203 Safety standard for bicycle helmets
- 1204 Safety standard for omnidirectional citizens band base station antennas
- 1205 Safety standard for walk-behind power lawn mowers
- 1207 Safety standard for swimming pool slides
- 1209 Interim safety standard for cellulose insulation
- 1210 Safety standard for cigarette lighters
- 1211 Safety standard for automatic residential garage door operators
- 1212 Safety standard for multi-purpose lighters
- 1213 Safety standard for entrapment hazards in bunk beds
- 1215 Safety standard for infant bath seats
- 1216 Safety standard for infant walkers
- 1217 Safety standard for toddler beds
- 1218 Safety standard for bassinets and cradles
- 1219 Safety standard for full-size baby cribs
- 1220 Safety standard for non-full-size baby cribs
- 1221 Safety standard for play yards
- 1222 Safety standard for bedside sleepers
- 1223 Safety standard for infant swings
- 1224 Safety standard for portable bed rails
- 1225 Safety standard for hand-held infant carriers
- 1226 Safety standard for soft infant and toddler carriers
- 1240 Safety standard for magnet sets
- 1301 Ban of unstable refuse bins
- 1302 Ban of extremely flammable contact adhesives
- 1303 Ban of lead-containing paint and certain consumer products bearing lead-containing paint
- 1304 Ban of consumer patching compounds containing respirable free-form asbestos
- 1305 Ban of artificial emberizing materials (ash and embers) containing respirable free-form asbestos

⁶ Does not include administrative or exemption rulemakings.

⁷ This information is obtained from the U.S. National Archives and Records Administration.

(For more detail, visit the Electronic Code of Federal Regulations, Title 16 Chapter II Web page (updated daily), at: ecfr.gpoaccess.gov/cgi/t/text/text-idx?c=ecfr&tpl=/ecfrbrowse/Title16/16cfrv2_02.tpl.⁸)

PART

HEADING

- 1306 Ban of hazardous lawn darts
- 1401 Self-pressurized consumer products containing chlorofluorocarbons: requirements to provide the commission with performance and technical data; requirements to notify consumers at point of purchase of performance and technical data
- 1402 CB base station antennas, TV antennas, and supporting structures
- 1404 Cellulose insulation
- 1406 Coal and wood burning appliances notification of performance and technical data
- 1407 Portable generators: requirements to provide performance and technical data by labeling
- 1420 Requirements for all terrain vehicles
- 1450 Virginia Graeme Baker pool and spa safety act regulations
- 1460 Children's Gasoline Burn Prevention Act Regulation
- 1500 Hazardous substances and articles; administration and enforcement regulations
- 1501 Method for identifying toys and other articles intended for use by children under 3 years of age which present choking, aspiration, or ingestion hazards because of small parts
- 1505 Requirements for electrically operated toys or other electrically operated articles intended for use by children
- 1507 Fireworks devices
- 1510 Requirements for rattles
- 1511 Requirements for pacifiers
- 1512 Requirements for bicycles
- 1513 Requirements for bunk beds
- 1608 General rules and regulations under the flammable fabrics act
- 1609 Text of the flammable fabrics act of 1953, as amended in 1954, prior to 1967 amendment and revision
- 1610 Standard for the flammability of clothing textiles
- 1611 Standard for the flammability of vinyl plastic film
- 1615 Standard for the flammability of children's sleepwear: sizes 0 through 6x
- 1616 Standard for the flammability of children's sleepwear: sizes 7 through 14
- 1630 Standard for the surface flammability of carpets and rugs
- 1631 Standard for the surface flammability of small carpets and rugs
- 1632 Standard for the flammability of mattresses and mattress pads
- 1633 Standard for the flammability (open flame) of mattress sets
- 1700 Poison prevention packaging
- 1750 Standard for devices to permit the opening of household refrigerator doors from the inside

⁸ *Ibid.*

Mandatory Rulemaking Activity in 2014

The following voluntary standards became mandatory consumer product safety standards in 2014:

- Durable Infant or Toddler Products - The Danny Keysar Child Product Safety Notification Act, Section 104 of the CPSIA, requires the CPSC to promulgate consumer product safety standards for durable infant or toddler products. These standards are to be “substantially the same as” applicable voluntary standards or more stringent than the voluntary standard if the Commission determines that more stringent requirements would further reduce the risk of injury associated with the product. In 2014, the CPSC promulgated four safety standards for children’s products:
 - On April 28 2010, the Commission issued a notice of proposed rulemaking (“NPR”) for bassinets and cradles. 75 FR 22303. The NPR proposed to incorporate by reference the voluntary standard, ASTM F2194-07¹. The Commission published a supplemental notice of proposed rulemaking (“SNPR”) on October 18, 2012. 77 FR 64055. The SNPR proposed to incorporate the voluntary standard, ASTM F2194-12, with: (1) Modifications to sections pertaining to scope and terminology and the stability test procedure, and (2) the addition of new provisions for a segmented mattress flatness test and a removable bed stability requirement. The Final Rule for Bassinets and Cradles incorporates the voluntary standard, ASTM F2194-13, by reference, with the following modifications and additions: a clarification to the scope of the bassinet/cradle standard; a change to the pass/fail criterion for the mattress flatness test; an exemption from the mattress flatness requirement for bassinets that are less than 15 inches across; the addition of a removable bed stability requirement; and a change to the stability test procedure requiring the use of a newborn CAMI dummy rather than an infant CAMI dummy. The Final Rule was published in the *Federal Register* on October 23, 2013, with an effective date of April 23, 2014.
 - On April 5, 2013, the Commission issued a notice of proposed rulemaking (“NPR”) for soft infant and toddler carriers. 78 FR 20511. The NPR proposed to adopt as a mandatory standard the current voluntary standard for soft infant and toddler carriers, ASTM F2236-13, “Standard Consumer Safety Specification for Soft Infant and Toddler Carriers” (ASTM F2236-13), without alteration. The Final Rule for soft infant and toddler carriers incorporated ASTM F2236-14, by reference, without alteration, and was published in the *Federal Register* on March 28, 2014 and became effective September 29, 2014.
 - On December 10, 2012, the Commission issued a notice of proposed rulemaking (“NPR”) for bedside sleepers (77 FR 73345). The NPR proposed to incorporate by reference the voluntary standard, ASTM F2906-12, “Standard Consumer Safety Specification for Bedside Sleepers,” with certain changes to provisions in the voluntary standard to strengthen the ASTM standard. The Final Rule incorporates ASTM F2906-13 by reference, and requires bedside sleepers to be tested to 16 C.F.R. part 1218, the Safety Standard for Bassinets and Cradles (bassinet standard). The Final Rule was published in the *Federal Register* on January 15, 2014, with an effective date of July 15, 2014.
 - On December 10, 2012, the Commission issued a notice of proposed rulemaking (“NPR”) for hand-held infant carriers. 77 FR 73354. The NPR proposed to incorporate by reference the then current voluntary standard, ASTM F2050-12,

Standard Consumer Safety Specification for Hand-Held Infant Carriers, with certain modifications to strengthen the ASTM standard. One proposed modification provided for a change in the warning label to better address suffocation and restraint-related hazards. The other proposed modification addressed the testing procedures for the carry handle auto-locking requirement and specified using an aluminum cylinder as the surrogate for the occupant of the carrier rather than a CAMI Mark II 6-month infant dummy (“CAMI dummy”). The Final Rule incorporated by reference the most recent version of the ASTM standard, ASTM F2050-13a, with one modification—a clarification of the definition of “hand-held infant carrier,” to include a specific reference to both “rigid-sided” and “semi-rigid-sided” products. The Final Rule was published in the *Federal Register* on Dec 6, 2013, with an effective date of June 6, 2014.

The following mandatory standards were revised, amended, or accepted in 2014:

- Automatic Residential Garage Door Operators, 16 C.F.R. part 1211. In 1990, Public Law 101-608 mandated that the entrapment protection provisions of UL 325 be considered a consumer product safety rule. The Commission issued regulations for GDOs that set forth the entrapment protection provisions of UL 325 in effect at that time. 16 C.F.R. part 1211. The statute provides that if UL revises UL 325, then UL must notify the CPSC and “the revision shall be incorporated in the consumer product safety rule ... unless, within 30 days of such notice, the Commission notifies the Laboratories that the Commission has determined that such revision does not carry out the purposes of [the original entrapment protection requirements].” On December 2, 2013, the Commission voted unanimously (3-0) to approve staff’s recommendation to allow the revision to Underwriters Laboratories, Inc.’s (“UL”) “Standard for Safety for Door, Drapery, Gate, Louver, and Window Operators and Systems,” UL 325, to be included in the Commission’s “Safety Standard for Automatic Residential Garage Door Operators,” 16 C.F.R. part 1211.
- Durable Infant or Toddler Products - In accordance with section 104(b) of the CPSIA, the CPSC has published consumer product safety standards for numerous durable infant or toddler products, including infant walkers, infant swings, and play yards. The standards for infant walkers and infant swings incorporated by reference the ASTM voluntary standards associated with those products, with some modifications; the standard for play yards incorporated by reference the ASTM voluntary standard for play yards, with three clarifications. In August 2011, Congress enacted Public Law No. 112–28, which sets forth a process for updating standards that the Commission has issued under the authority of section 104(b) of the CPSIA. In accordance with that process, the CPSC published direct final rules, revising the mandatory consumer product safety standards for the following voluntary standards to incorporate by reference more recent versions of the applicable ASTM standards. The ASTM revisions made the voluntary standards nearly the same as the mandatory standards that the CPSC had issued previously.
 - For infant bath seats, toddler beds, and full-size cribs, the CPSC published a final rule that incorporates by reference ASTM F1967-11a. ASTM notified us on September 25, 2013, that ASTM has revised ASTM’s infant bath seat standard again; the current ASTM standard is ASTM F1967-13. On April 20, 2011, the Commission published a final rule for toddler beds that incorporated by reference ASTM F1821-09, Standard Consumer Safety Specification for Toddler Beds, with several modifications to make the standard more stringent. On September 25, 2013, ASTM notified the Commission that ASTM has revised ASTM F1821 again and has published a new version, ASTM F1821-13. On July 31, 2012, the Commission published a final rule that incorporated

by reference the revised full-size crib standard, ASTM F1169-11, as the Commission's standard for full-size cribs. 77 FR 4542. As noted above, ASTM notified us on September 25, 2013, that ASTM again has revised ASTM's full-size crib standard; the current ASTM standard is ASTM F1169-13. The Direct Final Rule for infant bath seats, toddler beds, and full-size cribs was published in the *Federal Register* on March 28, 2014, with an effective date of September 29, 2014.

- On May 20, 2013, the Commission issued a notice of proposed rulemaking ("NPR") for carriages and strollers. 78 FR 29279. The NPR proposed to incorporate by reference the voluntary standard, ASTM 833-13, "Standard Consumer Safety Performance Specification for Carriages and Strollers," with certain changes to provisions in the voluntary standard to strengthen the ASTM standard. The Final Rule for carriages and strollers incorporated an updated version of that standard (ASTM F833-13b) and was published in the *Federal Register* on Mar 10, 2014, with an effective date of September 10, 2015.

The following mandatory Final Rules were promulgated in 2014:

- Magnet Sets. The Commission published an NPR on September 4, 2012 to address the unreasonable risk of injury associated with magnet sets. The NPR proposed a standard that would require magnets from magnet sets containing at least one magnet that fits within the CPSC's small parts cylinder to have a flux index of 50 kG² mm² or less. The proposed rule sought comment on whether the rule should include magnets sold individually that could be aggregated into a magnet set. The Final Rule modified the proposal to include individual magnets marketed or intended for the same uses as a magnet set, i.e., as a manipulative or construction item for entertainment, such as puzzle working, sculpture building, mental stimulation, or stress relief. The Final Rule published in the *Federal Register* on October 3, 2014 and became effective effective on April 1, 2015.
- The Commission approved publication of a notice of proposed rulemaking ("NPR") to revise the supplemental definition of "strong sensitizer" (proposed definition or proposed rule). 78 FR 15660 (March 12, 2013). The proposed definition of "strong sensitizer" eliminated redundancy, removes certain subjective factors, incorporated new and anticipated technology, ranked the criteria for classification of strong sensitizers in the order of importance, defines criteria for "severity of reaction," and provided for the use of a weight-of-evidence approach to determine whether a substance is a strong sensitizer. The Final Rule made some modifications based on public comment, and was published in the *Federal Register* on February 14, 2014 with an effective date of March 17, 2014.
- On June 25, 2012, the Commission published an NPR to revoke certain regulations (16 C.F.R. 1500.18(a)(5) and 16 C.F.R. 1500.47) pertaining to toy caps and toy guns not intended for use with caps, replacing them with the provisions of ASTM F963 which were assessed as more stringent than the existing regulations. Additionally, with the proposed revocation of 16 C.F.R. § 1500.18(a)(5), CPSC also proposed revoking the exemptions from the requirements of 16 C.F.R. § 1500.18(a)(5) contained in 16 C.F.R. § 1500.86(a)(6). The Final Rule codified these changes, and published in the *Federal Register* on November 7, 2013, with an effective date of December 9, 2013.

2) Voluntary Safety Standards

The CPSC issues the [Voluntary Standards Tracking and Access Report](#) (“VSTAR”) on a semi-annual basis. The report includes the objective of each standard under development, the name of the employee involved in the activity, the status of the standard, and the next step planned in the standard development process. A summary from the VSTAR FY 2014 annual report is provided below for convenience. The Web address for the report is:

<http://www.cpsc.gov//Global/Regulations-Laws-and-Standards/Voluntary-Standards/Voluntary-Standards-Reports/VoluntaryStandardsActivitiesFY2014AnnualReport.pdf>.

Thirty-six new, revised, or reaffirmed voluntary safety standards, for which CPSC staff provided monitoring or technical support, were completed during the period from October 1, 2013 to September 30, 2014. These voluntary safety standards address: stationary activity centers, batteries, bicycles (three standards), blind cords, booster seats, candles, high chairs (two standards), commercial cribs, clothes dryers (two standards), drywall, electric heaters (two standards), helmets, infant bouncers, frame infant carriers (two standards), soft infant carriers (two standards), infant sling carriers (three standards), inflatable air mattresses, nanotechnology, off-road vehicles, phthalates, soccer goals, strollers, swimming pool alarms, trampolines, tree stands (two standards), and unvented alcohol appliances.

In total, from October 1, 2013 to September 30, 2014, CPSC staff provided technical support (summarized in the VSTAR) or monitored the development of 83 voluntary safety standards activities. During FY 2014, CPSC staff’s involvement in voluntary standards focused on the voluntary standards activities associated with implementing the CPSIA, Pub .L. No.110-314. Voluntary standards development activities are handled primarily by three standards development/coordinating organizations: ASTM International (previously called the American Society for Testing and Materials), the American National Standards Institute (“ANSI”), and Underwriters Laboratories Inc. (“UL”). The standards that are developed using the procedures of these organizations provide safety provisions addressing potential hazards associated with consumer products found in homes, schools, and recreation areas.

3) Research Activities

Commission staff conducts studies and investigates deaths, injuries, diseases, and economic costs associated with consumer products. This research is used to identify hazardous products and design effective strategies to reduce product hazards. In 2014, CPSC staff conducted or participated in the following research:

ATV Annual Data Update: Staff prepared the annual report on ATV-related deaths and injuries. The report includes data on deaths by state, relative risk of death by year, and injuries distributed by year and age grouping. The report is available on the CPSC website at: www.cpsc.gov//Global/Research-and-Statistics/Injury-Statistics/Sports-and-Recreation/ATVs/2012atvannual.pdf.

Staff also prepared a report titled *Pilot Study of Fatal ATV-Related Incidents Involving Passengers*, available on the CPSC website at: www.cpsc.gov/en/Media/Documents/Research--Statistics/Injury-Statistics/Sports/ATV/A-Pilot-Study-of-Fatal-ATV-Related-Incidents-Involving-Passengers/?utm_source=rss&utm_medium=rss&utm_campaign=ATV+Injury+Statistics

Carbon Monoxide-Related Annual Updates: Staff prepared the annual report on carbon monoxide fatalities associated with consumer products. The report is available at: www.cpsc.gov//Global/Research-and-Statistics/Injury-Statistics/Carbon-Monoxide-Positioning/2010NonFireCODEathsFINAL.pdf.

Staff also completed the annual report on CO incidents associated with generators and engine-driven tools. It is available at: www.cpsc.gov/en/Media/Documents/Research--Statistics/Injury-Statistics/Non-Fire-Carbon-Monoxide/Incidents-Deaths-and-In-Depth-Investigations-Associated-with-Non-Fire-Carbon-Monoxide-from-Engine-Driven-Generators-and-Other-Engine-Driven-Tools/?utm_source=rss&utm_medium=rss&utm_campaign=Carbon+Monoxide+Injury+Statistics.

Chemical Toxicity Assessments: Staff continued to study emissions from spray polyurethane foam insulation through an interagency agreement with the National Institute of Standards and Technology (“NIST”). In 2014, staff continued to study emissions from spray polyurethane foam insulation through an interagency agreement with the National Institute of Standards and Technology; served as Co-Chair of the ICCVAM Skin Sensitization Working Group, which wrote a criteria document for evaluating international tests as well as developed and evaluated an Integrated Testing Strategy for skin sensitization based on the OECD Adverse Outcome Pathway (“AOP”) for skin sensitization; and gave four presentations on skin sensitization and adverse outcome pathways at scientific meetings.

Cook Tops: Staff issued a contractor report for follow-up testing on an experimental control system for gas-fueled cooktops that was designed to limit the maximum attainable pan temperature to reduce the likelihood of food fires. The report verified that the experimental control system was effective in preventing oil from being heated to ignition in a pan.

Fireworks: Staff released its annual report on deaths and injuries associated with fireworks. The report, *2013 Fireworks Annual Report, Fireworks-Related Deaths, Emergency Department-Treated Injuries, and Enforcement Activities During 2013*, is available on the CPSC website at: www.cpsc.gov/en/Media/Documents/Research--Statistics/Injury-Statistics/Fuel-Lighters-and-Fireworks/2013-Fireworks-Annual-Report/?utm_source=rss&utm_medium=rss&utm_campaign=Fuel%2c+Lighters+and+Fireworks+Injury+Statistics.

Staff also reviewed voluntary standards and scientific literature, constructed testing chambers and carried out preliminary testing to develop alternate test methods to measure the energy release of aerial fireworks.

Firepots: Staff continued characterization work on firepots and fuels intended to be used with firepots to support developing a notice of proposed rulemaking (“NPR”).

Furniture and Television Tool-Less Installation of Anchors and Restraints: During 2014, staff continued an evaluation of several tool-free anchoring strategies using materials that do not require tools for installation and/or do not damage walls. The goal of this strategy is to increase the likelihood that consumers will be able to install anchors on their furniture and televisions.

Lead in Paint and Substrate Materials: Staff continued to study the applicability of different types of x-ray fluorescence (“XRF”) for measuring lead in paint and substrate materials.

Nanotechnology:

Airborne Nanoparticles from Consumer Products: Researchers from the National Institute for Standards and Technology (“NIST”) completed a final report on testing to determine the release of nanoparticles into indoor air from a range of paints and coating materials. This project is the second phase of an initial agreement signed in 2011, and the project will meet an important objective in developing methods to distinguish engineered nanoparticles from nanoparticles that may be produced incidentally in the home. A final report for the 2011 phase of this research project has been completed, and CPSC has received an interim report describing the results of the 2012 phase 2 study. In 2014, NIST submitted a report to CPSC staff outlining new approaches for abrading products and conducts chamber measurements for airborne particles. NIST researchers are working with the ASTM Committee E56 on Nanotechnology to incorporate test methods into the voluntary standards that were developed from their efforts.

Carbon Nanotubes in Consumer Products: NIST, under a Memorandum of Understanding (“MOU”) with the CPSC, continued its testing of selected consumer products containing nanotubes. This work is also being used to support the International Life Sciences Institute (“ILSI”) Nanorelease project that is developing methods to test the release of carbon nanotubes from a variety of product matrices. In 2014, NIST submitted an interim report outlining the research plans for this project to CPSC staff.

Enhancement of the National Library of Medicine (“NLM”) Household Products Database: The National Library of Medicine (“NLM”), under an existing MOU with the CPSC, continued its efforts to identify approaches to enhance the Household Products Database (“HPD”) and its associated websites. Through the work conducted under the MOU, NLM is developing information that will provide consumers and scientists with knowledge about the uses of nanomaterials in products and the health effects of nanoparticles. The information can be found at the following links: toxtown.nlm.nih.gov/text_version/chemicals.php?id=67 and sis.nlm.nih.gov/enviro/nanotechnology.html. The website continues to be updated with new information for the general public on the use and implications of nanotechnology.

Nanomaterials in Consumer Products (Exposure and Risk Assessment): Staff continued to support work involving an interagency agreement (“IAG”) among the National Science Foundation (“NSF”), the U.S. EPA, and the CPSC. The NSF, in collaboration with NIST, completed a review of studies related to previous findings and experimental procedures for

quantifying release of, and exposure to, nanomaterials from treated products. A draft model that can quantify risks from nanomaterials is under development and review. In 2014, the staff received an interim report characterizing the results of the testing of the nanocomposites. The NSF and EPA funded Duke Center for the Environmental Implications of NanoTechnology (“CEINT”) is using the results of this study in the development of a computer model to predict the potential health effects of nanomaterials.

Nanomaterials in Aerosol Products: The National Institute for Occupational Safety and Health (“NIOSH”) completed a manuscript describing the results of an investigation into nanoparticles incorporated into inks and toners used in home office equipment. The abstract and manuscript are located at this link:

informahealthcare.com/doi/abs/10.3109/08958378.2014.908987. NIOSH conducted this testing and the testing included quantification of the concentrations and characteristics of airborne nanoparticles released during use. The success of this project has resulted in additional studies, and an interim report outlining the progress was submitted to the CPSC staff in 2014. Additional work related to this study that investigated the potential health effects of nanoparticles was published in 2014. The abstract can be found at this link: www.ncbi.nlm.nih.gov/pubmed/25387250.

Nanomaterials in Products and Public Health: The NSF completed an interim report on the results of a study on the release of nanomaterials from clothing during consumer-use scenarios. The study was conducted under an IAG with the NSF. In 2014, NSF submitted to CPSC staff an annual interim report describing the progress of the research. In 2012, the staff signed an IAG with the U.S. EPA to evaluate the release of nanoparticles from wood products. In 2014, EPA released a report outlining this research and can be found at this link: nepis.epa.gov/Exe/ZyPDF.cgi?Dockey=P100LJWI.txt.

Nanosilver in Consumer (Children’s) Products: Work based on research begun in 2012 continued. In 2012, scientists at the Environmental Protection Agency (“EPA”) and Virginia Tech completed a draft report on the use of nanosilver in selected consumer products. Research confirmed the presence of silver nanoparticles in a wide range of consumer products primarily used by children. A manuscript describing the results of these studies and the abstract can be found at this link: pubs.acs.org/doi/abs/10.1021/es4015844. In 2013, scientists from EPA and Virginia Tech developed a second manuscript about the use of nanosilver in selected consumer products, and the second manuscript was under agency review as of September 30, 2013. This manuscript, published in 2014, and the abstract is available at this link: www.maneyonline.com/doi/abs/10.1179/2049396714Y.0000000070. Staff is working with ASTM to incorporate the work from this manuscript into a voluntary standard to measure nanosilver released from textiles. In 2012, CPSC staff signed an interagency agreement with the U.S. Food and Drug Administration (“FDA”) to identify releases of nanosilver and other nanomaterials from various food contact products. In 2014, FDA developed a draft manuscript describing the work completed as part of this agreement.

Nanotechnology Annual Data Update: Staff purchased reports describing the commercialization of nanomaterials and updated the internal database of products that contain nanomaterials. CPSC staff summarized this information in a draft annual update that also includes a summary of staff activities related to nanotechnology. Following a meeting of the International Life Sciences Institute (“ILSI”) Nano Release Consumer Products Project, hosted by CPSC staff in 2012, CPSC, in collaboration with NIST staff, will conduct testing and methods development activities that are part of an international effort led by the ILSI steering committee. In 2014, NIST staff submitted an interim report describing the research plan for the product analysis to CPSC staff.

Nanotechnology Research (Nanomaterial Exposure, Risk, and Consumer Products): Lead research scientists from Duke and Rutgers Universities completed a status report on a collaborative research effort among the EPA and similar agencies within the United Kingdom to develop research to quantify nanomaterial exposure to consumers and to develop risk models to predict potential health effects. The researchers are part of an international team whose collaboration is serving as a model for systematically addressing complex problems associated with nanoparticle risk assessment. CPSC staff supported this research effort, which began in 2012. In 2014, CPSC staff received an interim report on the status of the project and the preliminary results of the investigation.

Nursery Products Annual Update: Staff completed its report on nursery product-related injuries and deaths to children under age 5. The report, *Injuries and Deaths Associated with Nursery Products Among Children Younger than Age Five*, is located on the CPSC website at: www.cpsc.gov/en/Media/Documents/Research--Statistics/Injury-Statistics/Toys/Nursery-Products/Injuries-and-Deaths-Associated-with-Nursery-Products-Among-Children-Younger-than-Age-Five/?utm_source=rss&utm_medium=rss&utm_campaign=Nursery+Products+Injury+Statistics.

Phthalates and Phthalate Substitutes: CPSC staff continued to provide administrative support for the Chronic Hazard Advisory Panel (“CHAP”) on phthalates. In July 2014, the CHAP transmitted its final report to the Commission. That report is available on the CPSC website at: <http://www.cpsc.gov/pagefiles/169902/chap-report-with-appendices.pdf>.

Pool Submersion Annual Data Update: Staff completed the report, *Pool or Spa Submersion: Estimated Injuries and Reported Fatalities, 2014 Report*, and the report can be found on the CPSC’s website at: www.cpsc.gov/en/Media/Documents/Research--Statistics/Injury-Statistics/Sports/Pool-Drowning/Pool-or-Spa-Submersion-Estimated-Injuries-and-Reported-Fatalities-2014-Report/?utm_source=rss&utm_medium=rss&utm_campaign=Pool+Injury+Statistics

Staff also completed the report, *2009–2013 Reported Circulation/Suction Entrapments Associated with Pools, Spas, and Whirlpool Bathtubs, 2014 Report*, and the report is available on the CPSC website at: www.cpsc.gov/en/Media/Documents/Research--Statistics/Injury-Statistics/Sports/Pool-Drowning/2009-2013-Reported-CirculationSuction-Entrapment-Incidents-Associated-with-Pools-Spas-and-Whirlpool-Bathtubs-2014-Report/?utm_source=rss&utm_medium=rss&utm_campaign=Pool+Injury+Statistics.

Portable Generators: Staff requested formation of a UL working group and made recommendations to address CO hazard posed by portable generators: www.cpsc.gov/Global/Regulations-Laws-and-Standards/Voluntary-Standards/Portable-Generators/CPSCstafflettertoULdatedJan142014.pdf. UL agreed to form a Task Group, which staff joined and participated in the group’s activities. Staff also released a report from the University of Alabama titled, *Advanced Algorithm Development and Implementation of Enclosed Operation Detection and Shutoff for Portable Gasoline-Powered Generators*, and the report can be found on the CPSC website at: www.cpsc.gov/Global/Research-and-Statistics/Technical-Reports/Home/Portable-Generators/UAFinalReport-AdvancedAlgorithmDevelopmentandImplementation.pdf. Staff also continued to develop information to support a notice of proposed rulemaking for portable generators.

Recreational Off-Highway Vehicles (“ROVs”): CPSC staff continued testing that began in 2012 and developed materials in support of a notice of proposed rulemaking for ROVs. Staff also made efforts in 2014 to address occupant protection and rollover propensity through voluntary standards activities, www.cpsc.gov/Global/Regulations-Laws-and-Standards/Voluntary-Standards/ROHVA/020614signedResponseletterfromCPSCstafftoROHVA112713letter.pdf and www.cpsc.gov/Global/Regulations-Laws-and-Standards/Voluntary-Standards/ROHVA/052314signedCommentLettertoROHVACanvassDraft03032014.pdf.

In 2014, staff issued a report, *Repeatability of J-Turn Testing of Four Recreational Off-Highway Vehicles*, www.cpsc.gov/Global/Research-and-Statistics/Injury-Statistics/Sports-and-Recreation/ATVs/SEAReporittoCPSCRepeatabilityTestingSeptember%202013.pdf.

Senior Hazards: Staff completed the report, *Hazard Screening Report, Consumer Product-Related Injuries to Persons 65 Years of Age and Older*. The report was posted on the CPSC’s website and is available at: <http://www.cpsc.gov/Global/Research-and-Statistics/Injury-Statistics/Older%20Adults/SeniorHazardsSketch2013.pdf>.

Table Saws: Staff continued to work with Underwriters Laboratories in developing requirements to address blade contact injuries.

Television and Furniture Tip-Over: Staff completed the report, *Product Instability or Tip-Over Injuries and Fatalities Associated with Televisions, Furniture, and Appliances: 2014 Report*. The report was posted on the CPSC’s website and is available at: www.cpsc.gov/en/Media/Documents/Research--Statistics/Injury-Statistics/Furniture-and-Decor/Tipover/Product-Instability-or-Tip-Over-Injuries-and-Fatalities-Associated-with-Televisions-Furniture-and-Appliances-2000-through-2013/?utm_source=rss&utm_medium=rss&utm_campaign=Tipover+Injury+Statistics.

Toys Annual Update: Staff completed the report, *Toy-Related Deaths and Injuries, Calendar Year 2013*. The report was posted on the CPSC’s website, coinciding with a public safety announcement about toys, and is available at: www.cpsc.gov/en/Media/Documents/Research--Statistics/Injury-Statistics/Toys/Toys/Toy-Related-Deaths-and-Injuries-for-2013/?utm_source=rss&utm_medium=rss&utm_campaign=Toy+Injury+Statistics.

Compliance and Enforcement

The CPSC learns about potential product defects and risks from many sources, including incident reports, consumer complaints, the agency's Hotline, and SaferProducts.gov. In addition, firms are required legally to report to the Commission potential product defects, hazards or violations of standards. The Commission works with companies to remove products from the marketplace when they violate mandatory safety standards or have a defect which creates a substantial risk of injury. This section presents:

- Voluntary recall orders taken by importers or manufacturers;
- Letters of Advice to importers and manufacturers; and
- Commission determinations and judicial actions.

1) Voluntary Recall Orders Taken by Importers or Manufacturers: Through investigations of potential product defects, CPSC headquarters and field staff identify defective products not covered by regulations. In addition, firms, by law, are required to report potential product hazards or violations of standards to the Commission. When a recall is necessary, Compliance staff negotiates with the responsible firm. In 2014, CPSC staff completed 387 cooperative recalls (100 percent voluntary) of products that either violated mandatory standards, or were defective and presented a substantial risk of injury to the public. If a firm refuses to recall a product voluntarily, the CPSC may file an administrative complaint seeking to require a recall. This section lists the voluntary recalls announced in 2014 that companies performed to address possible hazards.

The CPSC developed the Fast-Track program to streamline the process of recalls for firms willing and prepared to recall their products quickly. Because every defective product could present a risk of injury or death, removing hazardous products from the marketplace faster can prevent more injuries and save lives. In 2014, 211 of the total 387 recalls were under the Fast-Track program. Recalls under the Fast-Track program are conducted without the need for time-consuming hazard analyses. In 2014, Fast-Track recalls were initiated within 20 days of a firm's report to the CPSC 100 percent of the time.

2) Letters of Advice to Importers or Manufacturers: For products regulated by the CPSC, the Commission issues a Letter of Advice ("LOA") when staff identifies a violation of a mandatory standard. LOAs advise the company of the violation and the nature of the necessary corrective action (to correct future production ("CFP"); to stop sale and CFP; or to recall, stop sale, and CFP). This section lists the LOAs sent to importers and manufacturers in 2014, where the Commission received a response from the company confirming the violation and the Commission decided that the company voluntarily completed corrective action to remedy the hazard.

Commission Determinations and Judicial Actions: When companies knowingly fail to report potential product hazards or violations of standards to the Commission, as required by law, the CPSC can seek civil penalties in U.S. courts. In 2014, the CPSC negotiated out-of-court settlements in which three companies voluntarily agreed to pay \$4.425 million in civil penalties to the U.S. Treasury. On May 14, 2014, the government filed a consent decree of civil penalty and permanent injunctive relief requiring payment of a civil penalty of \$750,000 and injunctive relief that includes compliance measures. On May 14, 2014, U.S. District Judge J. Randal Hall issued an order that the consent decree constitutes a final judgment and order.

- 3) Other tools used for enforcement may include civil actions under either section 12 or section 15 and pursuing criminal cases, where appropriate. Enforcement and litigation activities are listed in several tables in this section of the report.

1) Voluntary Recall Actions Taken by Importers or Manufacturers

Headquarters and field staff identifies defective products not covered by regulations through their investigations of potential product defects. In addition, firms are required by law to report to the Commission about potential product hazards or violations of standards. When a recall is necessary, Compliance staff negotiates with the responsible firm. In 2014, CPSC staff completed 387 cooperative recalls (100 percent voluntary) of products that either violated mandatory standards or were defective and presented a substantial risk of injury to the public. If a firm refuses to recall a product voluntarily, the CPSC may file an administrative complaint seeking to require a recall. This section lists the voluntary recalls announced in 2014 that were performed by companies to address possible hazards.

For more detail, visit the electronic version of this document at:

<http://www.cpsc.gov/Global/About-CPSC/Reports/Annual-Reports/FY14AnnualReport.pdf>
to follow the link heading each summary.

October 2013

[Schneider Electric Recalls APC Surge Protectors Due to Fire Hazard](#)

This recall involves APC 7 and 8 series SurgeArrest surge protectors manufactured before 2003. The surge protectors can overheat, smoke and melt, posing a fire hazard.

[Trail Crest Recalls Children's Hooded Sweatshirts Due to Strangulation Hazard](#)

This recall involves Trail Crest brand boys and girls hooded sweatshirts sold in sizes x-small, small and medium. The hoodies and jackets have drawstrings through the hood or neck that pose a strangulation hazard to young children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[InfiniToy Recalls Softimals Toy Sets Due to Choking and Aspiration Hazard](#)

InfiniToy Inc. is recalling the Super Safari Set model #30025 and the Deluxe Circus Train Set model #30040. The plastic hats found on play set figures pose a choking/aspiration hazard for children.

[Crate and Barrel Recalls Finley Hanging Pendant Lamps Due to Fire and Shock Hazards](#)

This recall includes Crate and Barrel Finley Collection pendant lamps with a white or wheat (off-white) linen, large, small drum, or rectangular lamp shade. The lamp's wires can be connected incorrectly because the wires' polarity labels can fall off or be mislabeled, posing fire and shock hazards to consumers.

[Emerson Air Comfort Products Recalls Tommy Bahama Outdoor Ceiling Fans Due to Risk of Injury](#)

This recall involves Tommy Bahama-brand, 52-inch outdoor ceiling fans sold under the "The Copa Breeze" style name. The brackets holding the fan blades can break and cause the blades to fall, posing a risk of injury to bystanders.

[Target Recalls Children's Sitting Stools Due to Fall Hazard](#)

This recall involves children's sitting stools, sold as part of the Circo-brand Chloe and Conner Collection. The stabilizing bar can crack and cause the stool to collapse, posing a fall hazard to the user.

[BreathableBaby Recalls Wearable Blanket Due to Choking Hazard](#)

The BreathableBaby BreathableSacks are sleeveless, wearable blankets. The zipper pull tabs and sliders can detach, posing a choking hazard to infants.

[American Honda Recalls Foreman ATVs Due to Crash Hazard \(Recall Alert\)](#)

This recall involves four-wheel drive 2012 and 2013 Honda FourTrax TRX500 Foreman ATV models FE and FM. The ATV's steering shaft can break unexpectedly and cause the rider to lose steering control and crash. This poses a risk of injury or death to riders.

[Southern Telecom Recalls A/C Adaptors for Polaroid Internet Tablets Due to Fire Hazard; Sold Exclusively at Big Lots](#)

The recalled adaptor, also commonly referred to as a charger, was included with the Polaroid PMID709 7-inch Internet tablet (also known as the PMID709KB). The adaptors can overheat, posing a fire hazard.

[HeathCo Recalls Motion-Activated Outdoor Lights Due to Electrical Shock Hazard](#)

This recall includes multiple Heath®/Zenith Motion Activated Outdoor Lights used for porch lighting. The internal fixture wiring can energize the entire surface and fittings of the fixture, posing an electrical shock hazard.

[Snoopy Sno-Cone Machines Recalled by LaRose Industries Due to Risk of Mouth Injury](#)

This recall involves Cra-Z-Art Snoopy Sno-Cone Machines with one of three batch numbers BCH003005A28-0812, BCHTRU001A17-0812, or BCHTRU004A16-0712 printed on the back of the white plastic doghouse and on the side of the box. A brass rivet can fall out of the sno-cone machine's ice-shaving cylinder and into a sno-cone, posing a risk of injury to the mouth or the teeth.

[Calphalon Recalls Blenders Due to Injury Hazard](#)

This recall involves Calphalon XL 9 speed blenders, model 1832449, also identified as model ME600BL. A piece of the blender's mixing blade unit can break off during use, posing an injury hazard.

November 2013[Cooper Crouse-Hinds Recalls Ceiling Boxes Designed to Support Ceiling Light Fixtures Due to Impact Hazard](#)

This recall involves five models of Cooper Crouse-Hinds non-metallic, polycarbonate ceiling boxes with manufacturer or part numbers TP16002, TP16022, TP16023, TP16122 and TP16307. The ceiling box can crack, causing the light fixture to fall from the ceiling, posing an impact hazard to consumers.

[One World Technologies Recalls Ryobi Battery Chargers Due to Fire and Burn Hazards](#)

This recall involves Ryobi model P113 dual-chemistry battery chargers designed for use with both NiCd and Li-Ion portable power tool batteries. The chargers can malfunction, posing fire and burn hazards to consumers.

[LED Candelabra Lights Recalled by Infinity Green Products Due to Fire Hazard \(Recall Alert\)](#)

The candelabra light bulbs come with a universal adaptor and look like a standard candle light bulb. The bulbs can overheat and catch fire, posing a fire hazard.

[Vans Recalls Boy's Hooded Jackets with Drawstrings Due to Strangulation Hazard](#)

This recall involves Vans' AV Edict hooded jackets for boys. The jackets have drawstrings in the hood around the neck area that pose a strangulation hazard to young children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Wood Castle Furniture Recalls Bunk Beds Due to Entrapment Hazard](#)

This recall involves Riley Duo model bunk beds with model number C 5702, E 5702 or M 5702. The openings between the guardrails on the bunk bed can exceed 3½ inches in width, which is too wide and does not meet safety standards. This presents an entrapment hazard where a child could be seriously injured or become asphyxiated.

[L.L. Bean Girl's Pajamas Recalled Due to Violation of Federal Flammability Standard](#)

The recall includes Girl's or Little Girl's jersey knit aurora purple pajama sets sold by L.L. Bean. The pajama sets fail to meet the federal flammability standard for children's sleepwear, posing a risk of burn injuries to children.

[Children's Pajamas Recalled by Babycottons Due to Violation of Federal Flammability Standard](#)

This recall involves Babycottons' children's 100% cotton nightgowns sold in sizes 24 months through toddler size 6. The nightgowns fail to meet federal flammability standards for children's sleepwear, posing a risk of burn injuries to children.

[Dream On Me Recalls Cradle Gliders Due to Infant Fall Hazard](#)

This recall involves the Lullaby Cradle Glider manufactured by Dream On Me Inc. The mattress support board can fall out or slide out from the bottom of the cradle glider, posing a risk that babies can fall out and suffer injuries.

[Nantucket Distributing Recalls Clay Bowl Outdoor Fireplaces Due to Impact and Burn Hazards](#)

The product is an outdoor fireplace made of clay and steel. When fire is lit, pieces of the clay fireplace bowl can blow off of the bowl, posing impact and burn hazards.

[Club Car Recalls Golf and Transport Vehicles Due to Crash Hazard \(Recall Alert\)](#)

The recalled vehicles include various sizes, models and colors of model year 2013 Precedent golf and transport vehicles used for short-distance transportation. Improper assembly can cause the front wheel spindles to crack, causing the wheel to become loose affecting the steering, posing a crash hazard.

[Step2 Recalls Ride-On Wagon Toys Due to Fall Hazard; Sold Exclusively at Toys R Us](#)

This recall involves Step2® Whisper Ride Touring Wagons. The removable blue seat backs can detach and allow the child in the wagon to fall out, posing a fall hazard.

[Viking Recalls Built-In Side-by-Side Refrigerator Freezers with In-Door Dispensers Due to Fire Hazard](#)

This recall involves Viking 42-inch and 48-inch, built-in, side-by-side refrigerator freezers with in-door water and ice dispensers. Electrical connectors in the refrigerator freezer wiring harness can overheat, posing a fire hazard.

[Baja Motorsports Recalls Mini Bikes Due to Fall, Crash Hazard](#)

This recall involves Baja Motorsports MB200 gas-powered mini bikes manufactured from August 2010 through August 2012. The front fork can separate from the wheel, posing fall and crash hazards to riders.

[Children's Pajamas Recalled by The Bailey Boys Due to Violation of Federal Flammability Standard](#)

This recall involves The Bailey Boys' children's 100 percent cotton loungewear pants, sold in sizes toddler 2 through boys' 12. The pajama pants fail to meet federal flammability standards for children's sleepwear, posing a risk of burn injuries to children.

[ElliptiGO Recalls Elliptical Cycles Due to Fall Hazard](#)

The ElliptiGO 3C, 8C, and 11R models are outdoor elliptical cycles used by adults for exercise. The front fork on the ElliptiGO cycles can separate, and the drive arm axles can detach during use, posing a fall hazard.

[Angelcare Recalls to Repair Movement and Sound Baby Monitors After Two Deaths Due to Strangulation Hazard](#)

The U.S. Consumer Product Safety Commission (“CPSC”), in cooperation with Angelcare Monitors Inc.®, of Quebec, Canada, is announcing a voluntary recall to provide cord covers for 600,000 Angelcare Movement and Sound Monitors with Sensor Pads. The cord attached to the baby monitor’s sensor pad is placed under the crib mattress, which poses a strangulation risk if the child pulls the cord into the crib and the cord becomes wrapped around the child’s neck.

[Cuisinart Recalls Food Processors Due to Laceration Hazard](#)

This recall involves nine models of Cuisinart food processors, including, MFP-107, MFP-107BC, MFP-107BCWS, MFP-107BK, MFP-107BKWS, MFP-107DCWS, MFP-107MGSLT, MFP-107MR or MFP-107WS. The reversible slicing/shredding disc can loosen when in use, and the blade can strike and break the food processor’s cover. The cover’s broken plastic pieces can hit consumers, posing a laceration hazard.

[Avalanche Airbags Recalled by Backcountry Access Due to Risk of Injury](#)

This recall involves BCA Avalanche airbags, models Float 18, 22, 30, 32, 36 and Throttle. The trigger assembly can fail, resulting in the airbag not deploying, and posing a risk of death and injury in the event of an avalanche.

[American Boy and Girl Recalls Infant Sandals Due to Choking Hazard; Sold Exclusively at Meijer Stores](#)

This recall involves infant girl sandals sold under the Falls Creek Baby brand. The top strap can be pulled loose from the shoe, posing a choking hazard to the child.

[Little Willy’s Recalls Hooded Sweatshirts Due to Strangulation Hazard](#)

This recall involves Little Willy’s brand children’s hooded sweatshirts sold in sizes XS (2 years), S (3 years), M (4-5 years), L (6-7 years), XL (8-9 years) and XXL (10 years). The hoodies have drawstrings through the hood or neck, which pose a strangulation hazard to young children. In February 1996, CPSC issued guidelines about drawstrings in children’s upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation.

[Burley Design Recalls Tailwind Racks for Trailercycles Due to Fall Hazard](#)

The Tailwind Racks are used for hitching children’s trailercycles to adult-size bicycles. The top portion of the tailwind rack that connects trailercycles to a towing bicycle can break and allow the trailercycle to disconnect, posing a fall hazard.

December 2013

[Crown Boiler Recalls Home Heating Boilers Due to Carbon Monoxide Hazard](#)

This recall involves Crown Boiler CWD series cast iron hot water boilers that use natural gas or liquid petroleum to heat water in home baseboard, floor, or radiator heating systems. The air pressure switch can fail to shut down the burners if there is a blockage in the vent system, which allows the boiler to emit excessive amounts of carbon monoxide, posing a CO poisoning hazard to the consumer.

[L&F International Trade Recalls Renovated Mattresses Due to Violation of Federal Mattress Flammability Standard](#)

This recall involves LandF International Trade’s renovated (rebuilt) twin, full, queen and king-size mattresses and mattresses with foundations. The mattresses fail to meet the mandatory federal open-flame standard for mattresses, posing a fire hazard to consumers.

[K2 Sports Recalls Kickboards/Scooters Due to Fall Hazard](#)

This recall involves K2 Revo Kick kickboards/scooters with item code I10700100. The front assembly of the kickboards/scooters can break, and the handle can detach or partially detach, causing loss of control or loss of balance. This poses a fall hazard to the rider.

[SRAM Recalls Derailleurs for Bicycles Due to Fall Hazard](#)

The SRAM RED WiFLi Rear Derailleur is a device that moves bicycle chain gears on the rear wheel. The rear derailleur's rear pivot pin can loosen or dislodge, causing the rear derailleur to jam or interfere with the wheel, posing a fall hazard.

[Manhattan Group Recalls Baby Rattles Due to Choking Hazard](#)

This recall includes the Manhattan Toy® Quixel™ baby rattle. The colored arches can break, creating a small part, which poses a choking hazard to small children.

[Wearever Girl's Hooded Jacket Sets Recalled by David's Place Due to Strangulation Hazard; Sold Exclusively at Burlington Coat Factory](#)

This recall includes Wearever Girl brand long sleeve zip-up, 100 percent cotton hooded jackets, sold as a set with brown pants. The girl's jackets sold with the set have drawstrings through the hood, which pose a strangulation hazard to young children. In February 1996, CPSC issued guidelines for children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Denver Global Products Recalls Multi-Purpose Yard Vehicles Due to Laceration, Fire Hazards; Sold Exclusively at Lowe's Stores \(Recall Alert\)](#)

The recalled products are Raven multi-purpose yard vehicles manufactured between December 26, 2012 and May 7, 2013. The mower blades can detach during use or start without being activated by the operator, and the vehicle can move forward unexpectedly, posing a laceration hazard. Additionally, the fuel lines can leak, posing a fire hazard.

[Academy Sports + Outdoors Recalls Girls BCG Hooded Windsuits Due to Strangulation Hazard](#)

This recall involves Girl's BCG Hooded Windsuits in sizes XS, S, M and L. The hooded windsuits have drawstrings in the hood around the neck area that pose a strangulation hazard to young children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Linear Recalls Personal Emergency Reporting System Transmitters Due to Battery Signal Failure](#)

The recalled Linear PERS transmitters are components of Linear PERS products and allow users to push a button on the transmitter to summon assistance. The battery clips in the transmitters can corrode causing the transmitters to operate intermittently, or not at all, without generating a warning.

[Exmark Recalls Commercial Walk-Behind Mowers Due to Injury Hazard](#)

This recall involves 2013 Exmark Commercial 30" Walk-Behind Mowers, model ECKA30 and serial numbers ranging from 313605897 to 313660824. The mower's blade can break and injure the user and others nearby.

[Toro Recalls TimeMaster and TurfMaster Lawn Mowers Due To Injury Hazard](#)

This recall involves 2013 Toro TimeMaster 30" and 2013 Toro TurfMaster 30" lawn mowers with the following model and serial numbers: Model number 20199 with serial numbers ranging from 313000101 to 313020271; model number 20200 with serial numbers ranging from 313000101 to 313007366; and, model number 22200 with serial numbers ranging from 313000101 to 313007146. The mower's blade can break and injure the user and others nearby.

[Gas Trimmers Recalled by efco Due to Fire Hazard](#)

The trimmers are used in both residential and professional applications for cutting grass and light brush. The muffler on the trimmer's engine can break during use and pose a fire hazard.

[PackTite Recalls Bed Bug Heating Units Due to Fire Hazard](#)

This recall involves PackTite bed bug heating units sold with PackTite™ original bed bug treatment systems. The bed bug heaters can overheat, melt and cause a fire, posing a fire hazard.

[Solowave Recalls Home Playground Tube Slides with Port Holes Due to Laceration Hazard](#)

This recall involves Solowave Tornado brand home playground tube slides with port holes. The plastic port hole-type windows in the tube slide can break, posing a laceration hazard to children.

[Ram's Imports Recalls Girl's Pink Leopard Jackets Due to Strangulation Hazard; Sold Exclusively at Burlington Coat Factory](#)

This recall involves girl's pink hooded jackets. The jackets have a drawstring through the hood, which can pose a strangulation hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[IKEA Recalls Children's Wall-Mounted Lamps Due to Strangulation Hazard; One Child Death Reported](#)

The U.S. Consumer Product Safety Commission ("CPSC"), in cooperation with IKEA North America, of Conshohocken, Pa., is announcing the recall for repair of children's wall-mounted lamps due to a strangulation hazard. A 16-month-old child in a crib died after getting entangled in the lamp's cord. In a separate incident, a 15-month-old child in a crib became entangled in the lamp's cord and nearly strangled. In both incidents, which occurred in Europe, the lamp cord was pulled into the crib by the infants, creating a strangulation hazard.

[Shaw Industries Recalls Carpet Due to Fire Hazard; Sold Exclusively at Lowe's Stores](#)

The recall involves Aristocrat II brand wall-to-wall carpet with style number 7L514. The carpet fails to meet federal flammability standards, posing a fire hazard to consumers.

[Thirteen Retailers Recall 32" Coby Flat Screen Televisions Due to Fire and Burn Hazards](#)

This recall involves black Coby 32-inch flat screen televisions with model number TFTV3229 and serial numbers beginning with LG and that have M07 or M10 in the 9th, 10th and 11th position of the serial number. An electronic component can fail, catch fire and ignite nearby items, posing fire and burn hazards.

[Trek Recalls Madone Bicycles Due to Crash Hazard; Front Brake Can Fail](#)

This recall involves model year 2013 Trek Madone bicycles with model number 5. The bicycle's front brake can fail, posing a crash hazard.

[Doodlebutt Recalls Jelly BeadZ Jumbo BeadZ and Magic Growing Fruity Fun Toys Due to Serious Ingestion Hazard](#)

This recall involves Doodlebutt Jelly BeadZ Jumbo BeadZ and Magic Growing Fruity Fun water-absorbing polymer toys. These soft and colorful products can be mistaken for candy by a child. When swallowed, the toy can expand inside a child's body and cause intestinal obstructions, resulting in severe discomfort, vomiting, dehydration and life-threatening injuries. Similar toys have not shown up on x-rays and needed surgery to be removed from the body.

[Hobby Lobby Stores Recalls Accent Chairs Due to Risk of Injury](#)

This recall involves black wooden accent chairs with a shaped wood top rail and center back slat. The front legs on the chair can loosen and detach, posing a fall hazard and risk of injury to the consumer.

[Mirage Fashions Recalls Yoki Girl's Faux Leather Jackets with Drawstrings Due to Strangulation Hazard; Sold Exclusively at Burlington Coat Factory](#)

This recall involves girl's hooded faux leather jackets with a zipper-front closure and bearing a Yoki Girl's label at the neck. The jackets have a drawstring through the hood, which can pose a strangulation hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Seasonal Specialties Recalls Pre-lit Christmas Trees Due to Fire, Burn and Shock Hazards; Sold Exclusively at Menards](#)

This recall involves the Twinkling Pine pre-lit artificial Christmas trees sold under the Enchanted Forrest brand. The electrical components of the tree's light strings can overheat and melt, posing fire, burn, and shock hazards to consumers.

[Wahl Recalls Total Care Aerosol Cleaner Due to Burn Hazard](#)

This recall involves Wahl Total Care products used to clean and lubricate hair clippers, trimmers and shavers. Vapors from the propellant in the Total Care product can ignite upon contact with hair clippers, posing a burn hazard to consumers.

[Google and HP Recall HP Chromebook 11 Chargers Due to Fire and Burn Hazards; Charger Can Overheat and Melt](#)

This recall involves chargers that were sold with the HP Chromebook 11. The computer's charger can overheat and melt, posing fire and burn hazards.

[Fox Factory Recalls Evolution Mountain Bike Suspension Forks Due to Fall Hazard](#)

The recalled suspension forks are model year 2013, 32 and 34 Evolution Series with 120mm to 160mm of travel. The suspension fork's damper cylinder/piston can separate and cause the front wheel to detach, posing a fall hazard.

[Libbey Glass Recalls Cocktail Glasses Due to Laceration Hazard](#)

This recall involves Bristol Valley, model 8555SR, cocktail glasses with sheer rims. The glasses can break unexpectedly, posing a laceration hazard.

[Red Wing Shoes Recalls Steel Toe Work Boots Due to Impact Hazard](#)

This recall involves 45 styles of Red Wing men's steel toe work boots in sizes 11 to 18 and widths ranging from B to H, depending on the size and style. The steel toe cap in the boots could fail to protect the wearer's feet in an impact.

[Browning Recalls Junior Hoodie Due to Strangulation and Entrapment Hazard; Sold Exclusively at Academy Sports+Outdoors](#)

This recall includes hooded Buckmark junior sweatshirts in sizes S, M, L and XL. The hooded sweatshirts have drawstrings around the neck area that pose a strangulation or an entanglement hazard to young children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Playtex Recalls Hip Hammock Infant Carriers Due to Fall Hazard](#)

The Playtex Hip Hammock is an infant carrier designed to strap the baby against the caregiver's body at the hip. The buckles on the waist and shoulder straps can crack or break, posing a fall hazard to the child.

[Cubetensils Children's Eating Utensils Recalled by Edoche Due to Choking Hazard](#)

This recall involves Edoche's Cubetensils, which are sets of children's eating utensils. The utensils' handle can detach, posing a choking hazard to infants.

[Candle Ring Recalled by Yankee Candle Due to Fire Hazard](#)

The recalled decorative pine berry candle ring goes around the base of a candle and is made of synthetic green foliage with synthetic red berries and pinecones. The candle rings' synthetic foliage and berries are flammable, posing a fire hazard.

[Landscape Structures Recalls Oodle Swings Due to Injury Hazard \(Recall Alert\)](#)

This recall involves Landscape Structures' Oodle Swings. The swing seat is suspended too close to the ground, posing an injury hazard to children who can get their legs caught underneath the swing seat.

[Joovy Recalls Zoom Car Seat Stroller Adapter due to Fall Hazard](#)

This recall involves all Joovy's Zoom gray metal car seat stroller adapters. Adapter clips can loosen on the stroller frame, posing a fall hazard.

[Specialized Recalls Source Eleven and Source Expert Disc Bicycles Due to Fall Hazard](#)

The recalled products are 2012 model year Source Eleven and Source Expert Disc bicycles with Supernova Switchable Dynamo Front Hubs as part of the original equipment. The set screws in the front hub of the recalled bicycles can loosen and stop the front wheel from turning, posing a fall hazard to consumers.

[Cabrinha Kiteboarding Recalls H2 Binding Due to Risk of Injury](#)

This recall involves the standard size H2 Hydra Series Binding. The binding can detach from its base while riding and lead to loss of control, which poses a risk of injury.

January 2014[Walmart Recalls Card Table and Chair Sets Due to Finger Amputation and Fall Hazards](#)

This recall involves the Mainstays card table sets with a black padded metal folding table and four black padded metal folding chairs. The chairs can collapse unexpectedly, posing a fall hazard and a risk of finger injury, including finger amputation.

[Norwood Furniture Recalls Science Tables due to Injury Hazard \(Recall Alert\)](#)

This recall involves Norwood Furniture's science tables. The wooden legs can split, causing instability, which poses an injury hazard to those using the table.

[U.S. Boiler Recalls Home Heating Boilers Due to Carbon Monoxide Hazard](#)

This recall involves U.S. Boiler ESC, PVG, and SCG model cast iron hot water boilers that use natural gas or liquid petroleum to heat water for residential space heating. The air pressure switch can fail to shut down the burners when there is a blockage in the vent system, allowing the boiler to emit excessive amounts of carbon monoxide and posing a CO poisoning hazard to the consumer.

[New Yorker Boiler Recalls Home Heating Boilers Due to Carbon Monoxide Hazard](#)

This recall involves New Yorker Boiler PVEGA model cast-iron hot water boilers that use natural gas or liquid petroleum to heat water for residential space heating. The air pressure switch can fail to shut down the burners when there is a blockage in the vent system, allowing the boiler to emit excessive amounts of carbon monoxide and posing a CO poisoning hazard to the consumer.

[Cybox International Recalls Decline Free Weight Benches Due to Fall and Injury Hazards \(Recall Alert\)](#)

The Decline model free weight benches are designed for use in professional gyms and come in three model numbers: 16060, 16061 and 16062. The frame of the bench can collapse forward onto the user, posing fall and injury hazards.

[SRAM Recalls Hydraulic Bicycle Brakes Due to Crash and Injury Hazards](#)

The recalled bicycle brake models include SB Red Hydraulic Road Disc, SB Red Hydraulic Road Rim, SB 700 Hydraulic Road Disc and SB 700 Hydraulic Road Rim, used as either front or rear brakes. The brake systems can fail, posing a crash and injury hazard.

[Arctic Cat Recalls Snowmobiles Due to Fuel Leak and Fire Hazard \(Recall Alert\)](#)

This recall involves model year 2014 Arctic Cat 500 Sno Pro snowmobiles with model numbers S2014ACCPRUSG and S2014ACCPRPVG. Fuel can leak from the fuel tank, posing a fire hazard.

[Sears and Kmart Recall Kenmore Oscillating Fan Heaters Due to Fire and Burn Hazards](#)

This recall involves Kenmore oscillating fan heaters with model number 127. Broken motor mounts can cause the units to overheat, catch fire and ignite nearby items, posing a fire and burn hazard to consumers.

[Under Armour Recalls Infant Sports Jersey Kits Due To Laceration and Choking Hazards \(Recall Alert\)](#)

The infant home kit consists of a white jersey and navy blue shorts and socks in sizes 0, 6 months, 12 months and 18 months. The shoulder snaps on the jersey can detach, posing laceration and choking hazards.

[American Honda Recalls Lawnmowers Due to Laceration Hazard \(Recall Alert\)](#)

This recall involves two Honda models and one Columbia brand electric start lawnmowers with Honda engines and 21" cutting blades. The engine stop switch can malfunction, allowing the blade to continue to rotate after the handlebar blade control lever is released, which poses a laceration hazard.

[Philips Selecon Recalls Four- and Eight-Leaf Barndoors for Rama Luminaire Stage Lights Due to Impact Hazard](#)

This recall involves 6-inch barndoors with four and eight leaves. The heat of the stage lights can make the barndoors detach from the light and fall, posing an impact injury hazard to individuals below it.

[RSI Recalls Bathroom Medicine Cabinets Due to Injury Hazard; Sold Exclusively at The Home Depot](#)

This recall involves four models of Glacier Bay® brand bathroom medicine cabinets, manufactured between July 15, 2013 and October 10, 2013. The mirror or the cabinet's back panel can separate and fall out, posing an injury hazard to consumers.

[Bosch Security Systems Recalls Fire Control Panels Due to Fire Alarm Failure \(Recall Alert\)](#)

The recall involves G-series Fire Alarm Control Panels that are professionally installed and have model numbers that end in GV4 and use D192G Notification Appliance Circuit ("NAC") modules. The notification appliance circuit module can cause the panels to fail to activate an audible or visual alarm in the event of a fire.

[Baby Rattles Recalled by Midwest-CBK Due to Choking Hazard](#)

This recall involves donut-shaped polyester knit fabric baby rattles with heads and arms and that resemble a bear, monkey and a lion. The head on the rattle can detach, posing a choking hazard to young children.

[Playtex Recalls Pacifier Holder Clips Due to Choking Hazard](#)

This recall involves the Playtex pacifier holder clips that attach a pacifier to items like clothing, diaper bags and strollers. The pacifier holder clips can crack and a small part can break off, which poses a choking hazard to small children.

[Nationwide Industries Recalls Trident Pool Gate Latches Due To Failure to Secure Hazardous Areas](#)

The recalled magnetic gate latches are 10” or 20” models in black or white. The magnet contained in the striker portion of the latch assembly can come loose, preventing the latch from securing a gate.

[Matrix Fitness Ascent Trainers and Ellipticals Recalled by Johnson Health Tech Due to Fire Hazard](#)

This recall involves all Matrix Fitness Ascent Trainers® and Elliptical trainers installed from November 2011 through December 2012. Moisture from user perspiration or cleaning liquids can build up in the power socket on the unit, causing a short circuit, posing a fire hazard.

[Rayovac Flashlights Recalled by Spectrum Brands Due to Burn Hazard](#)

This recall involves Rayovac LED Industrial flashlights (model ILED2AA) with run times of 25 or 50 hours, Rayovac Value Bright LED plastic flashlights (model BRSELED2AA-BA), and Rayovac Value Bright flashlights (model BRSELED2AA-BDGI). The flashlight can cause the batteries to overheat and melt the flashlight’s plastic casing, posing a burn hazard.

[Suunto Recalls Air Hoses Used With Scuba Gear Due To Drowning Hazard](#)

The recalled black rubber high-pressure air hose is used with submersible pressure gauges and dive computers. The high-pressure air hose may leak or rupture leading to a loss of breathing gas, posing a drowning hazard.

[Flushmate Expands Recall of Flushmate III Pressure-Assisted Flushing System Due to Impact and Laceration Hazards](#)

This recall is for Series 503 Flushmate III Pressure Assist flushing systems installed inside toilet tanks that were manufactured from March 2008 through June 2009. The system can burst at or near the vessel weld seam, releasing stored pressure. This pressure can lift the tank lid and shatter the tank, posing impact and laceration hazards to consumers and property damage.

[Pottery Barn Recalls Moravian Star Pendant Chandeliers Due to Risk of Injury \(Recall Alert\)](#)

This recall involves the oversized 26-point Moravian Star Pendant chandeliers made of antiqued mirrored glass and metal. The joints can fail to support the weight of the pendant causing it to fall, posing the risk of injury.

[Ergotron Recalls Television Wall Mounts Due to Risk of Injury](#)

The adjustable Ergotron interactive wall mount is designed for flat-panel displays and televisions, which allow users to reposition the units’ display angles. The weld between the “VESA-” style mounting plate and the mounting ring can fail, allowing the monitor or TV to fall. This poses a risk of injury to bystanders.

[Horizon Hobby Recalls Remote Controlled Model Helicopters Due to Injury Hazard](#)

The recall involves Blade 500 X BNF and Blade 500 3D BNF and RTF Remote Controlled Model Helicopters with model numbers BLH 1800, BLH 1800M1, BLH 1850, and BLH 4080. The tail rotor grip used for securing the tail rotor blade to the tail rotor hub can separate and release from the helicopter, posing a risk of a crash and injury hazard.

[Bodum USA Recalls Coffee Presses Sold Exclusively at Starbucks Due to Laceration and Burn Hazards](#)

This recall involves Bodum® rose gold Chambord locking lid 8-cup glass coffee presses. The glass carafe can fall out of the metal frame and plastic base of the coffee press and break or shatter, posing laceration and burn hazards to consumers.

[Reebok-CCM Recalls Senior Hockey Elbow Pads Due to Risk of Elbow Injury](#)

This recall involves the Reebok EP20K Senior (SR) Hockey Elbow Pads with, all-foam elbow caps. The molded foam padding inside the elbow pads can become cracked, fractured or split, which poses a risk of injury to the elbow.

[System Sensor Recalls Reflected Beam Smoke Detectors Due To Failure to Alert Consumers in a Fire \(Recall Alert\)](#)

This recall involves System Sensor's reflected beam smoke detectors with model number BEAM1224S and date codes 2111 through 3053. When used with certain power supplies, the reflected beam smoke detectors can fail to send a signal to the fire alarm control panel that sounds the alarm and fail to alert occupants of a fire.

[IKEA Expands Recall of Junior Beds that Pose Laceration Hazard](#)

Recalled IKEA junior beds include the KRITTER and SNIGLAR models with a guard rail on one side. The metal rod connecting the guard rail to the bed frame can break in use, posing a laceration hazard.

[Gree Expands Dehumidifier Recall to Include GE Brand Dehumidifiers Due to Serious Fire and Burn Hazards](#)

This recall involves 30, 40, 50, 65-pint dehumidifiers with the GE brand name. The dehumidifiers can overheat, smoke and catch fire, posing fire and burn hazards to consumers.

[West Marine Recalls Folding Bicycles; Frames Can Break Causing Riders to Fall](#)

This recall involves two models of folding bicycles, the Jetty Express 2 and the Port Runner 2, that are designed for use in and around docks and marinas. The bicycle's frame can break during use, posing a fall hazard to the rider.

[Fred & Friends Recalls Infant Pacifiers Due to Choking Hazard](#)

This recall involves three styles of Fred and Friends Chill Baby pacifiers, including the Artiste with a black plastic beard and mustache, Volume with a black volume control knob, and Panic with a red panic button. The pacifiers fail to meet federal safety standards. The beard on the Artiste and the knob on the Volume pacifiers can detach, posing a choking hazard to young children. In addition, the ventilation holes on the Volume and Panic pacifier guards are too small.

[Strollers Recalled by Britax Due to Partial Fingertip Amputation Hazard](#)

This recall involves Britax B-Agile, B-Agile Double and BOB Motion strollers. The hinge on the stroller's folding mechanism can partially amputate consumers' fingertips, break their fingers or cause severe lacerations, among other injuries, when they press the release button while pulling on the release strap.

February 2014[3T Design Recalls Cervélo Bicycles with Aduro Aero Handlebars Due to Risk of Injury](#)

The recall includes 2012 and 2013 Cervélo P5 bicycles equipped with 3T Aduro aero handlebars. The forward extension mounts can detach from the base bar while riding causing the rider to lose control, posing a risk of injury.

[Lion Force Recalls Boys' Puffer Coats Due to Strangulation Hazard; Sold Exclusively at Burlington Coat Factory](#)

This recall involves boys' black hooded coats with dark gray drawstrings around the hood. The jackets have a drawstring through the hood which can pose a strangulation hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Runway Global Recalls Girls' Sugarfly Hooded Jackets Due to Strangulation Hazard; Sold Exclusively at Burlington Coat Factory](#)

This recall involves three styles of Sugarfly-branded hooded, woven cotton and woven polyester jackets for girls with a drawstring through the hood. The jackets have drawstrings in the hood around the neck area that pose a strangulation hazard to young children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[BebeLove Recalls Baby Walkers Due to Fall and Entrapment Hazards](#)

The recalled includes all BebeLove walkers that were sold for babies age 6 months or older. The walkers failed to meet federal safety standards. Specifically, style number 358 can fit through a standard doorway and is not designed to stop at the edge of a step, as required by the federal safety standard. In addition, style number 368 contains leg openings that allow the child to slip down until the child's head can become entrapped at the neck. Babies using these walkers can be seriously injured or killed.

[Visonic Amber Personal Emergency Response Kits Recalled Due to Failure to Signal Emergency Assistance](#)

The recalled Visonic Amber SelectX Personal Emergency Response System ("PERS") kit enables a user to push a button on a pendant to signal a request for assistance. Following a reboot or system reset, the Amber SelectX Base Stations can fail to operate and detect an emergency signal from the personal pendant.

[Air Compressors Recalled by MAT Industries Due to Shock Hazard](#)

This recall involves HDX™ and Powermate® brand two-gallon electric air compressors. The terminals of the pressure switch can come into contact with the motor housing and electrify the air compressors, posing a shock hazard to consumers.

[LEM Products Distribution Expands Recall, Including Previously Repaired 5-Tray Food Dehydrators Due to Shock Hazard](#)

This recall involves 5-tray food dehydrators with model number 1009 and serial numbers between 20110506 and 20121008. Damaged wiring in the food dehydrators can come into contact with a metal bracket inside the machine, posing a shock hazard.

[Club Car Recalls Golf and Transport Vehicles Due to Fall Hazard \(Recall Alert\)](#)

The recalled vehicles are various sizes, models and colors of model year 2012 Precedent I2 golf and transport vehicles used for short-distance transportation. The hip restraint on the passenger side can fracture, posing a fall hazard.

[Lucent Ace Manufacturing Recalls LED Flashlights Due to Burn Hazard; Sold Exclusively at Academy Sports + Outdoors](#)

This recall involves LED flashlights with hand straps. The battery can short and cause the flashlight's canister to rupture, posing a burn hazard to the consumer.

[Sterling Rope Company Recalls Sewn Cords Due to Fall Hazard](#)

This recall involves four models of Sterling Rope's sewn cords, which include the 8mm Aztek (AZ) Sewn Bound Loop Prusik, Aztek (AZ) Elite 8mm Edge Restraint, 8mm PER Sewn Eye and the 8mm Accessory Cord. Sewn Eye Sewn cords break at a lower weight than published weight values, posing a fall hazard.

[Infantino Recalls Teething Toys Due to Choking Hazard; Sold Exclusively at Target](#)

This recall involves the Go Gaga Squeeze and Teethe Coco the Monkey teething toys. The tail of the monkey can pose a choking hazard to young children.

[U.S. Polo Assn. Recalls Girl's Jacket Due to Strangulation Hazard](#)

This recall involves U.S. Polo Association girl's jackets. The jackets have a band of material at the neck that can pose a strangulation hazard to young children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Eastman Footwear Recalls Coleman Runestone Childrens Shoes](#)

The Runestone children's shoes are black with gray mesh fabric panels on the side of the shoe with a green "Coleman" logo name and lantern graphic on the tongue. The metal rivets surrounding the holes where the shoestring is secured on the shoes can have sharp edges, posing a laceration hazard.

[Rollerblade USA Recalls Tempest Inline Skates Due to Fall Hazard](#)

The recalled Tempest skates are high performance training or racing skates sold in a variety of color combinations. The mounting holes in the boot and frame can be misaligned, causing the boot to separate from the frame and posing a fall hazard.

[Genie Recalls Garage Door Openers Due to Fire Hazard](#)

This recall involves Genie, models PowerMax 1200 and 1500, and Genie Pro, models TriloG 1200 and 1500, screw-drive garage door openers. The control board can overheat, posing a fire hazard.

[BRP Recalls Ski-Doo and Can-Am Lithium-ion Rechargeable Batteries and Heated Gloves Due to Fire Hazard](#)

This recall involves BRP Ski-Doo and Can-Am heated gloves and replacement Lithium-Ion rechargeable batteries. The glove's lithium-ion rechargeable battery pack can overheat, posing a fire hazard.

[Polaris Recalls Ranger Recreational Off-Highway Vehicles Due to Crash Hazard \(Recall Alert\)](#)

This recall involves 2013 Polaris Ranger® 500 EFI and Ranger Crew® 500 EFI recreational off-highway vehicles. The vehicles' throttle cable can melt on the exhaust pipe and fail to operate properly. This can cause the rider to lose control, posing a crash hazard.

[Cork Block Stacking Toys Recalled by A Harvest Company Due to Choking Hazard; Sold Exclusively at StorkStack.com](#)

This recall involves a three-piece cork block stacking toy. Small pieces of cork can break off the blocks, posing a choking hazard to young children.

[Yamaha Recalls Off-Road Motorcycles Due to Crash Hazard \(Recall Alert\)](#)

This recall involves two-wheeled 2014 Yamaha competition off-road motorcycles with model numbers YZ250FEL, YZ250FEW, YZ450FEL and YZ450FEW. The off-road motorcycle's drive chain can detach and cause the rider to lose control, posing a crash hazard.

[Mammut Recalls Crevasse Rescue Devices Due to Risk of Injury](#)

The recall involves Mammut's RescYou crevasse rescue devices with batch numbers 12-12 and 03-13. The pull cord lock cam can fail, posing a risk of death and injury during a rescue.

[Rowe Fine Furniture Recalls Ottomans Due to Risk of Suffocation \(Recall Alert\)](#)

This recall involves Dalton-style ottomans with storage compartments. Young children can become entrapped inside the storage compartment of the ottoman, posing a risk of suffocation.

March 2014**[Twin-Star Recalls Duraflame Electric Space Heaters Due to Fire and Burn Hazards](#)**

This recall involves Duraflame-branded electric space heaters, model DFS-220, sold in three colors: black, red and white. The heater can overheat and cause the units to melt, catch fire and ignite nearby items, posing a fire and burn hazard to consumers.

[Hitachi Koki Recalls Grass Trimmers Due to Fire and Burn Hazards](#)

This recall involves 12 models of Hitachi Koki and Tanaka-brand handheld grass trimmers. The grass trimmers can overheat, posing fire and burn hazards to the consumer.

[Fitness Anywhere Recalls TRX Dip and Hammer Bars Due to Risk of Injury \(Recall Alert\)](#)

This recall involves TRX dip bars and hammer bars used with TRX S-Frames and Elevated Frames which are used to support TRX exercise equipment. The welds on the bars can crack or break and cause the user to fall, posing a risk of injury.

[Air Movers Recalled by Packaging Tape Inc. Due to Fire Hazard](#)

This recall involves air movers/blowers that are used to dry floors in commercial and residential buildings. The air mover/blower's thermal switch can fail and cause the motor to overheat, posing a fire hazard.

[Tektro USA and TRP Recall Mechanical Disc Brake Calipers Due to Crash Hazard](#)

This recall includes Spyre and Spyre SLC dual-piston mechanical disc brake calipers sold as original and aftermarket equipment in 2013. The brake cable actuator arm can over-rotate, dislocating parts, causing the brake calipers to fail. Lack of brakes results in loss of control and a crash hazard, posing a risk of injury to the rider and others.

[Canon Recalls to Repair PowerShot SX50 HS Digital Cameras](#)

The PowerShot SX50 HS is a black compact digital camera. A chemical used in the rubber part of the viewfinders on the camera can cause skin or eye irritation or an allergic reaction to the user.

[ZLP Manufacturing Recalls Hornet Zip Line Trolleys Due to Fall Hazard \(Recall Alert\)](#)

This recall involves the ZLP Hornet Zip Line Trolley. The retaining pin can release and cause the two side plates of the trolley to separate and fall off the zip line, posing a fall hazard.

[Therapedic of New England Recalls Mattresses Due to Violation of Federal Mattress Flammability Standard; Sold at BJ's Wholesale Club \(Recall Alert\)](#)

This recall involves Therapedic brand twin- and full-size Comfort Deluxe and Comfort Supreme-style mattresses. The mattresses fail to meet the mandatory federal open-flame standard for mattresses, posing a fire hazard to consumers.

[Fitbit Recalls Force Activity-Tracking Wristband Due to Risk of Skin Irritation](#)

This recall involves Fitbit Force™ wireless activity-tracking wristbands with model numbers FB402BK, FB402BKS, FB402SL and FB402SLS. Users can develop allergic reactions to the stainless steel casing, materials used in the strap, or adhesives used to assemble the product, resulting in redness, rashes or blistering where the skin has been in contact with the tracker.

[BMC Recalls Stromer Electric Bicycles Due to Crash and Injury Hazards](#)

This recall involves all 2013 Stromer ST1 women's and men's pedal-assist electric bicycles, models M33 Elite and P48 Platinum. The bicycle fork can break, posing a crash and injury hazard to the rider.

[TJX Recalls Autumn 2013 Gardeners Eden Light-Up Decorations Due to Fire Hazard; Sold exclusively at T.J. Maxx, Marshalls and HomeGoods Stores](#)

This recall involves autumn 2013 Gardeners Eden decorative wreaths and Chinese Lantern plant arrangements. Exposed wiring near the battery box can lead to a short circuit, posing a fire hazard.

[The Conran Shop Recalls Pondicherry Dining Tables Due to Violation of Lead Paint Standard \(Recall Alert\)](#)

The wood tables have a table top wrapped in brass. The lacquer paint on the furniture can contain excessive levels of lead, a violation of the federal lead paint standard.

[MobilePower Recalls Multi-Function Power Packs Due to Fire Hazard; Sold Exclusively by QVC \(Recall Alert\)](#)

This recall involves MobilePower Instant Boost 500, 6-in-1 Power, multi-function power packs with model number 2013, QVC SKU# V31873 and serial number MPC-060512-25. The power packs can overheat, posing a fire hazard.

[Schneider Electric Recalls Square D-Brand F and K Frame Circuit Breakers Due to Fire Hazard](#)

This recall involves Square D brand models FA, FH, FI and FY one-, two- and three-pole circuit breakers rated 15 to 100 amps, and model KI two- and three-pole circuit breakers rated 110 to 250 amps. The circuit breaker can fail to trip when an overload occurs, posing the risk of fire, burn and electric shock.

[Arctic Cat Recalls Off-Highway Utility Vehicles Due to Fuel Leak and Fire Hazard \(Recall Alert\)](#)

This recall includes model year 2014 Arctic Cat Prowler 500 HDX Recreational Off-Highway Vehicles (“ROV”). Fuel can leak from the fuel fitting at the throttle body of the vehicle, posing a fire hazard.

[Vera Bradley Recalls Bear Ring Rattles and Bunny Toys Due to Choking Hazard](#)

This recall involves all Vera Bradley Bear Ring Rattles and Bunny stuffed animal toys. The pom-pom tail can detach from the body of the bear rattle and the bunny, posing a choking hazard to young children.

[Ganz Recalls Grumpy Cat Stuffed Animal Toys Due to Choking Hazard](#)

This recall involves three styles of plush Grumpy Cat stuffed animal toys by Ganz. The stuffed animals’ eyes can detach, posing a choking hazard to young children.

[Minga Fair Trade Imports Recalls Wooden Flipping Acrobat Toys Due to Violation of Lead Paint Standard](#)

The recalled flipping acrobat toys are made of painted wood and are 8.5 inches tall. The paint on the wooden flipping acrobat toys contains excessive levels of lead, which is prohibited under federal law.

[IKEA Recalls Children’s Bed Canopies Due to Strangulation Hazard](#)

This recall involves IKEA children’s bed canopies. An infant or young child can get entangled at the neck in the canopy’s fabric, posing a strangulation hazard.

[Bedz King Recalls Bunk Beds with Side Ladder Due To Entrapment Hazard \(Recall Alert\)](#)

This recall involves Bedz King bunk beds with a side ladder. A protruding corner post on the bunk beds exceeds the 5mm allowed by industry standard, posing an entrapment hazard.

[Centex Homes Recalls Solar Panels Due to Fire Hazard](#)

This recall involves Open Energy 34-watt (OE-34) Solar Panel energy systems sold under the brand name Open Energy SolarSave Roofing Tiles Fire.

[Ace Hardware Recalls LED Clamp Light Due to Shock and Fire Hazard](#)

This recall includes the Ace Clamp-On LED Work Light measuring 3-inches wide x 2.5 inches long deep x 2.25 inches high. The cord bushing inside the light base could fail, allowing the cord wiring to pull out of the base, exposing bare wire and presenting a shock and fire hazard.

[Wal-Mart Recalls Dolls Due to Burn Hazard](#)

The My Sweet Love/My Sweet Baby electronic baby doll comes in pink floral clothing and matching knit hat. The circuit board in the chest of the doll can overheat, causing the surface of the doll to get hot, posing a burn hazard to the consumer.

[SATCO Products Recalls KolourOne LED Light Bulbs Due to Risk of Injury](#)

This recall involves SATCO KolourOne brand Panel Array 2 LED light bulbs. The metal housing/lens assembly can separate from the bulb's base and fall. This poses a risk of injury from impact to bystanders.

[Lenovo Recalls Battery Packs for ThinkPad Notebook Computers Due to Fire Hazard](#)

This recall involves Lenovo battery packs sold with the following ThinkPad notebook computers: the Edge 11, 13 and 14 series, the T410, T420, T510 and W510 series, and the X100e, X120e, X200, X201 and X201s series. The battery packs can overheat, posing a fire hazard.

[Excel Industries Recalls BigDog and Hustler Mowers due to Risk of Injury \(Recall Alert\)](#)

This recall involves the BigDog and Hustler brand riding mowers. The seat switch can fail to detect that the rider has left the seat, allowing the mower to continue to operate, posing a risk of injury.

April 2014[Dyson Recalls Bladeless Portable Electric Heaters Due to Fire Hazard](#)

This recall is for all Dyson Hot heaters and Dyson Hot+Cool heaters having model number AM04 and all Dyson Hot+Cool heaters with model number AM05. The heaters can develop an electrical short and overheat, posing a fire hazard to the consumer.

[Snowboard Bindings Recalled by K2 Sports Due to Fall Hazard \(Recall Alert\)](#)

This recall involves Kwicker and Kwicker BC snowboard bindings. The bindings can release unexpectedly, posing a fall hazard to snowboarders.

[Hussong Manufacturing and American Flame Recall Three Gas Fireplaces, Fireplace Inserts Due to Explosion Hazard](#)

This recall involves Hussong Manufacturing direct vent gas fireplaces and gas fireplace inserts that use American Flame brand main control modules. The main control module can allow gas to be released and build up in the burner area, posing an explosion hazard.

[J.P. Boden Recalls Boys' Pajamas Due to Violation of Federal Flammability Standard \(Recall Alert\)](#)

This recall involves Johnnie B boy's pajama sets with a top and shorts and model number 84004, and Mini Boden pajama sets with a top and shorts and model number 24106. The pajamas fail to meet the federal flammability standards for children's sleepwear, posing a risk of burn injury to children.

[BedHead Pajamas Recalls Children's Pajamas Due to Violation of Federal Flammability Standard](#)

This recall involves BedHead children's 95 percent cotton and 5 percent lycra, two-piece pajama sets sold in toddler size 12 months through youth 14. The pajamas fail to meet federal flammability standards for children's sleepwear, posing a risk of burn injuries to children.

[Whalen Recalls Stainless Steel Tool Chests Due to Laceration Hazard; Sold Exclusively at Costco \(Recall Alert\)](#)

The recalled tool chests are about 72 inches long, 37½ inches high and 19 inches deep. The inside of the right door has a metal stopper or flange with a sharp edge running the length of the door, which poses a laceration hazard.

[GunBox Recalls Gun Storage Boxes Due to Lock Failure \(Recall Alert\)](#)

The GunBox™ is an aluminum, square, clam-shaped case with an RFID scanner with a T-shaped logo on the top center of the box and two USB ports for charging devices. The GunBox storage box locking mechanism can open if dropped, allowing access to the gun stored inside.

[Rocky Brands Recalls Georgia Boot Steel-Toed Shoes Due to Compression Hazard](#)

The recalled shoes are 6-inches tall, brown leather, steel-toed shoes with dark brown padding at the ankles sold under the Georgia Boot brand name. When compressed, the steel toe cap in the shoes can fail to protect the wearer's feet.

[Pier 1 Imports Recalls Hanging Glass Star Lanterns Due to Fire Hazard](#)

This recall includes Pier 1 Import's hanging glass star lanterns. The soldered welds on the lantern can melt due to heat from a tea light. This can cause the candle holder to break and expose the flame, posing a fire hazard.

[Ontel Recalls Isometric Exercise Devices Due to Projectile Hazard](#)

This recall involves ISO7X isometric exercise devices. The handle grips on each end can break during use and cause parts to be ejected forcefully from the shaft, posing a risk of impact injury to the user or bystander.

[Troy-Bilt Electric Leaf Blowers Recalled by MTD Due to Laceration Hazard](#)

This recall involves Troy-Bilt electric leaf blowers with model TB180B, item number 41BA180G966, and serial numbers ranging from S1D111XK0001 through S1F152XK2008. The blower's impeller can break and strike the operator during use, posing a laceration hazard.

[Remington Electric Leaf Blowers Recalled by MTD Due to Laceration Hazard](#)

This recall involves Remington electric leaf blowers with model RM180B, item number 41AA180G983, and serial numbers ranging from S1E131XK0001 through S1E162XK2008. The blower's impeller can break and strike the operator during use, posing a laceration hazard.

[E-Z-GO Recalls Golf, Shuttle, Off-Road Utility Vehicles Due to Crash Hazard](#)

This recall involves E-Z-GO, Cushman and Bad Boy Buggies brand gas- and electric-powered, four-wheel vehicles with bench seats for the driver and passengers. The steering wheel nut may not have been tightened sufficiently, reducing the driver's steering control. This can result in a crash.

[Excalibur Recalls Crossbows Due to Injury Hazard; Can Fire Unexpectedly](#)

This recall involves the Excalibur Matrix Mega 405 crossbow. The crossbow can fire an arrow without the trigger being pulled, posing an injury hazard to the user and to bystanders.

[Summer Infant Expands Recall to Replace Video Monitor Rechargeable Batteries Due to Burn Hazard](#)

The recall involves rechargeable batteries in Summer Infant handheld color video monitors. The battery in the handheld video monitor can overheat and rupture, posing a burn hazard to consumers.

[PetSmart Recalls Fish Bowls Due to Laceration Hazard](#)

This recall involves a 1.75 gallon glass fish bowl that is shaped like a brandy snifter. The glass fish bowls can crack, shatter or break during normal handling, posing a laceration hazard to consumers.

[Runway Global Recalls Sugarfly Girl's Coats; Waist Drawstring Poses Entanglement Hazard](#)

This recall involves girl's "Sugarfly" brand peacoat. The coats have a drawstring tie sewn into the side seam at the waist that could become snagged or caught in small spaces or vehicle doors, posing significant entanglement hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Ariens Recalls Snow Throwers and Power Brushes Due to Amputation and Laceration Hazards](#)

This recall involves Ariens and Sno-Tek brand snow throwers and Ariens and Gravely brand power brushes. A drive pulley can crack while in use and cause the auger/impeller or brush to continue to rotate after the clutch lever is disengaged. This poses amputation and laceration hazards to consumers.

[Felt Bicycles Recalls Triathlon Bicycles Due to Risk of Injury](#)

This recall includes all 2008 Felt S22 and S32 triathlon bicycles, and 2010 S32, B12, B14 and B16 triathlon bicycles. The steer tube on the bicycle fork can break and cause the rider to lose control, posing a risk of injury.

[Magnum and Matrix Fitness Multi-Station Strength Training Towers Recalled by Johnson Health Tech Due to Injury Hazard](#)

This recall involves all Magnum and Matrix Fitness 900 Pro Series multi-station strength training towers used at commercial fitness facilities, such as health clubs, hotels, apartment complexes, rehabilitation centers, and schools and municipal facilities. The plastic connectors that link the strength training stations' towers can slide out or break, posing an injury hazard to consumers.

[IKEA Reannounces and Expands Recall of Children's Wall-Mounted Lamps Due to Strangulation Hazard](#)

This recall involves IKEA children's wall-mounted lamps sold in various style names, shapes and colors. Children can get entangled in the electrical cord that hangs from the children's wall-mounted lamps, posing a strangulation hazard.

[DGL Group Recalls Vibe USB Mobile Power Bars Due to Fire Hazard; Sold Exclusively at Five Below](#)

This recall involves Vibe USB mobile power bars, also known as portable USB power supply or portable chargers. The power bar can overheat, posing a fire hazard.

[FXR Factory Racing Recalls Children's Outerwear Due to Strangulation Hazard](#)

This recall involves 11 styles of FXR child/youth outerwear jackets and hoodies for both boys and girls. Drawstrings can become entangled or caught on playground slides, hand rails, school bus doors or other moving objects, posing a significant strangulation and/or entanglement hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[GE Brand Dehumidifiers by Midea Recalled for Repair Due to Fire Hazard; Sold Exclusively at Walmart](#)

This recall involves 30-pint portable GE brand dehumidifiers. A component in the dehumidifier's compressor can short circuit, posing a fire hazard.

[Kawasaki Recalls Off-Road Motorcycles Due to Crash Hazard \(Recall Alert\)](#)

This recall involves model year 2014 KLX110 and KLX110L off-road motorcycles. The camshaft sprocket bolts can loosen and come off, causing the engine to lock and stop the vehicle, posing a crash hazard.

[Horizon Hobby Recalls Blade 700 X Pro Series Helicopter Kits, Spindle Sets Due To Injury Hazard](#)

This recall involves Blade 700 X Pro Series Kit, Pro Series Combo and the replacement spindle set. The main rotor washer can fail, causing the blades to come off the helicopter during use. This poses an injury hazard to the operator and bystanders.

[White-Rodgers Recalls Home Heating and Cooling Thermostats Due to Fire Hazard](#)

This recall involves four models of White-Rodgers digital thermostats. The alkaline batteries used in the thermostat can leak onto the circuit board, posing a fire hazard.

May 2014[RMP Athletic Locker Recalls Boy's Hooded Jackets; Drawstrings Pose Strangulation Hazard](#)

This recall involves the Ripzone Boy's Hooligan hoodie jacket. The jackets have a drawstring around the neck area, which poses a strangulation hazard to children. Drawstrings can become entangled or caught on playground slides, hand rails, school bus doors or other moving objects, posing a significant strangulation and/or entanglement hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[J. Crew Recalls Baby Coveralls Due to Choking Hazard \(Recall Alert\)](#)

This recall involves all styles of J. Crew baby coveralls. Snaps on the coveralls can detach, posing a choking hazard to young children.

[Altria Group Distribution Company Recalls Flashlight Due to Burn, Injury Hazards; Distributed Exclusively through Marlboro Promotion \(Recall Alert\)](#)

The recalled product is a bronze-colored, 3-in-1 flashlight that was distributed as a promotional item for Marlboro brand cigarettes. Matches inside the match holder can ignite when in contact with the striker pad beneath the compass cap, posing burn and injury hazards to consumers.

[Cycling Sports Group Recalls Cannondale Tandem Road Bicycles Due to Risk of Injury](#)

This recall involves three models of 2014 tandem Cannondale bicycles, road 1, road 2 and 29 tandem. The bicycle fork can break and cause riders to lose control, posing a risk of injury.

[Discount School Supply Recalls Sorting Boards Due to Magnet Ingestion Risk and Excessive Lead Levels \(Recall Alert\)](#)

This recall involves Excellerations™ magnetic color sorting boards with cupcake cut-outs that are used to teach color and sorting to young children. The magnet in the wand can detach and the plywood backing can crack and release small metal balls that are sandwiched between the board and a clear plastic cover. These pose choking and serious internal injury risks associated with ingestion of a magnet and metal ball. The surface paint on the metal balls contains levels of lead that exceed the federal lead paint standard.

[Classic Concepts Recalls Aman Trunks Due to Violation of Lead Paint Standard; Sold Exclusively at Cost Plus World Market](#)

The Aman Trunk is a wooden storage trunk measuring 38-inches wide x 18-inches high x 18-inches deep. The surface coating paint on the interior metal chains contains excessive levels of lead, a violation of the federal lead paint standard.

[Coleman Recalls Northstar Lanterns Due to Fire Hazard](#)

This recall involves Northstar® liquid fuel lanterns with model number 2000B750 and date codes 10 13 or 11 13. An incorrect gas feed tube was installed on the lantern. When lit, the tube can release too much fuel, posing fire and burn hazards.

[Paramount Recalls Trident Ultraviolet Sanitation Systems for Pools Due to Fire Hazard](#)

This recall involves all Paramount Trident Series 2 (UV II) ultraviolet sanitation systems. Electrical arcing can cause the units to catch fire, posing a fire hazard.

[Avon Recalls Ergonomic Eyelash Curler Due to Eye Injury Hazard](#)

This recall involves an Avon Ergonomic Eyelash Curler, which is silver with black ergonomic finger grips. The eyelash curler can break, exposing a metal pin, which poses an eye injury hazard to consumers.

[Misty Mate Recalls Handheld Personal Misters Due to Risk of Laceration; Sold Exclusively at Hibbet Sports](#)

This recall involves Misty Mate 2. The mister can shatter during use, posing a risk of laceration to the consumer.

[Cabela's Recalls Electronic Jerky Blaster Due to Fire Hazard](#)

This recall involves Cabela's Electronic Jerky Blaster, which resembles a caulking gun. The battery charger adapter can overcharge, causing the Electronic Jerky Blaster's battery and battery charger adapter to overheat.

[Dimension Industries Recalls Outdoor Dining Chairs Due to Fall Hazard; Sold Exclusively at Costco](#)

The recall includes the chairs sold with the Fairview 7-piece woven patio dining set. The legs of the chairs can bend and break, posing a fall hazard to the user.

[Legrand Wiremold Expands Recall of Under-Cabinet Power Strips Due to Electric Fire Hazard](#)

This recall involves all Wiremold and Plugmold under-cabinet power and lighting strips with part number PX1001. The internal electrical connections of the power strips are substandard, posing risks of overheating and fire.

[Gree Reannounces Dehumidifier Recall Due to Serious Fire and Burn Hazards; More Fires and Property Damage Reported](#)

This recall involves 20, 25, 30, 40, 45, 50, 65 and 70-pint dehumidifiers with brand names Danby, De'Longhi, Fedders, Fellini, Frigidaire, GE, Gree, Kenmore, Norpole, Premiere, Seabreeze, SoleusAir and SuperClima. The dehumidifiers can overheat, smoke and catch fire, posing fire and burn hazards to consumers.

[H&M Recalls Girl's Leggings Due to Choking Hazard](#)

This recall involves girl's leggings sold in the following colors: black/pink belt, black/silver belt, black and white stripe/black belt, blue and white stripe/blue belt, blue hounds-tooth/blue belt, grey check/pink belt, grey with dots/pink belt, khaki/pink belt, khaki with dots/pink belt, pink and white check/white belt, purple/purple belt and red and blue plaid/blue belt. A metal part on the belt can detach, posing a choking hazard to young children.

[Nantucket Distributing Recalls Felt Easter Baskets Due to Choking Hazard](#)

The recall includes felt Easter baskets with scalloped edges and a handle. Decorative beads on the felt Easter baskets can detach and pose a choking hazard to young children.

[StyleCraft Recalls Upholstered Benches Due to Fall Hazard; Sold Exclusively at HomeGoods](#)

This recall involves StyleCraft Home Collection stretcher benches sold in espresso with linen cloth. The benches can crack and break while in use, posing a fall hazard to consumers.

[BMC Recalls Three Models of Bicycles Due to Fall Hazard; Bicycle Forks Can Break](#)

The recall involves certain models of Alpenchallenge, Urbanchallenge and Masschallenge bicycles equipped with full carbon Aprebic bike forks model ACC-A704DN50B. The bicycle forks can crack or break above the brake mount posing a fall hazard to consumers.

[Exmark Recalls Quest ZRT Riding Mowers Due to Loss of Steering Control and Crash Hazard](#)

This recall involves 2009 and 2010 model year Exmark Quest ZRT mid-mount riding mowers. The riding mower's steering assembly can fail and cause riders to lose steering, posing a crash hazard.

[Adult Portable Bed Handles Recalled by Bed Handles Inc. Due to Entrapment and Strangulation Hazards; Three Deaths Reported](#)

The U.S. Consumer Product Safety Commission ("CPSC") and Bed Handles Inc., of Blue Springs, Mo., are announcing the voluntary recall of about 113,000 adult portable bed handles. When attached to an adult's bed without the use of safety retention straps, the handle can shift out of place, creating a dangerous gap between the bed handle and the side of the mattress. This poses a serious risk of entrapment, strangulation and death.

[Nest Labs Recalls to Repair Nest Protect Smoke + CO Alarms Due to Failure to Sound Alert](#)

This recall includes all Nest Protect Smoke + CO alarms. Activity near the product during a fire can prevent the alarm from immediately sounding when the Nest Wave feature is enabled.

[Office Depot Recalls Gibson Leather Task Chairs Due to Fall Hazard](#)

This recall involves Office Depot® Gibson Leather Task Chairs. The mounting plate weld can break and separate the seat from the base of the chair, posing a fall hazard to consumers.

[Lakeshore Learning Materials Recalls Bristle Builders for Toddlers Play Sets Due to Choking Hazard](#)

The recall includes the Bristle Builders® for Toddlers sets sold with 52 plastic pieces consisting of building pieces and three animal figures. The base of the three animal figures can detach, posing a choking hazard to young children.

[Cordelia Lighting Recalls Two-Lamp Fluorescent Shop Lights Due to Fire Hazard; Sold Exclusively at Home Depot](#)

This recall involves Commercial Electric brand basic hanging shop lights that use two, 48-inch, two-pin, T8, fluorescent lamps. The lamp sockets can allow loose connections, posing a risk of an electrical arc and fire.

[Precision Shooting Recalls Crossbows Due to Injury Hazard; Can Fire Unexpectedly](#)

This recall involves Precision Shooting Equipment's TAC Elite, TAC Ordnance and Enigma crossbows. The crossbow can fire an arrow without the trigger being pulled, posing an injury hazard to the user and to bystanders.

[Children's Pajamas Recalled by Empress Arts Due to Violation of Federal Flammability Standards](#)

This recall involves Empress Arts 100 percent cotton children's two-piece pajamas sets, sold in boys and girls sizes 12 mos. The pajamas fail to meet federal flammability standards for children's sleepwear, posing a risk of burn injuries to children.

[Hamilton Beach Recalls Baby Food Makers Due to Small Parts Hazard](#)

This recall involves bébé brand baby food makers manufactured by Hamilton Beach. Use of the slicing/shredding disc with the motor shaft adapter can cause the stainless steel pin in the food bowl lid to loosen and fall into processed food.

[Lithonia Lighting Recalls Emergency Lights Due to Fire Hazard](#)

This recall involves the Quantum® series ELM and ELM2 emergency light fixtures. The circuit board can overheat and cause the fixture to melt, catch fire and ignite nearby items, posing fire and burn hazards to consumers.

[Sunbeam Recalls Holmes Ceramic Heaters Due to Fire Hazard](#)

This recall involves Holmes oscillating ceramic heaters sold in black, purple, red, blue and white. The ceramic heaters can overheat, posing a fire hazard to consumers.

[Trident Recalls Ultraviolet Sanitation Systems for Pools Due to Fire Hazard](#)

This recall involves all Trident Series 2 ultraviolet sanitation systems for pools. Electrical arcing can cause the units to catch fire, posing a fire hazard.

June 2014[Mission Archery Recalls Crossbows Due to Injury Hazard; Can Fire Unexpectedly](#)

This recall involves Mission Archery crossbows that have the automatic safety located behind the trigger at rear of scope mount, models MXB 320, MXB Dagger, MXB 400 and MXB 360; and serial numbers ranging from XB04879 to XB16555. The crossbow can fire an arrow unexpectedly without the trigger being pulled, posing an injury hazard to the user and to bystanders.

[phil&teds Recalls Infant Car Seat Adaptors for Strollers Due to Fall Hazard](#)

This recall involves phil&teds Travel System 26 (TS26) adaptors used to attach infant car seats to the following phil&teds stroller models, the Classic, Dot, Explorer, Hammerhead, Navigator, S3 and S4. The plastic adaptors used to connect an infant car seat to a stroller can crack, become unstable and break during use, posing a fall hazard to infants.

[Mirka Recalls Compact Electric Random Orbital Sanders Due to Fire Hazard](#)

This recall involves 5-inch and 6-inch Mirka CEROS compact electric random orbital sanders. The sander can short circuit, posing a fire hazard.

[Lea Industries Recalls Bunk Beds with Bookcases Due to Risk of Entrapment \(Recall Alert\)](#)

This recall involves Lea Covington and Hannah Collections style bunk beds with bookcases. The bunk bed can be assembled incorrectly, creating a space that exceeds the 1.88 inches allowed by the industry standard, posing an entrapment hazard to young children.

[SCOTT Recalls Speedster Bicycles Due to Fall Hazard](#)

This recall involves model year 2014 SCOTT men's and women's road bicycles, models Speedster 30, Speedster 40, Contessa Speedster 25 and Contessa Speedster 35. The steerer tube in the front fork can break, posing a fall hazard.

[Weil-McLain Recalls Ultra Series Boilers Due to Risk of Fire, Explosion](#)

This recall involves Weil-McLain Ultra models 80, 105, 155 and 230 MBH gas-fired boilers used for space heating. A cap on the boiler's manifold can crack and release gas into the home, posing a risk of fire and explosion.

[Bubble Knobs Recalled by Cost Plus Due to Laceration Hazard; Sold Exclusively at Cost Plus World Market and World Market Stores](#)

This recall involves glass bubble knobs used on cabinet doors and drawers. The knobs can break and expose sharp pieces of glass, posing a risk of laceration to the consumer.

[Hitachi Koki Recalls Pneumatic Nailers Due to Injury Hazards](#)

This recall involves two models of Hitachi Koki 3 ¼ inch strip pneumatic nailers with depth adjustment. The pneumatic nailers can jam and override the safety switch that permits only one nail to fire at a time, posing an injury risk.

[Big Lots Recalls Ottomans Due to Fall Hazard](#)

The Wilson and Fisher brand ottomans are dark brown resin wicker with cream colored cushions. The center of the ottoman can collapse during normal use, posing a fall hazard to consumers.

[American Signature Recalls Table Lamps Due to Risk of Shock, Fire \(Recall Alert\)](#)

This recall involves 26-inch table lamps. Improper wiring can pose shock and fire hazards to consumers.

[Nokia Recalls Tablet Travel Chargers Due to Electrocution Hazard](#)

The recall includes the Travel Charger kit sold separately for the Nokia Lumia 2520 tablet, also called the AC-300 charger accessory kit. The plastic cover on the charger's exchangeable plugs can come loose and separate, exposing internal components that pose an electrocution hazard if touched while the plug remains in a live socket.

[Brooks Furniture Recalls Glider Rockers Due to Fall Hazard; Sold Exclusively to Kaplan Early Learning](#)

The recall includes two styles of Brooks Furniture glider rockers 1529P and 1529V-LM. The spindles in the glider base can separate while rocking, posing a fall hazard to the user.

[Reebok-CCM Recalls Throat Collars Due to Laceration Hazard](#)

The recalled Reebok TCPRE Senior (SR) and Junior (JR) Goalie Throat Collars are black with white trim and the word "Reebok" is embroidered at the base of the collar. Throat collars have been decertified by BNQ in Canada due to the risk that a skate blade could penetrate the collar, posing a laceration hazard to the throat.

[Linear Expands Recall of Personal Emergency Reporting System Transmitters Due to Battery Signal Failure](#)

The recalled Linear PERS transmitters are components of Linear PERS or personal emergency solutions products and allow users to push a button on the transmitter to summon assistance. The batteries used in the transmitters can fail to emit a low battery warning leading the user to believe the transmitter is functioning and not generate a warning.

[Stile Products Recalls Tern Folding Bicycles Due to Fall Hazard; Frames Can Crack](#)

The recall involves Link Uno, Link D7i, Link D8, Link P9, Link P7i, and Link P24h models of Tern brand adult folding bikes. The bike's frame can crack at the hinge on the top tube, posing a fall hazard.

[Trane Recalls Air Conditioning Systems Due to Shock Hazard \(Recall Alert\)](#)

This recall involves 37 models of Trane XB300 and American Standard brand Silver SI split system outdoor cooling units. The ground screws used in some units do not have the two threads required to provide sufficient grounding, posing a shock hazard to consumers.

[Coravin Recalls to Repair Wine Access System Due to Laceration Hazard](#)

This recall involves all Coravin™ 1000 Wine Access Systems. The system can cause wine bottles to break during pressurization, posing a risk of lacerations.

[Scott, Trek Recall Bicycles with SR Suntour Front Forks Due to Crash Hazard](#)

This recall involves SR Suntour front forks on 13 models of Scott and 11 models of Trek 2011, 2012 and 2013 bicycles. The front fork can break, posing a crash hazard.

[Women's Scarves Recalled by Julie Vos Due to Violation of Federal Flammability Standard](#)

This recall involves Julie Vos women's scarves. The scarves fail to meet the federal flammability standard for wearing apparel and pose a risk of burn injury to consumers.

[Wolf Steel Recalls Napoleon Propane Gas Fireplaces Due to Laceration Hazard](#)

This recall involves the GD3200-P flush glass front and GD3200B-P with a bay window, propane gas fireplaces. The pressure from the ignition of the propane gas can cause the glass front to break, posing a laceration hazard.

[Roland Recalls Digital Pianos Due to Electrical Shock Hazard \(Recall Alert\)](#)

This recall involves Roland model RD-800 Electronic Digital Pianos. The AC power cord can be connected to the XLR output jacks, posing an electrical shock hazard.

[Winco Recalls Contraband 24 Canister Shell Fireworks Kit Due to Impact, Burn Hazards](#)

This recall involves Contraband 24 fireworks kits with canister shells and firing tubes that are designed to be used multiple times. The shell can blow up in the tube during firing, posing impact and burn hazards to the user and bystanders.

July 2014[Sony Recalls VAIO Flip PC Laptops Due to Fire and Burn Hazards](#)

This recall includes Sony's VAIO Flip PC laptops with model number (product name) SVF11N13CXS. The computers' lithium-ion batteries can overheat, posing fire and burn hazards.

[Porter-Cable Fixed-Base Production Routers Recalled Due to Electrical Shock Hazard](#)

Four Porter-Cable 3 1/4 horsepower, electric, fixed-base production routers and one production router base are being recalled. The router base handles are not insulated, posing an electric shock hazard.

[All Power America Recalls Snow Throwers Due to Fire Hazard](#)

This recall involves All Power brand single stage snow throwers. Exposure to Chinese gasoline for extended periods of time while testing the product overseas caused the carburetor needle to become corroded and allow fuel to leak, posing a fire hazard to consumers.

[Big Fireworks Recalls Mock Sword Fireworks Devices Due to Impact, Burn Hazards](#)

This recall involves Big Sword fireworks devices. The handheld fountain device can unexpectedly explode, posing a risk of impact and burn to the user.

[Lifeguard Press Recalls Charging Kits Due to Fire, Shock Hazards](#)

This recall involves seven models of charging kits with universal serial bus ("USB") connectors that are used to recharge Apple iPhone, iPad and iPod devices. The wall charger can overheat and emit smoke and sparks, posing fire and burn hazards to consumers. The prongs on the charger can detach and remain in the electrical outlet, posing a risk of electrical shock.

[Master Cutlery Recalls Neck Knives Due to Laceration Hazard; Sold Exclusively at Big 5 Sports](#)

This recall involves the Karambit neck knife and sheath. The sheath does not hold the knife securely, allowing the knife to fall out of the sheath unexpectedly. This poses a risk of laceration to the consumer.

[Gemini Recalls Power Adaptor/Chargers Due to Burn Hazard](#)

The recalled adaptor/chargers are used to charge cell phones and other electronic products and have model number ADCP3-1000 imprinted on the plug side of the adaptor. The adaptors can overheat, posing a burn hazard.

[GSK Recalls Panadol Advance Bottles Due to Failure to Meet Child-Resistant Closure Requirement; Sold Exclusively in Puerto Rico](#)

This recall involves bottles of 100ct Panadol Advance pain relievers. The packaging is not child-resistant as required by the Poison Prevention Packaging Act. These products contain acetaminophen which is required by the Poison Prevention Packaging Act to be sealed with child-resistant packaging.

[Bollinger Fitness Recalls Resistance Bands Due to Injury Hazard](#)

This recall involves Bollinger Fitness Classic and SoftTouch resistance bands with door attachment, model numbers 5771, 5772, 5773, 5774 and 5775. A black plastic ball attached to the resistance band's door anchor can unexpectedly release and strike the user, posing an injury hazard to consumers.

[Halco Recalls LED Bulbs Due to Risk of Injury and Burn Hazards](#)

This recall involves 14 Halco LED bulb models used in recessed lights, as outdoor security lighting and in retail displays. The LED bulbs can overheat and fall onto consumers below, posing impact and burn hazards.

[Nantucket Distributing Recalls Outdoor Patio Set Chairs Due to Fall Hazard](#)

The recall includes Nantucket Distributing resin wicker outdoor patio set chairs. The rear legs of the chair can break, posing a fall hazard.

[Popkiller Recalls USB Chargers, Adapters and Cables Due to Fire and Electric Shock Hazards](#)

This recall involves Popkiller mini USB car charger power adapters, universal USB power adapters and 8-pin USB data sync charging cables. Improperly mounted plug blades, and inadequate electronic circuitry create a fire and electrical shock hazard to consumers.

[Cycling Sports Group Recalls GT Brand Mountain Bicycles Due to Crash, Injury Hazards](#)

This recall involves all 2014 GT Fury Expert and 2014 GT Fury Team downhill mountain bicycles. The wheel hubs can break and cause the brake system to fail, posing crash and injury hazards to the consumer.

[Oeuf Recalls to Repair Cribs Due to Entrapment Hazard](#)

The recall includes four models of Oeuf Sparrow cribs. The slats/spindles and top rail can detach from the cribs and pose an entrapment hazard to a child.

[Dream On Me Recalls High Chairs Due to Strangulation and Fall Hazards](#)

The recall includes Dream On Me Dinah high chairs made with a steel, powder coated tubing open-framed base with white plastic foot grips and black with white trim or red with white trim fabric seats. The leg or side opening of the chair can allow a child's body to pass through and become entrapped at the neck or fall from the chair. This poses a strangulation and fall hazard to young children.

[East Coast Cycle Supply Recalls Trayl TRN Mountain Bikes Due to Crash Hazard; Sold Exclusively at Sports Authority \(Recall Alert\)](#)

This recall involves all Trayl TRN 29-inch hardtail mountain bikes. The brakes can fail to stop riders within the distances required by federal regulation, posing a crash hazard.

[Pottery Barn Recalls Bar Stools Due to Fall Hazard \(Recall Alert\)](#)

This recall involves Donovan model bar stools made from mahogany wood and have a 15-inch round woven banana bark swivel seat that rotates 360 degrees. The bar stool footrest can break, posing a fall hazard to the user.

[Recalled Products Sold by Best Buy and Liquidators After Recall Date](#)

The U.S. Consumer Product Safety Commission ("CPSC") and Best Buy are warning consumers that 10 different recalled products continued to be sold or were resold by Best Buy, Magnolia stores and liquidators Best Buy Private Auction, CowBoom and TechLiquidators nationwide, and online at www.bestbuy.com, after they were recalled in 2012 and 2013. Hazards can include fire, burn, shock, expelled parts, falls and skin irritation depending on the product.

[Mayborn USA Recalls to Repair Baby Monitors Due to Strangulation Hazard](#)

This recall involves two models of the Tommee Tippee Movement and Sound Baby Monitors with Sensor Pads. Child can pull sensor pad cord into crib and wrap around the neck, posing a strangulation hazard.

[Far East Brokers Recall Glass Beverage Dispenser Set Due to Injury Hazard; Sold Exclusively at Publix](#)

This recall involves glass beverage dispenser set including, a clear glass ovoid-like shaped container with a clear glass lid, a silver spigot and a wire three-legged metal stand. The metal stand supporting the glass dispenser can break, posing an injury hazard to consumers.

[Metabo Recalls Electric Angle Grinders Due to Laceration Hazard](#)

This recall involves Metabo W14-150 Ergo series 6-inch medium angle grinders. The on/off switch can stick in the “On” position, posing a laceration hazard.

[Philips Lighting Recalls Lightolier Glass Lenses Due to Laceration Hazard](#)

This recall involves Philips “Lightolier” brand AF4SY decorative glass lenses used on various types of light fixtures. The decorative glass lens can shatter and result in falling pieces of glass, posing a risk of laceration to the consumer.

[Kawasaki Recalls Teryx4 Recreational Off-highway Vehicles Due to Injury Hazard \(Recall Alert\)](#)

The recalled vehicles are 2012 and 2013 Kawasaki Teryx4 750 4x4 recreational off-highway vehicles. The vehicle's floor boards can allow a stick or other debris to break through and protrude into the foot rest area, posing an injury hazard to the operator and front passenger.

[Harris Products Group Recalls Welding Torch Handles Due to Fire Hazard](#)

This recall involves two models of torch handles that were sold under the Lincoln Electric® and Harris Products Group® brand names. The torch handles can leak oxygen or fuel, posing a fire hazard.

[Dynacraft Recalls Avigo Youth Bicycles Due to Fall Hazard; Sold Exclusively at Toys “R” Us](#)

This recall involves 20 inch Avigo Turn N Burn youth bicycles with model number 8107-62. The front wheel on the bicycle can detach, posing a fall hazard.

August 2014[PetSmart Recalls Top Fin Plastic Aquarium Heaters Due to Electrical Shock Hazard](#)

This recall involves all 50-, 100-, 150-, 200- and 250-watt Top Fin brand plastic aquarium heaters. The heaters are insufficiently grounded, posing a risk of electrical shock to the consumer.

[Johnson Outdoors Diving Recalls Dive Computers Due to Injury Hazard](#)

This recall involves the Aladin2 wrist dive computer that monitors depth, dive time, decompression status and temperature. The dive computer can leak and stop working, posing a risk of injury due to decompression sickness.

[Samson International Recalls Bar Stool Due to Fall Hazard; Sold Exclusively at Costco](#)

This recall involves bar stools with a dark brown walnut finish wood with a brown leather padded back and swivel seat cushion. The footrest can crack, compromising the strength of the bar stool, posing a fall hazard.

[VIZIO Recalls to Repair 39- and 42-Inch E-Series Flat Panel Televisions Due to Risk of Tip Over](#)

This recall involves Vizio E-series 39- and 42-inch Full-Array LED flat panel televisions. The stand assembly can fail and cause the television to tip over unexpectedly, posing a risk of impact injury to the consumer.

[Lea Industries Recalls Lighted Night Stands Due to Burn Hazard](#)

This recall involves lighted night stands sold in three different styles and finishes. The light fixture under the night stand can overheat and scorch carpet, posing a burn hazard.

[L.L. Bean Recalls Children’s Sweaters Due to Choking Hazard \(Recall Alert\)](#)

The recall includes L.L. Bean children’s sweaters sold in two styles: Fisherman’s, and Open Stitch. Consumers should immediately remove the spare button attached to label located on the inside seam of the sweaters to eliminate the hazard.

[JPC Equestrian Recalls Stirrup Leathers Due to Fall Hazard](#)

This recall involves five models of pre-stretched stirrup leathers. The stirrup leather can crack and break, posing a fall hazard to the rider.

[CoScentrix Recalls Candles in Metal Tins Due to Fire Hazard; Sold Exclusively at Hobby Lobby](#)

This recall involves 4-ounce DD branded candles sold in a round metal tin with a metal lid. The candle's high flame can ignite the surface of the wax and the polymer coating on the tin-plated container, posing a fire hazard.

[ESL, Interlogix Hard-Wired Smoke Alarms Recalled Due to Failure to Alert Consumers of a Fire](#)

This recall involves thirty-three models of the 400 and 500 series Edwards (ESL)-branded and Interlogix smoke detectors hard-wired into a security system. Radio frequency interference can cause the smoke detectors to fail to alert consumers of a fire.

[Vornado Air Recalls Electric Space Heaters Due to Fire and Burn Hazards](#)

This recall involves Vornado VH110 Whole Room Vortex electric space heaters sold in two colors, black and white. The heater can overheat and cause the units to melt, catch fire and ignite nearby items, posing a fire and burn hazard to consumers.

[Snowmobiles Recalled by Arctic Cat Due to Fuel Leak and Fire Hazard \(Recall Alert\)](#)

This recall involves model year 2014 Arctic Cat XF 7000 and ZR 7000 and model year 2015 XF 7000 and ZR 7000 snowmobiles. Fuel can leak from the fuel line assembly, posing a fire hazard.

[BRITA Recalls Children's Water Bottles Due to Laceration Hazard](#)

The four recalled children's water bottles have popular cartoon characters on a hard-sided plastic bottle. The lid can break into pieces with sharp points, posing a laceration hazard

[Bexco Recalls Franklin & Ben Mason 4-in-1 Convertible Cribs Due to Fall and Entrapment Hazards](#)

This recall includes Franklin and Ben Mason style 4-in-1 style cribs model number 5601 that were manufactured from January 2012 through August 2012. The crib front can separate from the side panels and create a hazardous gap that can allow a child to fall out or become entrapped between the front and side panels.

[Golden Artist Colors Recalls QoR Synthetic Ox Gall due to Skin Irritation \(Recall Alert\)](#)

The product is designed to be used with artists' watercolor paints in small amounts to improve flow and wetting. Risk of skin rash or blistering.

[Attwood Recalls Kayak and Watersports Storage Hanger Due to Injury Hazard](#)

This recall involves kayak and watersports storage hangers sold as a pair of blue and black fabric straps that measure approximately 1 inch wide and 84 inches long when unbuckled. The length adjustment buckles release unexpectedly, causing the item being stored to fall and injure people nearby

[SolarWorld Recalls Solar Systems with Copper Grounding Lugs Due to Electrocution, Electric Shock or Fire Hazard](#)

This recall includes SolarWorld solar systems installed with bare-copper grounding lugs installed after June 1, 2010. SolarWorld solar panels installed with bare-copper grounding lugs can corrode which could result in a faulty ground circuit, posing an electric shock, electrocution or fire hazard.

[WilliamsRDM Recalls StoveTop FireStop Microhood Due to Safety Hazard \(Recall Alert\)](#)

The recalled product is the StoveTop FireStop Microhood. The Microhood front canister can fall from the unit and fail to suppress the fire.

[Two Deaths Reported with Ace Bayou Bean Bag Chairs; Recall Announced Due to Suffocation and Choking Hazards](#)

The U.S. Consumer Product Safety Commission ("CPSC") and Ace Bayou Corp., of New Orleans, La., are announcing the voluntary recall of about 2.2 million bean bag chairs following the deaths of two children. The zippers on the bean bag chairs can be opened by

children who can then crawl inside, get trapped and suffocate or choke on the bean bag chair's foam beads.

[Hewlett-Packard Recalls Notebook Computer AC Power Cords Due to Fire and Burn Hazards](#)

This recall involves Hewlett-Packard's LS-15 AC power cord. The AC power cord can overheat, posing a potential fire and burn hazard.

[Cree Recalls LED Light Fixtures Due to Laceration Hazard \(Recall Alert\)](#)

This recall involves CXB Series LED high-bay indoor light fixtures with model numbers CXB-23L-40K-U-1-HC and CXB-23L-40K-U-1-JP. The glass lens on the fixture can break, posing a laceration hazard.

[Goodman Company Recalls Air Conditioning and Heating Units Due to Burn and Fire Hazards](#)

The recall involves Amana, Century, Comfort-Aire, Goodman and York International-branded Packaged Terminal Air Conditioners and Heat Pumps. The power cords on the air conditioning and heating units can overheat, posing burn and fire hazards.

[NRS Recalls Water Sports Helmets Due to Risk of Head Injury](#)

This recall involves NRS "Chaos Side Cut" helmets used for water sports, including rafting, kayaking, stand-up paddling and canoeing. The rivets holding the chin strap to the helmet can fail and cause the helmet to fall off in an incident, posing a risk of head injury.

[Swimwear Anywhere Recalls Little Marc Jacobs Girl's Hooded Jackets Due to Strangulation Hazard \(Recall Alert\)](#)

This recall involves the Little Marc Jacobs girl's hooded pull-over swimwear cover-up jacket made of 100 percent cotton. The jackets have a drawstring around the neck area that poses a strangulation hazard to children. Drawstrings can become entangled or caught on playground slides, hand rails, school bus doors or other moving objects, posing a significant strangulation and/or entanglement hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Multi-Purpose Outdoor Shelters Recalled By Sunjoy Due to Fire Hazard; Sold Exclusively at BJ's Wholesale Club \(Recall Alert\)](#)

This recall includes the 10 ft. multi-purpose outdoor shelter. The fabric canopy on the shelters fails to comply with a voluntary flammability standard, posing a fire hazard to consumers.

[American Woodcrafters Recalls Bunk Beds Due to Fall Hazard; Sold Exclusively at Haverty's \(Recall Alert\)](#)

This recall involves Cottage Retreat II bunk beds with a side ladder. The bed's side mattress support rails can break, posing a fall hazard.

September 2014

[Tray Vous Recalls Snack and Activity Trays for Strollers Due to Strangulation Hazard](#)

This recall involves Tray Vous's snack and activity trays, which have connectors that fit into strollers. The opening between the recalled tray and stroller seat bottom allows an unharnessed child's body to pass through, but could trap a child's head, posing a strangulation hazard.

[Orbea Recalls Avant Bicycles Due to Fall Hazard](#)

This recall involves all Avant bicycles and carbon framesets sold with hydraulic disk brakes and all Avant bicycles and carbon framesets that are capable of being configured with hydraulic disc brakes. The bicycle front fork can crack, posing a fall hazard.

[iDevices Recalls Temperature Probes Due to Ingestion Hazard](#)

This recall involves all Pro Ambient Temperature Probes and Pro Meat Probes manufactured from May 2014 through June 2014. The plastic insulator located inside the stainless steel probe is not heat resistant and can melt and fall into food, posing an ingestion hazard.

[Great Innovations Recalls Humidifiers Due to Fire Hazard; Sold Exclusively by QVC \(Recall Alert\)](#)

This recall involves Air Innovations's Ultrasonic Clean Mist humidifiers with mood lights. Water can enter the base and cause the circuit board to short circuit and overheat, posing a fire hazard.

[FGX International Recalls Children's Sunglasses Due to Violation of Lead Paint Standard](#)

This recall includes 20 styles of Disney, Marvel and Sears/Kmart brand children's sunglasses. Surface paint on the sunglasses contains excessive levels of lead, which is prohibited under federal law.

[Livie & Luca Recalls Children's Shoes Due to Laceration Hazard](#)

The recalled Livie & Luca children's shoes include two styles: Carta and Cotton. A metal thread inside the interior shoe liner can loosen and poke through the shoe lining, posing a laceration hazard to the user.

[AmTRAN Video Recalls to Repair 42-Inch JVC Flat-Panel Televisions Due to Risk of Tip Over](#)

This recall involves JVC 42-inch, Emerald Series Full HD 1080P LED flat-panel televisions, model EM42FTR and serial number beginning with "T." The neck of the stand can crack and cause the television to tip over unexpectedly, posing a risk of impact injury to the consumer.

[Yamaha Recalls Snowmobiles Due to Fire Hazard \(Recall Alert\)](#)

This recall involves model year 2014 SR10R (SRViper), SR10RXS (SRViper RTX SE), SR10L (SRViper LTX), SR10LS (SRViper LTX SE) and SR10XS (SRViper XTX) snowmobiles and model year 2015 SR10LS (SRViper LTX SE) snowmobiles. The fuel hose joint can leak during operation, posing a fire hazard.

[Cabrinha Recalls Kiteboarding Control System Due to Risk of Injury](#)

The 1X and the Overdrive 1X control systems are both comprised of a light-weight control bar to control and depower the kite, a set of flying lines and a harness loop/quick release ("QR") mechanism. The Recoil™ spring on the control mechanism can jam, leading to a loss of control, which poses a risk of injury.

[Benetton Recalls United Colors of Benetton Boy's Jackets; Waist Drawstring Poses Entanglement Hazard](#)

This recall involves United Colors of Benetton's boy's jackets made of 100 percent cotton. The jackets have a drawstring at the waist that could become snagged or caught in small spaces or vehicle doors, posing a significant entanglement hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Coleman Recalls Inflatable Rubber River Tubes Due to Skin Irritation Hazard; Sold Exclusively at Wal-Mart](#)

This recall involves Sevylor brand River Racer inflatable rubber tubes sold at Wal-Mart stores. Contact with the tube can cause skin irritation.

[American Honda Recalls Gas-Powered Generators Due to Impact Hazard and Owner's Manual Error \(Recall Alert\)](#)

This recall involves the 2014 Honda gasoline-powered EU7000isN AT generator. The rear frame support can fail during lifting, posing an impact hazard. The owner's manual can have missing or duplicated pages, which could cause consumers not to receive important operating or safety information.

[Kidde Recalls Smoke and Combination Smoke/CO Alarms Due to Alarm Failure](#)

This recall involves Kidde residential smoke alarm model i12010S, with manufacture dates between December 18, 2013 and May 13, 2014, combination smoke/CO alarm i12010SCO with manufacture dates between December 30, 2013 and May 13, 2014, and combination smoke/CO alarm model KN-COSM-IBA with manufacture date between October 22, 2013 and May 13, 2014. The alarms could fail to alert consumers of a fire or a CO incident following a power outage.

[Arctic Cat Recalls Side by Sides Due to Fire Hazard \(Recall Alert\)](#)

This recall involves all 2014 Arctic Cat Wildcat Trail and Wildcat Trail XT side-by-side utility vehicles with vehicle identification numbers ("VIN") 000001 through 316232. Oil can leak from the oil cooler lines, posing a fire hazard.

[IKEA Recalls Children's Swing Due To Fall Hazard](#)

This recall involves IKEA's GUNGGUNG Swing. The suspension fittings can break, causing a child to fall from the swing, posing a risk of serious injury.

[Siemens Recalls Audible Fire Alarm Base Due to Risk of Injury](#)

This recall involves the SBGA-34 audible base that is affixed to ceiling-mounted smoke detectors to sound an alarm when the fire alarm system is activated. The base can fail to sound an alarm, posing a risk of personal injury and property damage.

[Hearth & Home Technologies Recalls Gas Fireplaces, Stoves, Inserts and Log Sets Due to Risk of Gas Leak and Fire Hazard](#)

This recall involves Hearth and Home Technologies®, Heat-N-Glo®, Heatilator®, Outdoor Lifestyles® and Quadra Fire® natural or propane gas indoor and outdoor fireplaces, stoves, inserts and log sets. The gas valve in the unit can leak, posing a fire hazard.

[Ross Stores Recalls Bistro Chairs Due to Fall Hazard](#)

This recall involves metal folding bistro chairs that are orange and have perforations on the seat. The chair's seat can fail to attach to the frame when the chair is unfolded, causing the chair to collapse. This poses a fall hazard to consumers.

[Bad Boy Buggies Recalls Recreational Off-Road Vehicles Due to Crash Hazard](#)

This recall involves gas- and electric-powered, four-wheeled recreational vehicles manufactured by Bad Boy Buggies. Incorrect parking brake adjustments and improperly bled brake lines can diminish a consumer's braking ability, posing a crash hazard.

[Shivvers Recalls Country Clipper Riding Lawn Mowers Due to Fire Hazard](#)

This recall involves model year 2012, 2013 and 2014 Country Clipper riding lawn mowers. The ignition module can fail to ground, resulting in overheating and melting, posing a fire hazard.

[Trimfoot Recalls Children's Soft-Soled Sneakers Due to Choking Hazard; Sold exclusively at Macy's](#)

The recall involves First Impression's high-top, soft-soled sneakers for infants who are crawling or standing. A small metal eyelet can detach from the inside of the sneaker, posing a choking hazard to infants.

[Franklin Fueling Systems Recalls Hardwall Fuel Curb Hose Due to Fire and Explosion Hazard](#)

The FLEX-ING™ FLEX-ON hardwall curb hose is 1-inch in diameter, ranging in lengths from 9 inches to 100 feet, including various made-to-order lengths, with fixed and swivel fittings. The crimp on the fuel hose can loosen, causing fuel to leak, posing a fire and explosion hazard.

[Active Apparel Recalls Boy's Fission Zipper Hooded Sweatshirts Due to Strangulation Hazard](#)

This recall involves boy's Fission zipper hooded sweatshirts made of 100 percent cotton. The sweatshirts have drawstrings around the neck area that pose a strangulation hazard to children. Drawstrings can become entangled or caught on playground slides, hand rails, school bus doors or other moving objects, posing a significant strangulation or an entanglement hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Pure Baby Organics Boys Hoodie Recalled by Chantique's Corp. Due To Strangulation Hazard](#)

This recall involves a Pure Baby Organic boy's hoodie made of 100 percent cotton. The sweaters have a drawstring around the neck area, which poses a strangulation hazard to children. Drawstrings can become entangled or caught on playground slides, hand rails, school bus doors or other moving objects, posing a significant strangulation or an entanglement hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to helping prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

[Husqvarna Recalls Craftsman Push Mowers Due to Injury Hazard; Sold Exclusively at Orchard Supply Hardware \(Recall Alert\)](#)

This recall involves Craftsman 3-in-1 high-wheel, gas-powered, push mowers equipped with Honda GCV160 engines and a 21-inch deck. The engine control/bail lever on the handle can fail, allowing the engine to run and the blades to rotate, posing an injury hazard to consumers.

2) Letters of Advice to Importers or Manufacturers

For all products regulated by the CPSC, the Commission issues a Letter of Advice (“LOA”) when staff identifies a violation of a mandatory standard. LOAs advise companies of the violation and the nature of the necessary corrective action: to correct future production (“CFP”); to stop sale and CFP; or to recall, stop sale, and CFP. This section lists the LOAs sent to importers and manufacturers in 2014, where the Commission received a response from the company confirming the violation, and the Commission decided that the company voluntarily completed corrective action to remedy the hazard.

3) **Commission Determinations and Judicial Actions**

The CPSC can seek civil penalties when companies knowingly fail to report to the Commission potential product hazards, unreasonable risks or a failure to comply with a rule, regulation, standard or ban, as required under section 15(b) of the CPSA, or knowingly violate any prohibited act in violation of section 19 of the CPSA. The Commission has the authority to compromise any civil penalty or file suit in federal court requesting that the U.S. Department of Justice seek a civil penalty or other relief. In 2014, the CPSC negotiated out-of-court settlements in which three companies voluntarily agreed to pay \$4.425 million in civil penalties to the U.S. Treasury.

Civil Penalty Settlements Accepted by the Commission

Firm	Fine	Act	Product
Cinmar Press Release	\$3,100,000	CPSA	Ladders & Accessories
Forman Mills Press Release	\$600,000	CPSA	Clothing (Children)
HMI Industries Press Release	\$725,000	CPSA	Vacuum Cleaners/Sweepers

The Commission has a variety of enforcement authorities, including the ability to take legal action under section 12 (to seize an imminently hazardous consumer product) or seek a mandatory order under section 15(c) or 15(d) of the CPSA (to protect the public from products that present a substantial product hazard or order a recall or other corrective action as appropriate, respectively). The Commission may also request that the U.S. Department of Justice pursue criminal penalties against offenders. Enforcement and litigation activities of the Commission are listed in several tables below.

Lawsuits Filed Seeking Mandatory Recall Remedies Under Section 15 of the CPSA

In the Matter of Maxfield and Oberton Holdings, LLC, CPSC Docket 12-1

On May 9, 2014, the Commission entered an order accepting a consent agreement settling the matter, which had been initiated by a complaint filed on July 25, 2012. The complaint sought a determination that the small, rare earth magnets constitute a substantial product hazard and also sought mandatory recall remedies for consumers. On May 14, 2014, the court entered an order acknowledging the Commission action and dismissing the complaint.

In the Matter of Star Networks, USA, LLC CPSC Docket 13-2

On July 28, 2014, the Commission entered an order accepting a consent agreement settling the matter, which had been initiated by a complaint filed in December 2012. The complaint sought a determination that the small, rare earth magnets constitute a substantial product hazard and also sought mandatory recall remedies for consumers. On July 29, 2014, the court entered an order acknowledging the Commission action and dismissing the complaint.

In the Matter of Zen Magnets, LLC, CPSC Docket 12-2

On June 20, 2014, the court ordered that a hearing of the matter was to commence on December 1, 2014. The case was initiated by a complaint filed on July 25, 2013, which sought a determination that the small, rare earth magnets constitute a substantial product hazard and also sought mandatory recall remedies for consumers.

Commission Determined Imminent Hazards - Section 12 of the CPSA

There were no instances in FY 2014 where the Commission took action under section 12 of the CPSA.

Completed or Pending Judicial Actions: Litigation and Settlements

This section summarizes federal court cases, categorized by type, to which the Commission was a party or participated during 2014. Federal court cases include subpoena enforcement, civil penalty, seizure, injunction actions, cases with the Commission as defendant, and bankruptcy matters.

Federal Court Cases

Civil Penalty and Injunction Actions

Party	Summary
<i>Toys Distribution Inc. d/b/a TDI International; TOYS DISTRIBUTION, INC. dba TDI INTERNATIONAL, a California corporation; and LOAN TUYET THAI, LAN MY LAM and PAUL PHUONG, individually and as officers of the corporation; S & J MERCHANDISE, INC., a California corporation; and CUC T.THAI individually and as an officer of the corporation; BLJ APPAREL, INC., a California corporation; and LUAN LUU, individually and as an officer of the corporation; and ALL SEASON SALES, INC., a California corporation; and TOM LIU, individually and as an officer of both All Season Sales and S & J Merchandise S & J Merchandise Inc., BLJ Apparel, Inc., and All Season Sales,(C.D. California) Case 2:14-cv-01364</i>	Issue/Statute: Repeated pattern of violations under CPSA and FHSA of small parts regulations, lead in paint ban, lead content limits, limits on phthalates, requirements for rattles, tracking labels requirements, and certification requirements. Complaint for Permanent Injunction filed against defendants on February 24, 2014. Consent Decree for Permanent Injunction entered by the Court on June 10, 2014.
<i>U.S. v. Electrolux Home Products, Inc., Civil No. 1:14 –cv-00117-JRH-BKE (S.D. Ga.)</i>	The government filed a complaint for civil penalties and permanent injunctive relief on May 13, 2014. On May 14, 2014 the government filed a consent decree of civil penalty and permanent injunctive relief requiring payment of a civil penalty of \$750,000 and injunctive relief that includes compliance measures. On May14, 2014 U.S. District Judge J. Randal Hall issued an order that the consent decree constituted a final judgment and order.

Cases against the Commission

Party	Summary
<i>Craig Zucker v. CPSC and Robert Adler,</i> Civil No. 8:13-cv-03355-DKC (D. MD)	On November 12, 2013, plaintiff filed a complaint alleging that defendants actions in naming him as a respondent in administrative litigation was in violation of the Administrative Procedure Act and his First and Fifth Amendment rights under the U.S. Constitution. Plaintiff sought declaratory and injunctive relief. Defendants filed a motion to dismiss on January 14, 2014. Plaintiff filed an opposition to the motion to dismiss on February 28, 2014. On April 9, 2014, the U.S. District Court granted the unopposed motion of the Chamber of Commerce of the United States of America to file an Amicus Brief in support of Plaintiff and brief filed on April 9, 2014. On April 11, 2014, the U.S. District Court granted the unopposed motion of the National Federation of Independent Business Small Business Legal Center to file an amicus brief in support of Plaintiff and brief filed on April 11, 2014. Defendants filed a reply memorandum in support of motion to dismiss on April 28, 2014. Plaintiff then filed a notice of voluntary dismissal with prejudice on May 16, 2014. The district court approved the dismissal and closed the case on May 21, 2014.
<i>Cause of Action v. U.S. Consumer Product Safety Commission,</i> Case No. 1:14-cv-00541-RC (D.D.C.)	On April 1, 2014, plaintiff filed a lawsuit seeking documents from a FOIA request. On April 30, 2014, plaintiff served the U.S. Attorney. On May 27, 2014, the parties filed a joint motion to extend the time for response and agreed to meet and confer to work out a schedule for production of documents. On May 28, 2014, the court issued an order granting the consent motion for extension of time. On July 30, 2014, the court granted a consent motion to stay the case for 90 days so that CPSC could produce additional documents. The CPSC has produced documents responsive to the FOIA on May 30, June 3 and 27, August 6, and September 3, 2014, and is continuing to process additional documents.

Criminal Cases

Party	Penalty	Reason(s) for Penalty	Product
<p><i>USA v. Chenglan Hu, Guan Jun Zhang, Hua Fei Zhang, Jun Wu Zhang, Xiu Lan Zhang, Family Product USA Inc., H.M. Import USA Corp., ZCY Trading Corp., Zone Import Corp., and ZY Wholesale Inc.</i>, Case No. 1:13-cr-00068 (E.D.N.Y.)</p>	<p>On February 6, 2013 the five defendants and five corporations were charged in a 24-count indictment in the federal district court in the E.D.N.Y. The individuals pled not guilty on all counts and were released on bond.</p> <p>The following individuals and related firms pled guilty in U.S. District Court in the Eastern District of New York. In pleading guilty, the defendants agreed to forfeit \$700,000:</p> <ul style="list-style-type: none"> • Guan Jun Zhang pled guilty on July 14, 2014 to count 8 of the indictment—illegal importation and distribution of violative consumer products (products which exceeded total lead content limits). Mr. Zhang also pled guilty to count 15, criminal copyright infringement. • Jun Wu Zhang pled guilty on July 24, 2014 to count 1 of the indictment—conspiracy to import violative consumer products into the United States (products that contained small parts, exceeded total lead content limits and phthalate level limits, and contained accessible battery compartments). Mr. Zhang also pled guilty to count 2 of the indictment—conspiracy to commit copyright infringement and traffic in counterfeit goods. • Family Product USA Inc., H.M. Import USA Corp., ZCY Trading Corp., Zone Import Corp., and ZY Wholesale Inc. pled guilty on August 7, 2014 to count 1 of the indictment—conspiracy to import violative consumer products into the United States (products that contained small parts, exceeded total lead content limits and phthalate level limits, and contained accessible battery compartments). The firms also pled guilty to count 2 of the indictment—conspiracy to commit copyright infringement and traffic in counterfeit goods. • Chenglan Hu pled guilty on August 27, 2014 to count 1 of the indictment—conspiracy to import violative consumer products into the United States (products 	<p>Conspiracy to traffic and smuggle children’s products in violation of the CPSA and FHSA and counts for smuggling, money laundering and structuring relating to trafficking in counterfeit goods.</p>	<p>Repeated pattern of violations under CPSA and FHSA of small parts regulations, lead content limits, limits on phthalates, and accessible battery compartments. Other violations relating to conspiracy, intellectual property rights, smuggling and money laundering.</p>

that contained small parts, exceeded total lead content limits and phthalate level limits, and contained accessible battery compartments).

- Hua Fei Zhang pled guilty on August 27, 2014 to count 1 of the indictment—conspiracy to import violative consumer products into the United States (products that contained small parts, exceeded total lead content limits and phthalate level limits, and contained accessible battery compartments).
-

PUBLIC OUTREACH

The Commission communicates with the public about product-related hazards through print, broadcast, and online media; its Hotline; Neighborhood Safety Network and other listservs; partnerships and events; and other outreach activities. The Commission also meets with stakeholders to discuss matters related to the mission of the CPSC. This section presents information on many of the activities used to provide safety information to consumers, industry and other stakeholders in 2014 through:

- consumer outreach;
- dissemination of technical information; and
- cooperation between Commission officials and stakeholders.

1) **Consumer Outreach:** The CPSC alerts the public through about 400 recall announcements each year, print and video news releases, public service announcements, publications, national and local television and radio appearances, the CPSC Hotline, Neighborhood Safety Network, and listservs. The CPSC also communicates with the public through various online media, including:

- CPSC websites (www.CPSC.gov and in Spanish, www.Recalls.gov (a joint site with other federal agencies), www.ATVSafety.gov, www.PoolSafety.gov, www.SaferProducts.gov);
- CPSC information centers (Twelve centers including: [cribs](#), [CO](#) and [generators](#), [drywall](#), [magnets](#), [poison prevention](#), [resale/thrift stores](#), [window coverings](#));
- OnSafety blog (www.CPSC.gov/OnSafety);
- recall widget (www.CPSC.gov/cgi-bin/javascripts/widgetrss.html);
- phone app (www.cpsc.gov/en/Newsroom/Subscribe/CPSC-Mobile/); and
- social media sites ([Flickr](#), [Foursquare](#), [Google+](#), [Twitter](#) and in Spanish, [Slideshare](#), [YouTube](#) and in Spanish,) including interactive applications Google Hang-outs and Twitter parties.

The number of visits to the CPSC's website, www.CPSC.gov, has grown rapidly from about 200,000 visits in 1997, to tens of millions of visits per year. The increase is due in part to the new CPSC 2.0 social media initiative, including [YouTube](#), [Twitter](#), [Flickr](#), the [OnSafety](#) blog, the recall widget and a new, Spanish language presence on [CPSC.gov](#), [Twitter](#) and [YouTube](#).

In recent years, the CPSC website, www.CPSC.gov, was redesigned to widen and speed public access to important safety information. The goal of the redesign was to enhance the user experience, improve navigation and search functionality, and streamline the content management and posting processes.

The CPSC also alerts the public through other outreach activities, such as the Neighborhood Safety Network ("NSN"). This is a grassroots program that provides timely, lifesaving information to about 9,500 organizations and individuals who, in turn, share CPSC safety posters, videos and news alerts with underserved consumers who otherwise might be unlikely to hear or receive information from the CPSC.

The Hotline is a toll-free service that allows consumers to report product complaints or product-related injuries, learn about recalls and safety hazards, and obtain safety publications.

In 2014, the Hotline received more than 98,000 calls; 3,264 incidents were reported; requests for more than 367,000 publications were fulfilled; and 5,878 e-mails were processed.

The National Injury Information Clearinghouse provides data to the public in response to more than 1,000 requests each year. It also alerts manufacturers to potential hazards associated with their products, providing them with consumer complaints, reported incidents, and incident investigations involving their products.

In December 2008, the Virginia Graeme Baker Pool and Spa Safety Act (“VGB”), which addresses the hazards of child drowning and drain entrapment, went into effect. Since 2010, the CPSC has awarded an annual contract to develop and implement a comprehensive information and education campaign that teaches pool and spa safety steps that stress prevention of drowning and entrapment by engaging stakeholders as partners at the national and grassroots levels. Child safety experts work on public and residential drowning prevention programs for parents and children, and industry organizations share VGB compliance information with pool and spa owners and operators.

- 2) **Dissemination of Technical Information:** As part of the CPSC’s research activities and other support work, the Commission develops many technical reports and presentations to present findings and share ideas. These documents are very useful to other researchers and industry. The reports listed in this section were developed in 2014, and are available on the CPSC’s website.
- 3) **Cooperation between Commission Officials and External Stakeholders:** In the course of the year, the Commissioners and staff at the CPSC held meetings with consumers, industry, and the public on matters related to the mission of the CPSC. A list of meetings of “substantial interest” for 2014 is provided in this report. CPSC’s Meetings Policy defines “substantial interest” as “any issue that is likely to be the subject of a regulatory or policy decision by the Commission.” The Meetings Policy requires CPSC staff and Commissioners to: (1) announce meetings in advance on the Public Calendar; (2) hold meetings that are open to the public unless certain specified exceptions apply; and (3) submit meeting summaries to the Office of the Secretary. To access the Public Calendar, visit: www.cpsc.gov/Newsroom/Public-Calendar/.

1) Consumer Outreach

For more detail, visit the electronic version of this document at:
<http://www.cpsc.gov/Global/About-CPSC/Reports/Annual-Reports/FY14AnnualReport.pdf>
to follow the links provided below.

Reached Consumers on Product-Related Hazards

In 2014, CPSC obtained impressions at the following levels:

Import Safety

About 3.5 billion impressions related to messages on import safety were achieved through print, broadcast, and online media outreach. This number is significantly larger than estimates due to significant coverage of recalls of several imported products.

Fire Hazards

About 2 billion impressions related to fire safety messages were achieved through newspaper stories, radio stories, social media outreach, TV appearances and video broadcasts. Several recalls of millions of units with fire hazards more than doubled the exposures from 2013.

Carbon Monoxide (“CO”) Hazards

About 191 million impressions related to carbon monoxide safety messages were achieved through newspaper stories, radio stories, social media outreach, TV appearances and video broadcasts.

Children’s and Other Hazards

About 3.68 billion impressions related to children’s product safety messages were achieved through newspaper stories, radio stories, social media outreach, TV appearances, and video broadcasts.

Conducted Public Information Efforts

In 2014, CPSC staff conducted the following public information efforts:

Back to School Safety: CPSC used several communication tools to reach out to schools and families regarding Back-to-School safety. CPSC distributed links to CPSC’s Back-to-School safety YouTube video and the Back-to-School safety checklist through social media platforms. CPSC staff posted resources to its website under the *Safety Guides* tab (www.CPSC.gov/Safety-Education/Safety-Guides) that include sport and recreation safety information, such as resources for bicycle, helmet, and trampoline safety. Also, staff presented school safety information to school administrators and owners, and federal partners monthly through the National Youth and Consumer Safety Council (“The Safety Council”). Staff also distributed safety resources at the National Urban League Conference and the Tom Joyner Family Reunion conference. Through other media formats and social media, staff was able to obtain more than an 8 million additional impressions on recalls for products such as bicycles, trampolines, water bottles, scooters, and children’s toys. CPSC also provided federal, state, and local partners, including the National Highway Traffic Safety Administration (“NHTSA”), Safe Kids, and the Bicycle Helmet Institute, with school safety recall information on playgrounds and bicycles.

Bicycle/Helmet Safety: CPSC staff worked with the National Youth and Consumer Safety Council (“The Safety Council”), NHTSA, and other state and local partners to disseminate bicycle and bicycle helmet safety information and recalls. Also, CPSC’s bicycle and bicycle helmet safety publications including “Sprocketman” coloring book and “Which Helmet for

Which Activity” were distributed to school administrators and parents’ associations by CPSC staff at school, daycare, and minority outreach conferences including the National Urban League and Tom Joyner Family reunion exhibit. CPSC issued bicycle/helmet and bicycle accessory press releases and distributed CPSC Bicycle Safety blogs, Tweets and disseminated the Back-to-School safety video to news media. Bicycle and bicycle helmet safety information was also highlighted in Back-to-School and Holiday Toy safety messages reaching more than 8 million people.

CO Alarms: Throughout 2014, CPSC stressed the importance of installing CO alarms and replacing batteries in them annually. In two separate news releases, when Daylight Savings Time ended in November 2013, and when it began in March 2014, CPSC urged consumers to replace batteries in their CO alarms annually.

Fireworks Safety: On June 26, 2014, the CPSC launched its annual fireworks safety campaign on the National Mall in Washington, DC. New death and injury data showed an estimated 7,400 consumers were injured by fireworks during the 30 days surrounding July 4 in 2013. There were eight firework-related fatalities reported in 2013. A news conference was held on the grounds of the Washington Monument with federal partners present, including U.S. Customs and Border Protection, Bureau of Alcohol, Tobacco, Firearms and Explosives and the Department of Transportation’s Pipeline and Hazardous Materials Safety Administration. Prior to the press conference, Acting Chairman Adler taped sound-bites for CPSC’s video news release (“VNR”) fed to stations nationwide via satellite on June 26 that was re-aired on June 27, 2014 reaching over 15 million viewers. During the press conference, CPSC staff demonstrated the dangers associated with fireworks through mannequin simulations involving bottle rockets, sparklers, M-80’s and M-1,000’s. Chairman Adler and guest speakers conducted interviews with national and local media immediately following the press event. CPSC staff produced a video news release highlighting key data and demonstrations from the press event. A news release highlighting fireworks injuries and use trends was distributed and posted on the CPSC’s website. The Fireworks Safety infographic depicting injury patterns was updated and distributed.

Halloween Hazards: Staff began its Halloween safety efforts by issuing a news release offering easy-to-remember safety tips to prevent fires and burn injuries in October 2013. Staff conducted media interviews with local and national media. A poster with parent-friendly safety tips was distributed to Neighborhood Safety Network members and posted on CPSC.gov. Twitter messages were sent to @USCPSC followers, and a Halloween video PSA was highlighted on the CPSC YouTube channel.

Thanksgiving Cooking Safety: Staff conducted a live cooking fire demonstration and press conference at CPSC’s National Product Testing and Evaluation Center to warn consumers about the dangers associated with Thanksgiving cooking. Participants included CPSC Chairman Inez Tenenbaum, Deputy U.S. Fire Administrator Glenn Gaines and National Fire Protection Association President Jim Shannon. CPSC’s media outreach received an estimated 70 million media impressions.

Holiday Shopping/Toy Safety: CPSC hosted a national toy safety satellite media tour in November 2013 with Chairman Inez Tenenbaum and Office of Communications staff. CPSC issued a national press release highlighting a global system of toy safety announcing toy recalls down and port seizures up. Interviews with more than 25 broadcast stations were conducted reaching more than eight million viewers. In addition, CPSC issued toy safety information on the CPSC.gov, posted and distributed the “Play It Safe” toy safety poster and issued safety messages through print, online and social media platforms. Toy safety messages were coordinated with Health Canada and Profeco and distributed for bilingual audiences. Hispanic media coverage

included Univision, Telemundo and CNN En Espanol with over 3.5 million audience reach. Acting Chairman Bob Adler gave the keynote speech at the annual Toy Industry Association Toy Fair safety seminar. Acting Chairman Adler also conducted an interview with Inside Edition on toy and storage chest dangers. Staff communicated with hundreds of children's toy manufacturers at Toy Fair and distributed toy safety educational materials while exhibiting at the conference.

Home Heating (CO hazards): The CPSC issued an infographic in February 2014, at the height of home heating season with tips on preventing CO poisoning from portable generators. Tips included an annual professional inspection of all fuel-burning appliances, CO alarms and running generators outside only.

Home Heating (Fire Hazards): The CPSC issued an OnSafety blog in February 2014 with tips on safe use of space heaters in the home, including keeping space heaters at least three feet away from curtains, bedding and drapes, turning off space heaters when going to sleep, and the importance of having working smoke alarms throughout the home. CPSC issued a winter home heater press release, "As Winter Approaches, Check Your Home for These Recalled Heaters," to remind consumers to check their homes for recalled heaters that pose a fire hazard.

Poison Prevention: The third week of March is designated as National Poison Prevention Week. To raise awareness about unintentional poison dangers, the CPSC issued a news release offering safety tips regarding single-load laundry packets, carbon monoxide hazards, and way to prevent children from accessing medications and chemicals. CPSC staff also coordinated with the Poison Prevention Week Council to post messages to social media, including daily themed Twitter messages, using a single hash tag, #PreventPoison.

Portable Gas Generators: CPSC staff issued a news release, "Winter Warning: Portable Generators Hold Top Spot in CPSC Report on Carbon Monoxide Deaths & Incident" on December 19, 2013 to alert consumers about the potential CO hazard with portable generators and the fact that African-Americans are disproportionately affected by generator-related CO poisonings. CPSC also sent out blogs and tweets surrounding winter storms about CO safety and the safe use of generators.

Tip-Overs: After years of carrying out outreach efforts that encouraged parents and caregivers to "Anchor It and Save a Child," deaths and injuries from furniture and TV tip-overs continued to climb. To address this hazard, the Commission allocated \$400,000 to the Office of Communications to fund a full scale media and education campaign. At the close of FY 2014, a contract was awarded to Widmeyer Communications to build a multi-media safety campaign. During the course of FY14, staff used social media, the Neighborhood Safety Network, and media opportunities (especially in and around Chicago) to warn consumers about the hidden hazard of unsecured CRT TVs, flat screen TVs and unstable furniture falling onto children.

Recall Roundup: CPSC staff reached dozens of Hearst-owned television stations with live and taped interviews during a Holiday Toy Safety/Recall Roundup in November 2013.

SaferProducts.gov: Throughout the year, CPSC staff directed media contacts to SaferProducts.gov to use data available there. Materials promoting the site, in general, and to specifically targeted audiences, like health professionals, were handed out at every outreach function attended by headquarters and field staff. Feedback from the media and event participants was consistently positive. Numerous media cited SaferProducts.gov data for news stories. Event participants reported sharing the resource with colleagues and using it to file reports.

Safety Publication Update: The CPSC issued four new or revised safety alert publications, including 254 Resale Handbook (revised), 349 Which Helmet for Which Activity (English, revised), 349s Which Helmet for Which Activity (Spanish, new), and 353 Take the Pledge flyer and pledge cards 352A and 352K (new).

Smoke Alarms: The CPSC issued news releases to the media in fall 2013 and spring 2014, advising of the importance of working smoke alarms, testing smoke alarms monthly, and the necessity of using new batteries in alarms every year. The CPSC also featured the importance of smoke alarms in its live cooking fire demonstration and press conference at CPSC's National Product Testing and Evaluation Center to warn consumers about the dangers associated with Thanksgiving cooking. Participants included CPSC Chairman Inez Tenenbaum, Deputy U.S. Fire Administrator Glenn Gaines, and National Fire Protection Association President Jim Shannon. CPSC's media outreach received an estimated 70 million media impressions.

Window Covering Cords: During 2013, CPSC staff promoted window covering safety with new publications, during media interviews, and as a part of recall announcements. CPSC reached out to HUD's Office of Healthy Homes and Lead Hazard Control ("OHHLHC") on the issue. They responded with distribution of CPSC materials and information to the HealthyHomesNet listserv, to program grantees and to the Healthy Homes Work Group. In addition, CPSC developed, posted to CPSC.gov and distributed a new, public service announcement highlighting new and inexpensive cordless window covering options.

Informed the Public about Pool and Spa Safety

In 2014, the CPSC informed the public about pool and spa safety through:

Consumer Outreach: In 2014, the CPSC exceeded its goal and achieved more than 1.7 billion impressions by:

- A pre-Memorial Day First Splash launch was held on May 21, 2014 at the YMCA in Chevy Chase, Maryland where Olympic gold medalist Katie Ledecky and CPSC spokesperson Carla Coolman participated in a 12-station English and Spanish satellite media tour. Resulted in at least 566,000 media impressions.
- Placed an op-ed from Acting Chairman Adler and Representative Wasserman Schulz in the Sun Sentinel in May 2014, which resulted in more than 160,000 impressions.
- Promoted the @PoolSafely Twitter handle, receiving more than 1,200 retweets.
- Issued a pre-July 4 press statement from the Chairman and listserv message reminding parents to watch their children near water during the holiday weekend. In addition, CPSC spokesman Scott Wolfson did a 13-station radio media tour, resulting in 5.4 million media impressions.
- Created the Pool Safely Pledge for children and adults in English and Spanish, available in print and online, which was taken by more than 5,000 people in the first four months.
- Secured 3 interviews on the Hispanic Communication Network's show Bienvenidos a América, with CPSC spokesperson Carla Coolman.
- Attended 6 major industry-association events:
 - October 16-18, 2013: The World Aquatic Health Conference (Indianapolis); Widmeyer
 - November 3-6, 2013: The American Public Health Association Expo (Boston); Widmeyer and CPSC
 - November 12-14, 2013: International Pool, Spa and Patio Expo (Las Vegas); Widmeyer
 - January 28-30, 2014: NESPA (Atlantic City); Widmeyer
 - March 19-21, 2014: NDPA (Orlando); Widmeyer and CPSC
 - June 20, 2014: World's Largest Swimming Lesson (Hyattsville, MD); Widmeyer and CPSC
- Produced public service announcements ("PSA") for TV and radio in English and Spanish, achieving 1.049 billion impressions.
- Hosted a webinar with partner organization Children's Safety Network ("CSN").

Public Information and Education Campaign: In 2014, the CPSC conducted the following information and education activities to address child drowning and entrapment:

- A pre-Memorial Day First Splash launch was held on May 21, 2014 at the YMCA in Bethesda, Maryland where Olympic gold medalist Katie Ledecky and CPSC spokesperson Carla Coolman participated in an English and Spanish satellite media tour.
- Sponsorship of the World's Largest Swimming Lesson at the Prince George's Sports and Learning Complex in Hyattsville, Maryland on Friday, June 20, 2014. CPSC Acting Chairman Adler and Olympic Swimmer Maddy Crippen led the event activities. Pool Safely materials were also sent to 95 other locations across the country for WLSL events.
- A 13-station radio media tour to educate parents on how to stay safe while swimming during the Independence Day holiday, resulting in 5.4 million media impressions.
- During Pool Safely Pledge Week July 14-20, 2014, the campaign created, planned and executed the Pool Safely Pledge Week Twitter chat with partner co-hosts Colin's Hope and the California Pool and Spa Association; conducted targeted outreach to partners to further involve them in taking and sharing the Pledge; drafted and distributed a targeted

email that included a template toolkit for partners to use and educated them about the activities; and distributed materials to partners participating in Pledge Week.

PoolSafely.gov Website Development: In 2014, the Pool Safely website (www.PoolSafely.gov) was enhanced through extensive updates to the Spanish-language site and additional information about compliance issues. In addition, an audit of the entire website was conducted to remove duplicative information and ensure that all pages were factually correct. Work also began on the Adventures of Splish and Splash smartphone app (which was launched in 2015).

Out Of Home PSAs: Efforts continued to focus on placement of Pool Safely billboard PSAs in markets with high drowning rates. Billboards in minority neighborhoods of major markets produced more than 140 million impressions for the campaign.

Informed the Public about Safe Sleep Environments

In 2014, CPSC informed the public about safe sleep environments for babies through:

Safe Sleep for Babies: The Safe Sleep campaign formally joined efforts with federal partners National Institute of Health (“NIH”) Eunice Kennedy Shriver National Institute of Child Health and Human Development (“NICHD”) and Health Resources and Services Administration (“HRSA”) to become the Safe to Sleep campaign. This partnership extends messaging and also highlights the ongoing work of the collaborative NIH SID/SUID that CPSC works with to provide lifesaving information to new and expectant parents. Communication activities continued to extend the crib standard education to facilitate new durable nursery product standards. The campaign has broadened from cribs to include new commission activities such as strollers, soft infant carriers and bedside sleepers in addition to safe spaces for safe sleep. A newly designed stroller video and poster was created and disseminated following the standard implementation in March 2014. Press releases were written for Nap Nanny, toy and storage chests, strollers and Summer Infant baby monitors and distributed through the Childcare list serve. In addition the “Bare is Best” NSN and blog has been prominently displayed as the main topic page of the Crib Information Center and compliments the crib standard education materials. Safe Sleep education efforts have been conducted this year including nine conferences, two presentations and one webinar. Highlights include: National Head Start Association Conference in Atlanta, GA, American Academy of Pediatrics Healthy Children Conference in Chicago, IL, CPSC State Designee conference calls quarterly, National Urban League Conference in Cincinnati, OH and the Tom Joyner Family Reunion conference in Florida. Also a Safe Sleep webinar was presented to Greenville Health System Hospitals representing 20 public and non-profit agencies who serve families with children under age one. Over 5,000 safe sleep resources were distributed at conferences, hospitals, health departments and clinics during the 2014 fiscal year including distribution of the CPSC safe sleep video to in-house networks and educational resource centers.

Reaching Consumers on Safe Sleep: The CPSC achieved 1.9 billion impressions through television, radio, print and social media outlets, including blogs and tweets.

2) Dissemination of Technical Information

For more detail, visit the electronic version of this document at:

<http://www.cpsc.gov/Global/About-CPSC/Reports/Annual-Reports/FY14AnnualReport.pdf>

to follow the links to each report listed below.

[An Update on Formaldehyde](#). 2013 Revision. Pamphlet. January 2013. CPSC publication no. 725 (12 pages)

[Consumer Product Safety Commission](#). Babich, M.A., 2014. In: Wexler, P. (Ed.), *Encyclopedia of Toxicology*, 3rd edition vol 1. Elsevier Inc., Academic Press, pp. 1028–1029. ISBN: 9780123864543. (2 pages)

[Report to the U.S. Consumer Product Safety Commission by the Chronic Hazard Advisory Panel on Phthalates and Phthalate Alternatives](#). July 2014. (597 pages)

[Toxicity Review of Tris\(2-Chloroethyl\) Phosphate \(“TCEP”\)](#). Toxicology Excellence for Risk Assessment (“TERA”) and The Lifeline Group. December 23, 2013. Contract no. CPSC-D-12-0001. (116 pages)

[Toy Safety and Hazards](#). Babich, M.A., Hatlelid, K.M., Wanna-Nakamura, S.C., 2014. In: Wexler, P. (Ed.), *Encyclopedia of Toxicology*, 3rd edition vol 4. Elsevier Inc., Academic Press, pp. 791–792. ISBN: 9780123864543. (2 pages)

[What You Should Know About Using Paint Strippers](#). Pamphlet. CPSC publication no. 313 (6 pages)

Portable Generators: [CPSC Staff Statement and University of Alabama Final Project Report](#), September 19, 2014 (90 pages)

[Repeatability of J-Turn Testing of Four Recreational Off-Highway Vehicles September 2013](#) (94 pages). This work was conducted under contract for the U.S. Consumer Product Safety Commission by the Vehicle Dynamics Division of SEA. The work was completed in September 2013 and the report was posted on the CPSC website on November 6, 2013.

3) Cooperation Between Commission Officials and External Stakeholders

This section provides a list of meetings of “substantial interest” with consumers, industry, and the public on matters related to the mission of the CPSC for 2013. The CPSC’s Meetings Policy defines “substantial interest” as “any issue that is likely to be the subject of a regulatory or policy decision by the Commission.”

Date(s)	Meeting Summary
10/22/2013	Commission Meeting–Magnet Sets Notice of Proposed Rulemaking and Staff Briefing Package
10/22/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, Joe Martyak, Chief Counsel, met with Nancy Buermeyer, Daniel Penchina, and Katherine Huffman of the Breast Cancer Fund; Ami Gadhia, Consumers Union; Rachel Weintraub, Consumer Federation of America, to discuss CHAP.
10/22/2013	Commissioner Marietta Robinson; Dottie Lee, Confidential Assistant; Heather Bramble, Special Assistant; Christopher Day, Director of Legislative Affairs, met with Nancy Buermeyer, senior policy strategist, Breast Cancer Fund and Randi Moore, senior associate, The Raben Group, as part of an introductory meeting and to discuss their work on the CHAP as well as the CHAP process itself.
10/23/2013	Commissioner Nancy Nord met with members of the National Association of Manufacturers’ CPSC Coalition to discuss compliance and other issues at the agency.
10/25/2013	Robert Howell, Deputy Executive Director, Safety Operations, attended the GIE+EXPO, at the invitation of the Outdoor Power Equipment Institute, to provide a presentation on OPEI-related consumer products and CPSC staff projects likely to be undertaken by CPSC staff in the coming years.
10/28/2013	Gregory K. Rea, Directorate for Laboratory Sciences/ Mechanical Division, participated in the ASTM D10.32 Task Group Meeting for WK41534 Consumer Products teleconference to discuss standard development for flow control devices.
10/30/2013	Rick McCallion, Office of Hazard Identification and Reduction, and CPSC staff participated in an ASTM workgroup to discuss standard development for Adult Bed Rails via teleconference.
10/30/2013	Anna Luo, Directorate for Engineering Sciences, participated in a Underwriters Laboratories (“UL”) 1026 Task Group teleconference to discuss possible solutions to slow cooker and rice cooker cord-pull incidents.
10/30/2013	Commission Meeting–Fiscal Year 2014 Operating Plan and Staff Briefing Package
10/31/2013	Chairman Inez Tenenbaum, Anu Connor, Senior Legal Counsel, and Dottie Lee, Confidential Assistant, met with Jim Reed, Senior Vice President & Chief Legal Counsel, YKK Corporation of America and Matt Howsare, Counsel, Mintz Levin, as part of an introduction and overview of YKK, and a brief discussion of how YKK is utilizing component part testing, and YKK’s comments to the proposed 1110 rule.
10/31/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Joe Martyak, Chief Counsel, met with YKK Corporation of America. Commissioner Buerkle and staff met with Jim Reed, Senior Vice President & Chief Legal Counsel at YKK Corporation of America and Matt Howsare, Of Counsel at Mintz Levin. This meeting included an introduction and overview of YKK, how YKK is utilizing component part testing, and brief discussion of YKK’s comments to the proposed 1110 rule.

Date(s)	Meeting Summary
10/31/2013	Perry Sharpless, Directorate for Laboratory Sciences/ Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group conference call to discuss the ASTM Suction Limited Gravity Flow Systems standard.
11/1/2013	Commissioner Robert Adler, Jana Fong-Swamidoss, Counsel, and Jason Levine, Counsel to Commissioner Adler, met with Jim Reed, Sr. Vice President and Chief Counsel, YKK Corporation of America and Matt Howsare, Of Counsel, Mintz Levin, for an introductory meeting to discuss YKK in general and how it utilizes component part test.
11/4/2013	Chairman Inez Tenenbaum and Anu Connor, Senior Legal Counsel, attended the Canadian American Business Council's ("CABC") 19 th Annual Policy Forum. Chairman Tenenbaum participated on a panel discussion with White House and Privy Council Office members of the Canada/U.S. Regulatory Cooperation Council to discuss regulatory cooperation.
11/6/2013	Commission Meeting: Hand-Held Carriers Final Rule
11/7/2013	Chairman Inez Tenenbaum, Anu Connor, Senior Counsel to the Chairman, Dottie Lee, Confidential Assistant met with Carter Keithley, President; Ed Desmond, Executive Vice President of External Affairs; Rebecca Mond, Director of Federal Government Affairs; Autumn Moore, Assistant Manager of Standards and Regulatory Affairs. Chairman Tenenbaum and staff met with representatives from the Toy Industry Association to discuss reducing third party testing burdens.
11/7/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Joe Martyak, Chief Counsel, met with Carter Keithley, President; Ed Desmond, Executive Vice President of External Affairs; Rebecca Mond, Director of Federal Government Affairs; and Autumn Moore, Assistant Manager of Standards and Regulatory Affairs from the Toy Industry Association to discuss reducing third party testing burdens.
11/7/2013	Commissioner Marietta Robinson, Christopher Day, Director of Legislative Affairs, Dottie Lee, Confidential Assistant, Heather Capell Bramble, Chief Counsel, met with Carter Keithley, President; Ed Desmond, Executive Vice President of External Affairs; Rebecca Mond, Director of Federal Government Affairs; Autumn Moore, Assistant Manager of Standards and Regulatory Affairs Commissioner Robinson and staff met with representatives from the Toy Industry Association to discuss reducing third party testing burdens.
11/7/2013	Commissioner Robert Adler, Jana Fong-Swamidoss, Senior Counsel and Jason Levine, Chief Counsel, met with the following members of the Toy Industry Association, Inc.: Carter Keithley, President; Ed Desmond, Executive Vice President of External Affairs; Rebecca Mond, Director of Federal Government Affairs; and Autumn Moore, Assistant Manager of Standards and Regulatory Affairs, to discuss reducing third party testing burdens.
11/12/2013	Hope Nesteruk, Directorate for Engineering Sciences, Rick McCallion, Office of Hazard Identification and Reduction, and other staff, attended meetings with the ASTM F15 subcommittees for playground equipment and ASTM F08 subcommittees for sports and recreational equipment.
11/12/2013	Jacqueline Campbell, Directorate for Engineering Sciences, attended AATCC 2013 Fall Committee Meetings.

Date(s)	Meeting Summary
11/12/2013	Doug Lee, Andrew Trotta and other Office of Hazard Identification and Reduction staff, met with Jonathan Stewart, National Electrical Manufacturer’s Association (“NEMA”) Government Relations Manager, and Kyle Pitsor, NEMA VP of Government Relations. An introductory meeting to discuss electrical testing and areas of mutual interest.
11/12/2013	Hope Nesteruk, Directorate for Engineering Sciences, panelist for discussion of “the future of standards for the play industry” at the annual membership meeting of the International Play Equipment Manufacturers Association (“IPEMA”).
11/13/2013	Commission Meeting: Proposed Interpretive Rule –Voluntary Remedial Actions and Guidelines for Voluntary Recall Notices
11/14/2013	Commissioner Marietta Robinson, Heather Bramble, Chief Counsel, Christopher Day, Director of Legislative Affairs, Dottie Lee, Confidential Assistant, Office of the Chairman, met with Dr. Arlene Blum, Green Science Policy Institute; Brad Miller, The Business and Institutional Furniture Manufacturers Association; Robert Hupe, Virco in California, as part of an introductory meeting and to discuss flammability standards, flame retardant science, and changes to California’s furniture flammability standard.
11/14/2013	Celestine Kiss, Directorate for Engineering Sciences/Human Factors, participated in a working group conference call regarding ISO (International Organization for Standardization) TC181 (Task Group) WG7 (Working Group) Age Grading Guidelines to discuss comments received on Age Grading Guidelines proposal.
11/14/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Joe Martyak, Chief Counsel, met with Chris Cathcart, President and CEO; Phil Klein, Executive Vice President, Legislative and Public Affairs; and Tim Brown, Regulatory Counsel of the Consumer Specialty Products Association. This meeting was an introduction to and overview of the Consumer Specialty Products Association.
11/14/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Joe Martyak, Chief Counsel, met with Michael Dwyer, Executive Director, Julie Vallese, Managing Director of Government and Public Affairs, and Mark Fellin, Director of Legislative and Regulatory Affairs, JPMA. Commissioner Buerkle and staff participated in an introductory met with members of the JPMA.
11/15/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Joe Martyak, Chief Counsel, met with Don Kornblet, Product Safety Adviser, and Dr. Ik-Whan Kwon, Director of the Center for Supply Chain Management Center at St. Louis University to discuss the work in university-level product safety education that has been ongoing at the Center for Supply Chain Management Studies at Saint Louis University.
11/15/2013	Andrew Trotta, Engineering Sciences, met with Jennifer Cleary/Wayne Morris, Association of Home Appliance Manufacturers (“AHAM”), AHAM range industry members and Karen Benedek/ Phil Carbone, Primaira LLC, to discuss testing of Primaira’s cooktop control systems.
11/15/2013	Commissioner Robert Adler and Senior Counsel Jana Fong-Swamidoss met with Donald Kornblet, Product Safety Adviser, Center for Supply Chain Management Center, St. Louis University; Dr. Ik-Whan Kwon, Director of the Center; and Ben Kornblet, BKC Group, to discuss the Center’s Product Safety management certificate course and to briefly review activities at the university-level in product safety education during the past 5 years.

Date(s)	Meeting Summary
11/18/2013	Marc Schoem and Neal S. Cohen, Office of Education, Global Outreach, and Small Business Ombudsman, and additional CPSC staff met with Robert Brenner, CEO, Prime Resources Corporation, to discuss the promotional products industry and explain some of the challenges the industry has complying with the CPSIA.
11/18/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Joe Martyak, Chief Counsel, met with Sheila Millar, Partner at Keller and Heckman and Brent Cleveland, Executive Director, Jim Heagney, President, Keith Barber, Secretary/Treasurer of Fashion Jewelry and Accessories Trade Association (“FJATA”) to discuss jewelry safety standards and CPSC regulations.
11/18/2013	Commissioner Robert Adler and Counsel, Jana Fong-Swamidoss met with Robert Brenner, CEO, Prime Resources Corporation, to discuss the promotional products industry and explain some of the challenges the industry has complying with the CPSIA.
11/18/2013	Commissioner Marietta Robinson; Christopher Day, Director of Legislative Affairs; Heather Bramble, Chief Counsel; Dottie Lee, Confidential Assistant, met with Robert Brenner, CEO, Prime Resources Corporation, to discuss the promotional products industry and explain some of the challenges the industry has complying with the CPSIA.
11/18/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Joe Martyak, Chief Counsel, met with Robert “Rick” Brenner, Chair Elect of PPAI and CEO of Prime Resources Corp. This meeting was an introduction to and overview of how CPSIA applies to the promotional products industry as well as PPAI’s efforts to establish training programs and seminars on product safety topics.
11/18/2013	Rik Khanna, Office of Hazard Identification and Reduction and other CPSC staff met with Dr. Thomas Fabian, senior fire scientist, Underwriters Laboratories. Dr. Fabian provided a briefing to CPSC staff on UL’s recently completed research on upholstered furniture flammability.
11/18/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Joe Martyak, Chief Counsel, met with Sally Greenberg, Executive Director, National Consumers League and Pamela Gilbert, Cuneo Gilbert & LaDuca. Commissioner Buerkle and Commissioner Buerkle’s staff met with representatives from the National Consumers League for an introductory meeting and to discuss table saw safety.
11/18/2013	Commissioner Marietta Robinson; Heather Bramble, Chief Counsel; Christopher Day, Director of Legislative Affairs; Dottie Lee, Confidential Assistant, met with Sheila Millar and the following members of the Fashion Jewelry and Accessories Trade Association (“FJATA”): Brent Cleveland, Executive Director; Jim Heagney, K&M Associates, serving as President of FJATA; and Keith Barber, Rainbow Sales, serving as FJATA’s Secretary/Treasurer, to discuss CPSC regulations.
11/18/2013	Commissioner Robert Adler and Jana Fong-Swamidoss, Senior Counsel to Commissioner Adler, met with Sheila Millar and the following members of the Fashion Jewelry and Accessories Trade Association (“FJATA”): Brent Cleveland, Executive Director; Jim Heagney, K&M Associates, serving as President of FJATA; and Keith Barber, Rainbow Sales, serving as FJATA’s Secretary/Treasurer, to discuss CPSC regulations.

Date(s)	Meeting Summary
11/18/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Joe Martyak, Chief Counsel, met with High Phthalates Panel of the American Chemistry Council. This was an introductory meeting between Commissioner Buerkle and Eileen Conneely (American Chemistry Council), J. Patrick Harmon (BASF Corporation), and Laura Keller (ExxonMobil Chemical Company), Nina Hallmark (ExxonMobil Chemical Company) who interface with CPSC as members of the American Chemistry Council High Phthalates Panel.
11/19/2013	Arthur Lee, Office of Hazard Identification and Reduction, attended a task group meeting held by Underwriters Laboratories (“UL”). This was a smoke alarm task group meeting to discuss test acceptance criteria and proposals related to performance to additional smoldering and flaming tests.
11/19/2013	Doug Lee, Directorate for Engineering Sciences, attended a meeting of the Underwriters Laboratories (“UL”) Standards Technical Panel (“STP”) for Arc-Fault Circuit Interrupters to discuss proposals to improve and coordinate the voluntary standard for AFCIs, UL 1699 with National Electrical Coderequirements.
11/19/2013	Patricia Edwards, Directorate for Engineering Sciences, and other CPSC staff participated in a teleconference met with an ASTM task group on Bassinets and Cradles to discuss the recent ballot results.
11/19/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Joe Martyak, Chief Counsel, met with Mary Martha McNamara, McNamara & L’Heureux and Done Coleman and Joe Ziolkowski of UFAC. The meeting served as an introductory meeting and overview of UFAC and voluntary standards developed for the furniture industry.
11/20/2013	Arthur Lee, Office of Hazard Identification and Reduction, attended a task group meeting held by Underwriters Laboratories (“UL”). This was a smoke alarm task group meeting to review and discuss nuisance alarm issues related to smoke alarms.
11/20/2013	Commission Meeting: FY 2014 Operating Plan
11/20/2013	Anna Luo, Directorate for Engineering Sciences, participated in a Underwriters Laboratories (“UL”) 1026 Task Group teleconference to discuss possible solutions to slow cooker and rice cooker cord-pull incidents.
11/20/2013	Ray Aragon, Marc Schoem, Howard Tarnoff, Dennis Blasius, Scott Simmons, Mary Toro (Office of Compliance and Field Operations) and Mary Boyle (Office of the General Counsel) met with the Retail Industry Leaders Association to discuss (1) Recall Notice/Recall Effectiveness; (2) CPSC Field accessibility to store management/recall checks/surveillance; (3) Disposal/Quarantine of recalled/violative products; (4) Retailer Report program.
11/21/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Joe Martyak, Chief Counsel, met with Rachel Weintraub (Consumer Federation of America), Carol Pollack-Nelson (Independent Safety Consulting), Linda Kaiser (Parents for Window Blind Safety), Mary Ann Plumlee (Independent Fabricator), Alan Schoem (Law Office of Alan Schoem), Shelley Deppa (Safety Behavior Analysis) and Elaine Allen (Safety Behavior Analysis) to discuss window blind safety.
11/21/2013	Commissioner Robert Adler, Jana Fong-Swamidoss and Jason Levine, counsel to Commissioner Adler, met with Carol Pollack-Nelson; Rachel Weintraub, Legislative Director & Senior Counsel, Consumer Federation of America; and Linda Kaiser, President of Parents for Window Blind Safety, to discuss their petition on window coverings.

Date(s)	Meeting Summary
11/21/2013	Dr. Suad Wanna-Nakamura, Directorate for Health Sciences, and Dr. Jonathan Midgett, EXHR participated in an ASTM working group teleconference to discuss bassinet restrains.
11/21/2013	Perry Sharpless, Directorate for Laboratory Sciences/ Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group conference call to discuss the ASTM Suction Limited Gravity Flow Systems standard.
12/2/2013	Rick McCallion, Office of Hazard Identification and Reduction, and CPSC staff participated in an ASTM task group to discuss labeling requirements for Adult Bed Rails via teleconference.
12/3/2013	Gregory K. Rea, Directorate for Laboratory Sciences/ Mechanical Division, participated in the ASTM D10.32 Task Group Meeting teleconference for WK41534 Consumer Products to discuss the development of test methods for a flow control device voluntary standard.
12/3/2013	Andrew Trotta, Directorate for Engineering Sciences, attended a meeting of the Fire Protection Research Foundation (“FPRF”) Research Advisory Committee to discuss FPRF’s strategic plan.
12/3/2013	John Murphy, Directorate for Engineering Sciences, Scott Ayers, Directorate for Engineering Sciences, and other Office of Hazard Identification and Reduction staff participated in an ASTM working group teleconference to discuss voluntary standards requirements for portable fuel containers.
12/4/2013	Anna Luo, Directorate for Engineering Sciences, participated in a Underwriters Laboratories (“UL”) 1026 Task Group teleconference to discuss possible solutions to slow cooker and rice cooker cord-pull incidents.
12/4/2013	Dr. Suad Wanna-Nakamura, Directorate for Health Sciences, and EXHR staff, participated in an ASTM working group teleconference to discuss voluntary standards warning statement for infant bouncer seat.
12/5/2013	Celestine Kiss, Directorate for Engineering Sciences/Human Factors, and other staff participated in a task group conference call regarding Inclined Sleep Products.
12/5/2013	Commissioner Ann Marie Buerkle and Nancy Lowery, Special Assistant, met with Rick Hackman (Procter & Gamble), Sean Broderick (Procter & Gamble), and Sarah Wilson (Covington & Burling LLP). The meeting was an introduction to and overview of Procter & Gamble Co.
12/5/2013	Commissioner Marietta Robinson; Heather Bramble, Chief Counsel; Christopher Day, Director of Legislative Affairs; Dottie Lee, Confidential Assistant, met with Rick Hackman (Procter & Gamble), Sean Broderick (Procter & Gamble), and Sarah Wilson (Covington & Burling LLP). The meeting was an introduction to and overview of Procter & Gamble Co.
12/6/2013	Commissioner Ann Marie Buerkle and staff toured Bureau Veritas Consumer Product Services and receive an overview of Bureau Veritas’ operations. Additional attendees were Ms. Lisa Bate, Senior Vice President for Americas Region; Mr. James Keast, Vice President of Account Management for Americas Regions; Mr. Richard Rosati, Director Technical Services Americas Region; Mr. Matt Howsare, Counsel at Mintz Levin.

Date(s)	Meeting Summary
12/9/2013	Commissioner Marietta Robinson; Heather Bramble, Chief Counsel; Dottie Lee, Confidential Assistant; Marc Schoem, Acting Director, Office of Education, Global Outreach and Small Business Ombudsman, met with Ross Koester, Executive Director of ICPHSO; Carol Pollack-Nelson, Ph.D., President of ICPHSO & Independent Safety Consulting; Ann Weeks, President-elect of ICPHSO, VP at UL.
12/10/2013	Acting Chairman Robert Adler, Chief of Staff Jason Levine and Co-Counselors Jana Fong-Swamidoss and Anupama Connor, met with Stericycle representatives Jim Badalati, Director of Recalls; Steve Edwards, Senior Recall Strategist; and Dave Schmeltzer, Counsel to Stericycle, to discuss Stericycle's capabilities regarding recalling consumer products.
12/11/2013	Commissioner Ann Marie Buerkle; Nancy Lowery, Special Assistant; Joe Martyak, Chief Counsel, met with Stericycle representatives: Kim Badalati, Director of Recalls; Steve Edwards, Senior Recall Strategist; and Dave Schmeltzer, Counsel to Stericycle, to discuss Stericycle's capabilities regarding recalling consumer products.
12/11/2013	Acting Chairman Robert Adler; Jason Levine, Chief of Staff; Jana Fong-Swamidoss and Anupama Connor, Counsel, met with the following representatives of the American Fireworks Standards Laboratory ("AFSL"): John Rogers, Executive Director; Mike Collar, President; Alan Zoldan, Board and Executive Committee member; and Quin Dodd, counsel to AFSL, to update the Acting Chairman on AFSL and its fireworks safety and testing program and to discuss ways in which AFSL and CPSC can work together to promote compliant and safe fireworks.
12/12/2013	Rik Khanna, Office of Hazard Identification and Reduction, attended the ASTM E5.15 Furnishing and Contents and Task Group meetings to discuss upholstered furniture fire test standards.
12/12/2013	Commissioner Ann Marie Buerkle; Nancy Lowery, Special Assistant; Joe Martyak, Chief Counsel, met with Ernie Rosenberg, President & CEO; Richard Sedlak, Executive Vice President, Technical Affairs; and Jacob Cassidy, Manager Government Affairs, from the American Cleaning Institute.
12/12/2013	Acting Chairman Robert Adler, Chief of Staff Jason Levine and Co-Counselors Jana Fong-Swamidoss and Anupama Connor met with Kim Brokaw to discuss injuries associated with two-wheel rollout carts.
12/12/2013	Commissioner Ann Marie Buerkle; Nancy Lowery, Special Assistant; Joe Martyak, Chief Counsel, met with members of the American Fireworks Standards Laboratory ("AFSL"): John Rogers, Executive Director; Michael Collar, President/COO of Winco Fireworks International; Alan Zoldan, Executive Vice President of Phantom Fireworks; Quin Dodd, Counsel, as part of an introductory meeting and to discuss AFSL fireworks safety standards and testing program.
12/12/2013	Perry Sharpless, Directorate for Laboratory Sciences/ Mechanical Division, and other CPSC staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group conference call to discuss the ASTM Suction Limited Gravity Flow Systems standard.
12/12/2013	Jay Howell, Director of Safety Operations, and Stephanie Tsacoumis, General Counsel met with Quin Dodd, Counsel to AFSL, Mr. John Rogers of the American Fireworks Standards Laboratory ("AFSL"), Mike Collar of Winco Fireworks (AFSL President) and Alan Zoldan of BJ Alan (AFSL Board Member) to discuss AFSL issues on fireworks.

Date(s)	Meeting Summary
12/12/2013	Commissioner Ann Marie Buerkle; Nancy Lowery, Special Assistant; Joe Martyak, Chief Counsel, met with members of the International Sleep Products Association: Ryan Trainer, President and Chris Hudgins, Vice President Government Relations & Policy, as part of an introductory meeting and to discuss mattress flammability standards and their enforcement.
12/13/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, Joe Martyak, Chief Counsel, and Marc Schoem, Acting Director, Office of Education, Global Outreach and Small Business Ombudsman, met with Ross Koeser, Executive Director of ICPHSO; Carol Pollack-Nelson, Ph.D., President of ICPHSO & Independent Safety Consulting; Ann Weeks, President-elect of ICPHSO, VP at UL; Joan Lawrence, Board Member of ICPHSO, and Holly Olrich, General Counsel and Corporate VP of HR for Step2/Infantino. This meeting was an introduction to and overview of ICPHSO and its relationship with CPSC.
12/16/2013	Dr. Suad Wanna-Nakamura, Directorate for Health Sciences, and Dr. Jonathan Midgett, Office of Hazard Identification and Reduction, participated in an F15 Ad Hoc committee teleconference.
12/16/2013	Hope Nesteruk, Directorate for Engineering Sciences/Human Factors, and other CPSC staff participated in the F15.21 Sling Carrier conference call to discuss the ASTM Sling Carrier voluntary standard.
12/18/2013	Dr. Suad Wanna-Nakamura, Directorate for Health Sciences, participated in a ASTM F406 Voluntary Standards Task Group Meeting teleconference to discuss play yard mattress thickness.
12/18/2013	Gregory K. Rea, Directorate for Laboratory Sciences/Mechanical Division, participated in the ASTM F15.71 Committee on Liquid Laundry Packets which will continue the development of a new voluntary ASTM Safety Standard for Liquid Laundry Packets.
12/18/2013	Celestine Kiss, Directorate for Engineering Sciences/Human Factors, and other staff participated in a conference call regarding Liquid Laundry Packets.
12/18/2013	Commission Meeting: Briefing Matter–Bedside Sleepers (Section 104) – Final Rule
12/18/2013	Anna Luo, Directorate for Engineering Sciences, participated in a Underwriters Laboratories (“UL”) 1026 Task Group teleconference to discuss possible solutions to slow cooker and rice cooker cord-pull incidents.
12/19/2013	Commissioner Marietta Robinson; Heather Bramble, Chief Counsel; Anu Connor, Senior Counsel; Dottie Lee; Confidential Assistant, met with Rachel Weintraub, Consumer Federation of America, and Carol Pollack-Nelson, Independent Safety Consulting, to discuss window blind safety.
12/19/2013	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, Joe Martyak, Chief Counsel, met with Rachel Weintraub, Consumer Federation of America, and Carol Pollack-Nelson, Independent Safety Consulting, to discuss window blind safety.
1/2/2014	Hope Nesteruk, Directorate for Engineering Sciences/Human Factors, and other CPSC staff participated in the F15.21 Sling Carrier task group conference call to discuss the ASTM Sling Carrier voluntary standard.
1/6/2014	Acting Chairman Robert Adler and Chief of Staff Jason Levine met with Steve Lamar, Nate Herman, Danielle Abdul of the American Apparel and Footwear Association (“AAFA”) and David Callet of Greenberg Traurig on behalf of AAFA to update all three Commissioners on the Association’s 2014 priorities and to discuss a few issues that affect the Association’s membership.

Date(s)	Meeting Summary
1/7/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standards requirements for Highchairs.
1/8/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standards requirements for Highchairs.
1/13/2014	Commissioner Ann Marie Buerkle; Nancy Lowery, Special Assistant; Joe Martyak, Chief Counsel, met with Underwriters Laboratories: Ann Weeks, Vice President, Global Government Affairs; Sarah Owen, Global Governmental Affairs Manager, Product Safety; and Derek Greenauer, Global Government Affairs Manager, Product Safety. This meeting was an introduction to and overview of how UL promotes safe living and working environments.
1/15/2014	Anna Luo, Directorate for Engineering Sciences, participated in a Underwriters Laboratories (“UL”) 1026 Task Group teleconference to discuss possible solutions to slow cooker and rice cooker cord-pull incidents.
1/16/2014	Anthony Teems, Directorate for Engineering Sciences; Perry Sharpless, Directorate for Laboratory Sciences; Tanya Topka and Justin Jirgl, Office of Compliance and Field Operations, to attend ANB45(1) Rollover Subcommittee Meeting.
1/16/2014	Patricia Edwards, Directorate for Health Sciences, and other CPSC staff attended meetings with the ASTM F15 subcommittee on Juvenile Products at ASTM Headquarters in West Conshohocken, PA.
1/17/2014	Rick McCallion, Office of Hazard Identification and Reduction, and other CPSC staff attended the NOCSAE Winter Board Meeting in Scottsdale, AZ.
1/21/2014	Janet Buyer, Directorate for Engineering Sciences, attended the World of Concrete exhibition at the Las Vegas Convention Center in Las Vegas, NV.
1/23/2014	Acting Chairman Robert Adler, Chief of Staff Jason Levine, and Deputy Chief of Staff Jana Fong-Swamidoss met with Jonathan Gold, Vice President, Supply Chain/Customs Policy; and Melissa Froelich, Director, Government Relations, National Retail Federation (“NRF”) and Quin Dodd, Counsel to NRF, to discuss NRF’s mission and activities and CPSC’s issues of relevance to NRF members (primarily US retailers of consumer products).
1/23/2014	Commissioner Ann Marie Buerkle; Nancy Lowery, Special Assistant; Joe Martyak, Chief Counsel, met with the National Retail Federation: Jonathan Gold, NRF Vice President, Supply Chain/Customs Policy, Melissa Froelich, Director, Government Relations, and Quin Dodd, Outside Counsel. This meeting was an introduction to and overview of NRF’s mission and CPSC issues of relevance to NRF members.
1/23/2014	The Office of Compliance and Field Operations staff met with the National Retail Federation: Jonathan Gold, NRF Vice President, Supply Chain/Customs Policy, Melissa Froelich, Director, Government Relations, and Quin Dodd, Outside Counsel to discuss issues of interest affecting retailers.
1/23/2014	Commissioner Ann Marie Buerkle; Nancy Lowery, Special Assistant; Joe Martyak, Chief Counsel, met with American Apparel & Footwear Association: Steve Lamar, Executive Vice President and Danielle Abdul, Manager of Government Relations. This meeting was an introduction to and overview of AAFA’s mission and CPSC issues of relevance to AAFA members.
1/24/2014	Commission Meeting–Section 1101 Update 6(b): Proposed Rule

Date(s)	Meeting Summary
1/28/2014	Dr. Suad Wanna-Nakamura, Directorate for Health Sciences, participating in an ASTM F406 Voluntary Standards Task Group Meeting teleconference to discuss play yard mattress thickness.
1/28/2014	Gregory K. Rea, Directorate for Laboratory Sciences/ Mechanical Division, participated in the ASTM D10.32 Task Group Meeting for WK41534 Consumer Products to discuss the development and validation of test methods for a flow control device voluntary standard.
1/29/2014	Scott Ayers, Directorate for Engineering Sciences, attended the ASTM F15.45 Teleconference on Candle Fire Safety.
1/29/2014	Anna Luo, Directorate for Engineering Sciences, participated in an Underwriters Laboratories (“UL”) 1026 Task Group teleconference to discuss possible solutions to slow cooker and rice cooker cord-pull incidents.
1/29/2014	Kristina Hatlelid, Directorate for Health Sciences, and other staff attended a meeting of the ASTM subcommittee F15.24 on jewelry to discuss the status and possible updates of the children's jewelry voluntary standard.
1/29/2014	Douglas Lee, John Murphy, Rana-Balci Sinha (Directorate for Engineering Sciences) and Stefanie Marques, Suad Nakamura (Directorate for Health Sciences) participated in an ASTM task group teleconference to discuss the ASTM F2951-13 Standard Consumer Safety Specification for Baby Monitors.
1/29/2014	Rana Balci-Sinha, Engineering Sciences/Human Factors attended ASTM subcommittee stroller task group teleconference.
2/4/2014	Acting Chairman Robert Adler, Chief of Staff Jason Levine, Deputy Chief of Staff Jana Fong-Swamidoss and Arthur Lee, Directorate for Engineering Sciences/Electrical, met with Richard Stein, LintSentry; James McMullen, former California Fire Marshal; and Jack A. Fierstadt, Fierstadt & Mans, LLP, on behalf of LintSentry, to discuss clothing dryer fire prevention.
2/5/2014	Acting Chairman Robert Adler delivering the Luncheon Keynote address at the Juvenile Product Manufacturers Association’s (“JPMA”) annual summit to discuss CPSC’s agenda and priorities for 2014 and how it might engage stakeholders in advancing the agency’s mission.
2/5/2014	Doug Lee, Directorate for Engineering Sciences, and other Engineering Sciences staff, met with Paul Piekarski, Tower Manufacturing, to discuss safety technology for consumer products.
2/6/2014	Commissioner Ann Marie Buerkle; Nancy Lowery, Special Assistant; Joe Martyak, Chief Counsel, met with members of the Juvenile Products Manufacturers Association (“JPMA”) as part of their annual members conference.
2/6/2014	Commissioner Robinson, Heather Bramble Chief Counsel, Anu Connor Senior Counsel, Dottie Lee, Confidential Assistant met with members of the Juvenile Product Manufacturers Association as part of their annual members’ conference.
2/11/2014	Doug Lee, Directorate for Engineering Sciences, attended ANSI C18/NEMA Battery Committee Meetings, to discuss button/coin cell battery ingestion safety, toy battery safety and other various requirements for ANSI C18 battery standards.
2/11/2014	George Borlase, Assistant Executive Director for Hazard Identification and Reduction, Andrew Trotta, Division Director for Electrical Engineering, and other staff met with Wayne Morris, Vice President, Division Services and Jennifer Cleary, Director Regulatory Affairs, both from the Association of Home Appliance Manufacturers, to discuss pending standards proposals.

Date(s)	Meeting Summary
2/11/2014	Acting Chairman Robert Adler; Chief of Staff Jason Levine and Deputy Chief of Staff Jana Fong-Swamidoss met with Craig Wilson, Vice President (Food & Nonfood Quality Assurance, Food & Nonfood Product Safety, Environmental Services, HazMat, and Merchandise Services); Jennifer Thompson, Director (Nonfood Quality Assurance, Nonfood Product Safety); and Eric Rubel, Counsel, Arnold & Porter LLP, for an introduction to Costco; Costco's current practices for evaluating information received from members on potential safety concerns and Costco's interest in Retailer Reporting program. (The meeting included discussions of Costco's confidential, commercial information, thus the reason the meeting was closed to the public.)
2/11/2014	Kristina Hatlelid, Directorate for Health Sciences, and other staff attended a meeting of the ASTM subcommittee F15.24 on jewelry to discuss the status and possible updates of the children's jewelry voluntary standard.
2/11/2014	Commissioner Ann Marie Buerkle; Nancy Lowery, Special Assistant; Joe Martyak, Chief Counsel, met with Costco; Craig Wilson, Vice President, Jennifer Thompson, Director, and Eric Rubel, Outside Counsel (Arnold & Porter LLP). The meeting was an introduction to and overview to Costco and its practices. The meeting was closed as substantial and detailed proprietary information were discussed.
2/11/2014	Commissioner Marietta Robinson; Heather Bramble, Chief Counsel; Anu Connor, Senior Counsel; Dottie Lee, Confidential Assistant, met with Craig Wilson, Vice President (Food & Nonfood Quality Assurance, Food & Nonfood Product Safety, Environmental Services, HazMat, and Merchandise Services); Jennifer Thompson, Director (Nonfood Quality Assurance, Nonfood Product Safety); and Eric Rubel, Counsel, Arnold & Porter LLP, for an introduction to Costco; Costco's current practices for evaluating information received from members on potential safety concerns and Costco's interest in Retailer Reporting program. (The meeting was closed to the public because of the proprietary information that was discussed.)
2/12/2014	Anna Luo, Directorate for Engineering Sciences, participated in a Underwriters Laboratories ("UL") 1026 Task Group teleconference to discuss possible solutions to slow cooker and rice cooker cord-pull incidents.
2/12/2014	Commission Meeting—Notice of Proposed Rulemaking: Amendment to Regulation on Information Disclosure Under Section 6(b) of the Consumer Product Safety Act
2/12/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standards requirements for Highchairs.
2/13/2014	Perry Sharpless, Directorate for Laboratory Sciences/ Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.
2/13/2014	Rick McCallion, Office of Hazard Identification and Reduction attended the ASTM F24 meeting on Trampoline Parks in Ft. Lauderdale, FL.
2/13/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standards requirements for Highchairs.
2/16/2014 – 2/18/2014	Ray Aragon, Director, and other staff from the Office of Compliance and Field Operations attended and participated in Toy Industry Association's annual Toy Fair and Safety Seminar. Mr. Aragon gave a presentation on Compliance Updates on Tuesday, February 18, 2014.

Date(s)	Meeting Summary
2/17/2014- 2/18/2014	Acting Chairman Robert Adler and Deputy Chief of Staff Jana Fong-Swamidoss attended and participated in a tour of the Toy Fair 2014 on the afternoon of February 17. Acting Chairman Adler spoke at the Toy Fair on Tuesday, February 18.
2/17/2014- 2/18/2014	Commissioner Ann Marie Buerkle and Nancy Lowery, Special Assistant, attended and participated in a tour of the 2014 Toy Fair on the afternoon of Monday, February 17. Commissioner Buerkle attended and gave brief introductory remarks at the 2014 Toy Fair on Tuesday, February 18.
2/19/2014	Scott Ayers and John Murphy, Directorate for Engineering Sciences, attended a meeting of the ASTM F15.10 Task Group on Portable Gasoline Containers.
2/19/2014	Tim Smith, Directorate for Engineering Sciences/Human Factors, participated in a task group conference call regarding toddler beds.
2/24/2014	Celestine Kiss, Directorate for Engineering Sciences/Human Factors, participated in a task group conference call regarding Changing Tables to discuss defining “add-on” changing tables.
2/25/2014	Staff from the Office of Compliance and Field Operations; Office of Hazard Identification and Reduction; and the Office of Education, Global Outreach and Small Business Ombudsman attended and participated in the International Consumer Product Health and Safety Organization’s (“ICPHSO”) 2014 Annual Meeting and Training Symposium.
2/27/2014	Acting Chairman Robert Adler attended and delivered the keynote address at the CPSC Day lunch at the International Consumer Product Health and Safety Organization’s (“ICPHSO”) 2014 Annual Meeting and Training Symposium to discuss CPSC’s 2014 activities.
2/27/2014	Jason Levine, Chief of Staff to Acting Chairman Adler, appearing and speaking on “Current Enforcement Trends at the CPSC” at the International Consumer product Health and Safety organization’s (“ICPHSO”) 2014 Annual Meeting & Training Symposium. The panel discussed important legal developments during the past 12 months affecting companies regulated by CPSC, including CPSC enforcement actions and implementation of the CPSIA.
3/4/2014	Kristina Hatlelid, Directorate for Health Sciences, and other staff attended a meeting of the ASTM subcommittee F15.24 on jewelry to discuss proposed updates of the children's jewelry voluntary standard.
3/5/2014- 3/6/2014	Scott Ayers, Directorate for Engineering Sciences, participated in the ASTM F15.45 meetings on candle visible emissions
3/5/2014	Anna Luo, Directorate for Engineering Sciences, participated in a Underwriters Laboratories (“UL”) 1026 Task Group teleconference to discuss possible solutions to slow cooker cord-pull incidents.
3/5/2014	Rick McCallion, Office of Hazard Identification and Reduction, and CPSC staff participated in an ASTM workgroup to discuss standard development for Adult Bed Rails.
3/5/2014	Arthur Lee, Office of Hazard Identification and Reduction, attended the Fire Alarm and Detector Research Council’s annual meeting held by Fire Protection Research Foundation.
3/6/2014	Arthur Lee, Office of Hazard Identification and Reduction, attended and moderated at the SUPDET 2014 Conference held by National Fire Protection Association.

Date(s)	Meeting Summary
3/6/2014	Perry Sharpless, Directorate for Laboratory Sciences/ Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.
3/6/2014	Acting Chairman Robert Adler and Deputy Chief Counsel Jana Fong-Swamidoss met with Mark Johnson and Teri Williamson of Newell Rubbermaid and Ed Krenik, Bracewell & Giuliani, Counsel, to discuss confidential business information pertaining to window coverings. (The meeting was closed to the public because of the proprietary information that was discussed.)
3/12/2014	Rana Balci-Sinha, Directorate for Engineering Sciences/Human Factors, attended ASTM stroller subcommittee positional grab bar task group teleconference.
3/13/2014	Dr. Suad Wanna-Nakamura, Directorate for Health Sciences, and Dr. Jonathan Midgett, Office of Hazard Identification and Reduction participated in an ASTM F15 Ad Hoc Task Group Teleconference.
3/13/2014	Scott Wolfson and Nikki Fleming, Office of Communications, Troy Whitfield and Justin Jirgl, Office of Compliance and Field Operations, and Patricia Edwards, Directorate for Engineering Sciences, to meet with Joyce Davis, President of Keeping Babies Safe and Rick Greenberg, board member of Keeping Babies Safe to discuss an educational effort regarding supplemental mattresses for play yards.
3/13/2014	Acting Chairman Robert Adler, Chief of Staff Jason Levine and Deputy Chief of Staff Jana Fong-Swamidoss met with Joe Jankoski, Richard Gottuso, Joe Kavach and Jim Anthony of Hunter Douglas and Ed Krenik, Bracewell & Giuliani, counsel to Hunter Douglas to discuss confidential business information pertaining to window coverings.
3/17/2014	Acting Chairman Robert Adler, Chief of Staff Jason Levine and Deputy Chief of Staff Jana Fong-Swamidoss met with Tom Merker and John Comerferd of Springs Window Fashions and Ed Krenik of Bracewell & Giuliani, Counsel to Springs Window Fashions to discuss confidential business information pertaining to window coverings.
3/18/2014	Arthur Lee, Office of Hazard, Identification, and Reduction, attended the Standards Technical Panel for Smoke Detectors and Alarms (UL217) held by Underwriters Laboratories.
3/18/2014	Acting Chairman Robert Adler, Chief of Staff Jason Levine and Deputy Chief of Staff Jana Fong-Swamidoss met with Derrick Marsh of Rollease, and Ed Krenik of Bracewell & Giuliani, Counsel to Rollease to discuss confidential business information pertaining to window coverings.
3/18/2014	Robert Howell, Deputy Executive Director, Safety Operations, George Borlase, Director, Office of Hazard Identification and Reduction, Caroleene Paul, Mechanical Engineer, and Patricia Pollitzer, Supervisory General Counsel, met with Stacy Bogart, General Counsel, and Jeff Eyres, Assistant General Counsel, of Polaris Industries, and Erika Jones, Mayer Brown LLC, to discuss future ROV production plans of Polaris. The material discussed was identified as confidential business information; therefore the meeting was closed to the public.
3/19/2014	Anna Luo, Directorate for Engineering Sciences, participated in a Underwriters Laboratories (“UL”) 1026 Task Group teleconference to discuss possible solutions to slow cooker cord-pull incidents.

Date(s)	Meeting Summary
3/25/2014	Caroleene Paul, Directorate for Engineering Sciences, and Mark Kumagai, Division Director, Directorate for Engineering Sciences, Mechanical Engineering Division, attended the Underwriters Laboratories (“UL”) Table Saw Safety Working Group meeting for demonstration of the operation of a finger surrogate setup for a capacitance based contact sensing system on a table saw.
3/26/2014	Gregory K. Rea, Directorate for Laboratory Sciences/ Mechanical Division, participated in a semiannual ASTM D10.32 Subcommittee (Consumer and Medical Packaging) meeting to discuss the development and maintenance of the standards this group oversees.
3/27/2014	Perry Sharpless, Directorate for Laboratory Sciences/ Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.
4/2/2014	Commissioner Marietta Robinson, Heather Bramble, Chief Counsel, Anu Connor, Senior Counsel, Dottie Lee, Confidential Assistant, met with representatives from YKK Corporation of America: Jim Reed, Senior Vice President & Chief Legal Counsel, YKK Corporation of America, Matt Howsare, Counsel, Mintz Levin, as part of an introduction and overview of YKK, and a brief discussion of how YKK is utilizing component part testing and YKK's comments regarding the proposed 1110 rule.
4/2/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standard requirements for Highchairs.
4/2/2014	Andrew Trotta, Directorate for Engineering Sciences, participating in a teleconference of the Fire Protection Research Foundation (“FPRF”) Cooking Fires Mitigation Technical Steering Panel to review progress on the new phase of the Hughes Associates effort on development of standard test methods for evaluation of cooking fire mitigation strategies, as well as a new modeling effort with Primaira.
4/3/2014	The U .S. Consumer Product Safety Commission (“CPSC”) invited affected stakeholders and other interested people to attend a public workshop on third party testing burden reduction, titled, “Potential Ways to Reduce Third Party Testing Costs through Determinations Consistent with Assuring Compliance.”
4/3/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standard requirements for Highchairs.
4/7/2014	Tim Smith, Directorate for Engineering Sciences/Human Factors, participating in Ergonomics and Human Factors 2014 Conference.
4/7/2014	Patricia Edwards, Directorate for Engineering Sciences, and other CPSC staff attended meetings with the ASTM F15 subcommittee on Juvenile Products at ASTM Headquarters in West Conshohocken, PA.
4/7/2014	Matthew Dreyfus, Directorate for Laboratory Sciences, participated in an ASTM Committee D20 Group D7823: Phthalates in PVC Task Group meeting via conference call.
4/8/2014	Acting Chairman Robert Adler, Chief of Staff Jason Levine and Deputy Chief of Staff Jana Fong-Swamidoss met with Rachel Weintraub, Legislative Director & Senior Counsel, Consumer Federation of America and Carol Pollack-Nelson, Independent Safety Consultant, to discuss window coverings.

Date(s)	Meeting Summary
4/9/2014	Arthur Lee and Susan Bathalon, Office of Hazard Identification and Reduction, attended the National Electrical Manufacturers Association (“NEMA”) meeting of the Signaling, Protection and Communication Product Section, and spoke on Fire and Carbon Monoxide Safety.
4/9/2014	Commissioner Ann Marie Buerkle to deliver keynote address at the Fashion Jewelry & Accessories Trade Association’s (“FJATA”) 2014 Annual Conference.
4/10/2014	Perry Sharpless, Directorate for Laboratory Sciences/ Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.
4/11/2014	Acting Chairman Robert Adler, Chief of Staff Jason Levine and Deputy Chief of Staff Jana Fong-Swamidoss met with Lanny Davis of Lanny J. Davis & Associates, LLC, and Jakes Fireworks representatives to discuss the role American Fireworks Standards Laboratory plays in testing fireworks.
4/11/2014	Commissioner Marietta Robinson, Heather Bramble, Chief Counsel, Dottie Lee, Confidential Assistant, participated in an introductory met with members of the American Apparel and Footwear Association (“AAFA”): Steve Lamar, Executive Vice President; Nate Herman, Vice President of International Trade; Danielle Abdul, Manager of Government Relations; David Lapidus, Manager of Government Relations, and to discuss CPSC issues relevant to AAFA members.
4/15/2014	Commissioner Ann Marie Buerkle’s staff, Nancy Lowery, Special Assistant, and Gib Mullan, Chief Counsel, met with Dr. Arlene Blum, Green Science Policy Institute, and Malin Nasman, IKEA USA, to discuss California’s new furniture flammability standard.
4/15/2014	Commissioner Marietta Robinson and Dottie Lee, Confidential Assistant, met with Dr. Arlene Blum, Green Science Policy Institute, and Malin Nasman, IKEA USA, to discuss California’s new furniture flammability standard.
4/15/2014	Ronald A. Jordan, Directorate for Engineering Sciences, participated via conference call/webex in meeting of the Z21/CSA Unvented Gas-Fired Warm Air Heaters Technical Advisory Group (“TAG”) to discuss voluntary standards activities.
4/22/2014	Acting Chairman Robert Adler, Chief of Staff Jason Levine and Deputy Chief of Staff Jana Fong-Swamidoss met with Elissa Sterry, VP for the phthalate product line; Patrick Henretty and Robert Nolan of ExxonMobil to discuss phthalates and other new developments (California Prop 65 and the EU ECHA Report).
4/22/2014	Commissioner Marietta Robinson, Heather Bramble, Chief Counsel, Anu Connor, Senior Counsel, Dottie Lee, Confidential Assistant, met with members of the Polyurethane Foam Association (“PFA”): Bob Luedeka, Executive Director, and James McIntyre as part of an introductory meeting and to discuss CPSC issue relevant to the PFA such as upholstered furniture flammability and the lead standard for children’s toys.
4/22/2014	Commissioner Marietta Robinson, Heather Bramble, Chief Counsel, Anu Connor, Senior Counsel, Dottie Lee, Confidential Assistant, met with representatives from ExxonMobil Corporation: Elissa Sterry, Vice President, and Robert Nolan. ExxonMobil provided a briefing on phthalates.
4/22/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Gib Mullan, Chief Counsel, met with representatives from ExxonMobil Corporation: Elissa Sterry, Vice President, Patrick Henretty and Robert Nolan. ExxonMobil provided a briefing on phthalates.

Date(s)	Meeting Summary
4/22/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Gib Mullan, Chief Counsel, met with members of the Polyurethane Foam Association (“PFA”): Bob Luedeka, Executive Director, and James McIntyre as part of an introductory meeting and to discuss CPSC issue relevant to the PFA such as upholstered furniture flammability and the lead standard for children’s toys.
4/23/2014	Thomas Caton, Directorate for Engineering Sciences/Division of Mechanical Engineering, teleconferenced into an ANSI A14 Ladder Committee Meeting.
4/23/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Gib Mullan, Chief Counsel, met with Ed Krenik, Tim Bouche, Erik Pritchard, and Duane Taylor who represent the Motorcycle Industry Council (“MIC”), Recreational Off Highway Vehicle Association (“ROHVA”), and the Specialty Vehicle Institute of America (“SVIA”). The meeting was introductory in nature.
4/23/2014	Gregory K. Rea, Directorate for Laboratory Sciences/ Mechanical Division, participated in the ASTM D10.32 Task Group Meeting teleconference for WK41534 to discuss the development and validation of test methods for a non-metered, re-closable, restricted delivery system voluntary standard.
4/23/2014	Hope Nesteruk, Directorate for Engineering Sciences/Human Factors, and other CPSC staff participated in the F15.21 Sling Carrier task group conference call to discuss the ASTM Sling Carrier voluntary standard.
4/24/2014	Perry Sharpless, Directorate for Laboratory Sciences/ Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group conference call.
4/24/2014	Commissioner Ann Marie Buerkle was the guest speaker at the NAM CPSC coalition meeting. The coalition is comprised of manufacturers, retailers, law firms representing manufacturers of consumer goods and trade associations representing manufacturers and retailers, respectively.
4/25/2014	Sarah Newens, Directorate for Engineering Sciences, Joanna Matheson, Directorate for Health Sciences, and other CPSC staff participated in a conference call with the ASTM F15 subcommittee regarding the development of a new voluntary standard for Liquid Laundry Packets.
4/29/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, and Gib Mullan, Chief Counsel, met with Marci Kinter, Vice President, Government & Business Information at Specialty Graphic Imaging Association to discuss testing issues surrounding CPSIA as well as potential opportunities to reduce testing burdens.
4/30/2014	John Massale, Directorate for Laboratory Sciences, attended a meeting as a member of the ASTM F15.42 on Furniture Safety at the Offices of Samson Marketing.
4/30/2014	Commission Meeting–Frame Child Carriers: Notice of Proposed Rulemaking
5/1/2014	Tim Smith, Directorate for Engineering Sciences/Human Factors, attended a virtual meeting (teleconference) of the ASTM F15.30 Bunk Bed Subcommittee.
5/1/2014	Perry Sharpless, Directorate for Laboratory Sciences/ Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.

Date(s)	Meeting Summary
5/1/2014	Commissioner Ann Marie Buerkle and Nancy Lowery, Special Assistant, Gib Mullan, Chief Counsel, met with Mike Kollman, Intercrown Enterprise, LTD. The meeting discussed the costs of making cordless mini-blinds vs. traditional mini-blinds as well as the feedback received from major customers. The meeting was closed as substantial and detailed proprietary information was discussed.
5/1/2014	Commissioner Marietta Robinson, Heather Bramble, Chief Counsel, Dottie Lee, Confidential Assistant, met with Mike Kollman of Intercrown Enterprise, LTD. The meeting discussed the costs of making cordless mini-blinds versus traditional mini-blinds, as well as feedback received from consumers. The meeting was limited to discussions of proprietary information and therefore was closed to the public.
5/1/2014	Acting Chairman Robert Adler, Chief of Staff Jason Levine and Deputy Chief of Staff Jana Fong-Swamidoss met with Mike Kollman of Intercrown Enterprise, LTD to discuss proprietary information on window blinds. (The meeting was closed to the public because of the proprietary information that was discussed.)
5/2/2014	Acting Chairman Robert Adler, Commissioner Ann Marie Buerkle, Commissioner Marietta Robinson, and other CPSC staff meeting individually with ASTM International's Messrs. James Thomas, Jeff Grove, Len Morrissey, and Ms. Kathie Morgan. The purpose of the meetings was to enable the ASTM group to meet the Commissioners.
5/5/2014- 5/8/2014	Khalisa Phillips, Ph.D., Directorate for Engineering Sciences/Human Factors, Ian Hall, Directorate for Laboratory Sciences, Rick McCallion, Office of Hazard Identification and Reduction, and other CPSC staff, attended meetings with the ASTM F15 subcommittees for playground equipment and ASTM F08 subcommittees for sports and recreational equipment.
5/5/2014- 5/7/2014	Rik Khanna and Jacob Miller, Office of Hazard Identification and Reduction, and Andrew Trotta, Directorate for Engineering Sciences, attended Underwriters Laboratories ("UL")(1) Fire, (2) Electrical, and (3) Consumer Advisory Council Meetings to discuss consumer product safety standards (1) for fire suppression equipment, fire resistant building designs, flame and smoke characteristics of building materials and other products related to fire safety, (2) electrical appliances, utilization equipment, construction equipment, and materials, (3) provide advice for establishing levels of safety for consumer products, and aid in educating the general public in the safer use of consumer products.
5/6/2014	Joel Recht, Directorate for Laboratory Sciences, Division of Chemistry, attended a meeting of the ASTM C11 Committee on Gypsum and Related Building Materials and Systems.
5/6/2014	Jacqueline Campbell, Directorate for Engineering Sciences, attended AATCC 2014 Spring Committee Meetings.
5/6/2014	Commission Meeting–Decisional Matter: FY 2014 Midyear Review and Proposed Operating Plan Adjustments
5/9/2014	Dr. Christopher Musto, Directorate for Laboratory Sciences, and Demar Granados, Office of Compliance and Field Operations, attended the American Fireworks Standards Laboratory's Standards Committee Meeting.
5/9/2014	Doug Lee, Rana Balci-Sinha and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standards requirements for baby monitors.
5/12/2014	Commissioner Ann Marie Buerkle, Gib Mullan, Chief Counsel, met with AmCham Vietnam Ho Chi Minh City about CPSC and CPSC related issues.

Date(s)	Meeting Summary
5/12/2014	Commissioner Ann Marie Buerkle and Gib Mullan, Chief Counsel, met with Travis Wagner and Barbara Nuckles from Wanek Furniture. This meeting was introductory in nature to learn about the company and how CPSC issues impact them.
5/12/2014	Commissioner Ann Marie Buerkle and Gib Mullan, Chief Counsel, had lunch with Jeff Spangler, Vietnam Country Director of Columbia Sportswear. This lunch meeting was introductory in nature to learn about the company and how CPSC issues impact them.
5/13/2014	Commissioner Ann Marie Buerkle, Gib Mullan, Chief Counsel, attended and participated in the American Apparel & Footwear Association (“AAFA”) International Product Safety and Environmental Compliance Conference.
5/13/2014	Dr. Jonathan Midgett, Office of Hazard Identification and Reduction, and other staff participated in an ASTM F15.60 Subcommittee on Portable Pools meeting.
5/13/2014	Anna Luo, Directorate for Engineering Sciences, participated in an Underwriters Laboratories (“UL”) 1026 Task Group teleconference to discuss possible solutions to slow cooker cord-pull incidents.
5/13/2014	Andrew Trotta, Directorate for Engineering Sciences, attended a meeting of the Fire Protection Research Foundation (“FPRF”) Research Advisory Committee to discuss the direction of the FPRF.
5/13/2014	Acting Chairman Robert Adler was a guest speaker at Wal-Mart Stores, Inc.’s 2 nd Annual Compliance Week to discuss product safety compliance in general. The meeting was closed to the public, except for the Acting Chairman’s speech which must be open.
5/13/2014	Commissioner Ann Marie Buerkle and Gib Mullan, Chief Counsel, toured TBS Group facilities and receive an overview of the company’s operations from Nguyen Duc Thuan , TBS Chairman, and Diep Thanh Kiet, Vice Chairman.
5/13/2014	Doug Lee, Directorate for Engineering Sciences and Jonathan Midgett, Office of Hazard Identification and Reduction, attended a Button Battery Task Force meeting via teleconference to discuss button/coin cell battery ingestion safety.
5/14/2014	Commissioner Ann Marie Buerkle and Gib Mullan, Chief Counsel, toured Saitex and receive an introductory overview of the company’s operations.
5/14/2014	Commissioner Ann Marie Buerkle and Gib Mullan, Chief Counsel, toured Thao Uyen and receive an introductory overview of the company’s operations.
5/15/2014	Perry Sharpless, Directorate for Laboratory Sciences/Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.
5/19/2014	Jason Levine, Chief of Staff to Acting Chairman Robert Adler, met with Breast Cancer Fund’s Nancy Buermeyer and the Raben Group’s Daniel Penchina to discuss issues relating to phthalates and flame retardants.
5/20/2014	Sarah Newens, Directorate for Engineering Sciences, and other CPSC staff participated in a conference call with the ASTM F15 subcommittee task group regarding the development of the Infant Incline Sleep Products standard.

Date(s)	Meeting Summary
5/21/2014	Rik Khanna and Treye Thomas, Office of Hazard Identification and Reduction, attended the UL Furniture Flammability and Human Health Summit to participate in a discussion on achieving flammability protection while preventing toxic chemical exposures and present information on upholstered furniture fire test standards development. The co-conveners of the event include UL, the Centers for Disease Control (“CDC”), the National Institute of Environmental Health Sciences (“NIEHS”), and the United States Fire Administration (“USFA”).
5/21/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standards requirements for Highchairs.
5/21/2014	John Massale, Directorate for Laboratory Sciences, attended a virtual meeting as a member of the ASTM D10.32 Task Group for WK41534 on Flow Restrictors.
5/22/2014	Patricia Edwards, Directorate for Engineering Sciences, and other CPSC staff attended a teleconference with the ASTM F15 task group on bassinet stability.
5/22/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standards requirements for Highchairs.
5/28/2014	Acting Chairman Robert Adler delivering keynote address at the American Apparel & Footwear Association’s Product Safety and Compliance Seminar East to discuss toxic chemicals.
5/28/2014	Doug Lee, Rana Balci-Sinha and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standards requirements for baby monitors.
5/29/2014	Ronald A. Jordan, Directorate for Engineering Sciences, participated via conference call/webex in meeting of the Z21/CSA Unvented Gas-Fired Warm Air Heaters Technical Advisory Group (“TAG”) to discuss voluntary standards activities.
5/30/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standards requirements for Highchairs.
6/2/2014	Kristina Hatlelid, Directorate for Health Sciences, and other staff attended a meeting of the ASTM subcommittee F15.24 on jewelry via teleconference to discuss proposed updates of the children's jewelry voluntary standard.
6/2/2014	Andrew Trotta, Directorate for Engineering Sciences, participating in a teleconference of the Fire Protection Research Foundation (“FPRF”) Cooking Fires Mitigation Technical Panel for Hughes Associates to present the results of their testing.
6/2/2014	Ronald A. Jordan, Directorate for Engineering Sciences, and Matthew Brookman, Directorate for Laboratory Sciences met with Dave Mill, Underwriters’ Laboratories (“UL”) to discuss developments associated with UL2034.
6/2/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, Gib Mullan, Chief Counsel, and Katelyn Costello, Executive Assistant, met with Dr. Gary Smith to discuss use of NEISS data and his upcoming research that is relevant to CPSC.
6/3/2014- 6/6/2014	Scott Ayers, Directorate for Engineering Sciences, attended the National Candle Association NCA 2014 Conference & Expo.
6/3/2014	The U .S. Consumer Product Safety Commission (“CPSC”) held a public forum on carbon monoxide/combustion sensors.

Date(s)	Meeting Summary
6/3/2014	Sarah Newens, Directorate for Engineering Sciences, and other CPSC staff participated in a conference call with the ASTM F15 subcommittee working group regarding the warning development of the Infant Incline Sleep Products standard.
6/3/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, Gib Mullan, Chief Counsel, and Katelyn Costello, Executive Assistant, met with the Syracuse University Law School Washington Lawyer Seminar. Commissioner Ann Marie Buerkle spoke to students participating in Syracuse University Law School's semester in Washington, D.C. program. Commissioner Buerkle gave an introductory overview of CPSC and some of the issues the agency deals with and participated in a question and answer session following her remarks.
6/4/2014	Commissioner Ann Marie Buerkle delivered remarks at the luncheon of the Consumer Specialty Product Association's "The Consumer Product Safety Commission from A to Z."
6/4/2014	Commissioner Marietta Robinson delivered remarks at the luncheon of the Consumer Specialty Product Association's "The Consumer Product Safety Commission from A to Z."
6/5/2014	Dr. Suad Wanna-Nakamura, Directorate for Health Sciences, and other EXHR staff, participating in an ASTM F2167 –Voluntary Standards Task Group Teleconference to discuss voluntary standards requirements for infant bouncer seat.
6/5/2014	Nancy Lowery, Special Assistant and Gib Mullan, Chief Counsel, (Office of Commissioner Ann Marie Buerkle), to meet with Mark Fellin, Director of Regulatory & Legislative Affairs, and Julie Vallese, Managing Director Public and Government Affairs, from JPMA to discuss test burden reduction.
6/5/2014	Stefanie Marques and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standards requirements for Highchairs.
6/6/2014	Scott Ayers, Directorate for Engineering Sciences, attended the ASTM F15.45 meeting on candle products. This meeting was a part of the NCA 2014 Conference & Expo.
6/6/2014	Acting Chairman Adler speaking and participating in a press conference at Nova Southeastern University, Davie, Florida to discuss swimming pool safety.
6/9/2014	Shivani Mehta, Directorate for Engineering Sciences, and David Miller, Directorate for Epidemiology, met with the National Fire Protection Association Conference to discuss fire, electrical and life safety issues.
6/9/2014	Acting Chairman Robert Adler, Commissioner Ann Marie Buerkle, Commissioner Marietta Robinson, and other CPSC staff meeting individually with the American National Standards Institute's Messrs. Joe Bhatia and Scott Cooper. The purpose of the meetings was to enable the ANSI group to meet the Commissioners.
6/9/2014	Commissioner Marietta Robinson, Heather Bramble, Chief Counsel, Anu Connor, Senior Counsel, Dottie Lee, Confidential Assistant, met with Bruce Zoldan and William Weimer of the B.J. Alan Company, and David Baker, attorney for the B.J. Alan Company as part of an introductory meeting to introduce themselves and their company. B.J. Alan Company is the largest retailer of consumer fireworks in the United States.

Date(s)	Meeting Summary
6/9/2014	Nancy Lowery, Special Assistant, and Gib Mullan, Chief Counsel, (Office of Commissioner Ann Marie Buerkle) to meet with B.J. Alan; Bruce Zoldan, President and CEO, William Weimer, Vice President and General Counsel, and David Baker, Outside Counsel (Law Office of David Baker, LLC). This meeting was introductory in nature.
6/10/2014	Mr. Randy Butturini (Office of Hazard Identification and Reduction), Mr. Richard Uhl, (Directorate for Laboratory Sciences), Dr. Kristina Hatlelid, (Directorate for Health Sciences), Mr. David DiMatteo, (Office of the General Counsel), Ms. Jacqueline Campbell (Directorate for Engineering Sciences), and Dr. John Boja (Office of Compliance and Field Operations), met with Ms. Rebecca Mond, Toy Industry Association. This was a meeting on third party testing burden reduction through determinations. This meeting reviewed recent CPSC Shore A hardness testing on materials with more than 0.1 percent phthalates, expected industry submissions of data and information on materials that do not and were not noncompliant with requirements for lead, phthalates, and/or the ASTM toy standard elements, CPSC midyear budget resources for consideration of unfinished wood and other natural materials, a brief discussion on “high degree of assurance,” and the status on other third party testing reduction opportunities like alternative test methods.
6/11/2014	Commissioner Marietta Robinson delivered the keynote address at the American Conference Institute’s Consumer Products and Litigation Conference.
6/11/2014	Commissioner Ann Marie Buerkle delivered the keynote address at the American Conference Institute’s Consumer Products and Litigation Conference.
6/11/2014	Matthew Dreyfus, Shing-Bong Chen, and Andrew Stadnik, Directorate for Laboratory Sciences, met via conference call with representatives from Agilent Technologies to discuss infrared spectroscopy as an approach for screening phthalates.
6/12/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard Identification and Reduction staff, participating in an ASTM working group teleconference to discuss voluntary standards requirements for Highchairs.
6/12/2014	Perry Sharpless, Directorate for Laboratory Sciences/ Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.
6/16/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, Gib Mullan, Chief Counsel, and Katelyn Costello, Executive Assistant, to receive a presentation on phthalates from ExxonMobil.
6/17/2014	Commissioner Ann Marie Buerkle delivered remarks at the American Cleaning Institute’s Mid-Year Meeting.
6/17/2014	Doug Lee, Engineering Sciences, attended ANSI C18/NEMA Battery Committee Meetings, to discuss button/coin cell battery ingestion safety, toy battery safety and other various requirements for ANSI C18 battery standards.
6/17/2014	Patricia Edwards, Directorate for Engineering Sciences, and other CPSC staff attended meetings with the ASTM F15 subcommittee on Juvenile Products.
6/18/2014	Scott Ayers, Directorate for Engineering Sciences, participated in the UL 60335-2-24 task group teleconference on safety requirements for household refrigerators and freezers.
6/20/2014	Rick McCallion, Office of Hazard Identification and Reduction, attended the NOCSAE Standards Meeting.

Date(s)	Meeting Summary
6/20/2014	Commissioner Marietta Robinson and Dottie Lee, Confidential Assistant, met with members of the American Plastic Toys, Inc.: John Gessert, President and CEO, American Plastic Toys, Inc., Hailey Mann, Quality and Engineering Manager, American Plastic Toys Inc., and Autumn Moore, Toy Industry Association, to tour the APT facility.
6/25/2014	Commission Meeting–Briefing Package: Proposed Rule on Safety Standard for Sling Carriers
6/25/2014	Arthur Lee, Office of Hazard Identification and Reduction, attended the Standards Technical Panel for Fire Alarm Code (NFPA 72) held by National Fire Protection Association.
6/25/2014	Doug Lee, Directorate for Engineering Sciences, participating in an ASTM workgroup for battery operated toys via teleconference to review negative comments for requirements for ASTM F963 to address battery ingestion and high energy battery hazards.
6/26/2014	Rik Khanna, Office of Hazard Identification and Reduction participating in the ASTM – E05.15 Furnishings and Contents, including Task Group Meetings to discuss voluntary standards development for upholstered furniture.
6/26/2014	Acting Chairman Robert Adler and other CPSC staff participated in a live fireworks safety demonstration and media event to discuss firework safety and followed by a media availability period.
6/26/2014	Perry Sharpless, Directorate for Laboratory Sciences/Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.
6/26/2014	John Boja, Mary Toro, Carol Afflerbach (Office of Compliance and Field Operation); Mary Ann Danello, Michael Babich, Melanie Biggs (Directorate for Health Sciences); Patty Pollitzer (Office of the General Counsel) met with W. Caffey Norman of Squire Patton and Boggs, LLP to discuss labeling cautionary language for household products containing Methylene Chloride.
6/30/2014	Sarah Newens, Directorate for Engineering Sciences, and other Laboratory Sciences and Health Sciences staff, met with representatives from Sun Product Corporation, to discuss the manufacturing process for single use laundry packets. (The meeting was closed to the public because of proprietary information that was discussed).
7/2/2014	Doug Lee, Directorate for Engineering Sciences, participating in an ASTM workgroup for battery operated toys via teleconference to review negative comments for requirements for ASTM F963 to address battery ingestion and high energy battery hazards.
7/2/2014	Janet Buyer, Directorate for Engineering Sciences, and Matthew Brookman, Directorate for Laboratory Sciences, participated in a teleconference meeting of the Task Group for UL 2201.
7/2/2014	Sarah Newens, Directorate for Engineering Sciences, and other CPSC staff participated in a conference call with the ASTM F15 task group regarding the development of a new voluntary standard for Liquid Laundry Packets.
7/9/2014	Arthur Lee, Office of Hazard Identification and Reduction, attended an Underwriters Laboratories (“UL”) task group for UL 858 Standard for Household Electric Ranges.
7/9/2014	Andrew Trotta, Directorate for Engineering Sciences, participating in NFPA 73 Second Draft Teleconference/Web meeting to review the NFPA 73 Public Comments and develop Second Revisions, if appropriate.

Date(s)	Meeting Summary
7/10/2014	Perry Sharpless, Directorate for Laboratory Sciences/Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.
7/15/2014	Rick McCallion, Office of Hazard Identification and Reduction, attended the 2014 Hit Count Symposium.
7/16/2014	Dr. Suad Wanna-Nakamura, Directorate for Health Sciences, and other EXHR staff, participating in an ASTM F2167 Voluntary Standards Task Group Meeting via teleconference to discuss voluntary standards requirements for infant bouncer seat.
7/16/2014	Anna Luo, Directorate for Engineering Sciences, participated in an Underwriters Laboratories (“UL”) 1026 Task Group teleconference to discuss possible solutions to slow cooker cord-pull incidents.
7/18/2014	Caroleene Paul, Directorate for Engineering Sciences; Perry Sharpless, Directorate for Laboratory Sciences, and other CPSC staff to attend ANB45(1) Rollover Subcommittee Meeting.
7/18/2014	Scott Ayers, Directorate for Engineering Sciences, participated in an Underwriters Laboratories (“UL”) task group teleconference for UL 60335-2-24 Standard for Safety for Household and Similar Electrical Appliances, Part 2: Particular Requirements for Refrigerating Appliances, Ice-Cream Appliances and Ice-Makers.
7/22/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, Gib Mullan, Chief Counsel, and Katelyn Costello, Executive Assistant, met with Natural Resources Defense Council; Veena Singla, Staff Scientist NRDC; Daniel Rosenberg, Senior Attorney, NRDC; Eve Gartner, Staff Attorney, EarthJustice; Dr. Susan Shaw from SUNY Albany School of Public Health; Dr. Ami Zota from George Washington University Department of Environmental and Occupational Health. The meeting was held to discuss flammability standards and flame retardant chemicals in furniture.
7/22/2014	Doug Lee, Directorate for Engineering Sciences, participating in an ASTM workgroup for battery operated toys via teleconference to review negative comments for requirements for ASTM F963 to address battery ingestion and high energy battery hazards.
7/22/2014	Acting Chairman Robert Adler, Chief of Staff Jason Levine and Senior Counsel Sarah Klein met with Veena Singla, Staff Scientist and Daniel Rosenberg, Senior Attorney, Natural Resources Defense Council (“NRDC”) and Dr. Susan Shaw, SUNY Albany School of Public Health and Dr. Ami Zota, George Washington University Department of Environmental and Occupational Health to discuss CPSC’s work on a national flammability standard for upholstered furniture, including information about the observed effects of the mattress flammability standard and to share NRDC’s work on California’s furniture standards and the broad coalition of public health, environmental and firefighter groups engaged in furniture flammability standards as well as health concerns associated with the use of flame retardant chemicals in furniture.

Date(s)	Meeting Summary
7/22/2014	Heather Bramble, Chief Counsel; Anu Connor, Senior Counsel; Dottie Lee, Confidential Assistant (Office of Commissioner Marietta Robinson), met with Veena Singla, Staff Scientist, Natural Resources Defense Council (“NRDC”); Daniel Rosenberg, Senior Attorney, NRDC; Dr. Ami Zota, George Washington University Department of Environmental Occupational Health; Dr. Susan Shaw, SUNY Albany School of Public Health; Eve Gartner, Staff Attorney, EarthJustice, to discuss CPSC’s work on a national flammability standard for upholstered furniture, California’s flammability standards and issues related with the use of flame retardant chemicals in furniture.
7/22/2014	Robert Howell, Deputy Executive Director, Safety Operations; George Borlase, Assistant Executive Director, Office of Hazard Identification and Reduction; Andy Stadnik, Associate executive Director, Laboratory Sciences; Rohit Khanna, Fire Prevention Engineer; Hyun Kim, General Attorney, Office of the General Counsel; and Patricia Pollitzer, Supervisory General Attorney, Office of the General Counsel, met with representatives of the National Resources Defense Council (“NRDC”). Representing the NRDC were Veena Singla, Staff Scientist; Daniel Rosenberg, Senior Attorney; and Avinash Kar, Attorney. The NRDC representatives shared information about their work on furniture flammability standards in California and the coalition of public health, environmental, and firefighter groups engaged on the furniture flammability issue. They also shared information about health concerns associated with the use of flame retardant chemicals in furniture. To the extent possible, CPSC staff discussed the agency’s ongoing work to develop furniture flammability performance standards.
7/24/2014	Commission Meeting: Commission Agenda and Priorities for FY 2015 and FY 2016
7/24/2014	Perry Sharpless, Directorate for Laboratory Sciences/Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.
7/24/2014	Sarah Newens, Directorate for Engineering Sciences/Human Factors, attended ASTM stroller subcommittee teleconference regarding section 8.2.2.2 of the ASTM F833-13b Standard Consumer Safety Performance Specification for Carriages and Strollers.
7/24/2014	Acting Chairman Robert Adler, Chief of Staff Jason Levine and Senior Counsel Sarah Klein met with Dan Hinkebein, Manager, Recall Business Services, Realtime Results and Alan H. Schoem of the Law Office of Alan Schoem, LLC to discuss recall technologies, tracking and compliance programs.
7/24/2014	Commissioner Marietta Robinson, Heather Bramble, Chief Counsel, Anu Connor, Senior Counsel, Dottie Lee, Confidential Assistant, met with Dan Hinkebein, Manager, Recall Business Services, Real Time Results, and Alan Schoem to discuss recall technologies, tracking and compliance programs.
7/24/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, Gib Mullan, Chief Counsel, and Katelyn Costello, Executive Assistant, to met with Dan Hinkebein, Manager, Recal Business Services, and Alan Schoem, The Law Offices of Alan Schoem, to discuss recall technologies, tracking, and compliance programs.

Date(s)	Meeting Summary
7/29/2014	Commissioner Marietta Robinson, Anu Connor, Senior Counsel, Dottie Lee, Confidential Assistant, and Allyson Tenney, Lead Compliance Officer, Office of Compliance and Field Operations, attended the American Apparel and Footwear Association, Product Safety Council Meeting. Commissioner Robinson delivered opening remarks and Allyson Tenney delivered remarks on regulatory enforcement. This meeting was for members of AAFA's Product Safety Council.
7/29/2014	Acting Chairman Robert Adler and Senior Counsel Sarah Klein met with Jonathan Steward, National Electrical Manufacturers Association ("NEMA"); Marc Boolish, Energizer Battery Manufacturing, Inc.; Steve Wicelinski, Duracell, Inc.; and Charles Monahan, Panasonic Energy Corporation of America, to discuss NEMA members' update on developing industry standards and outreach efforts to prevent button and coin cell battery ingestion.
7/30/2014	Matthew Dreyfus, Directorate for Laboratory Sciences, met with Andrew Bartos of Kahn Lucas Lancaster to discuss testing for CPSIA compliance.
7/30/2014	Scott Ayers, Directorate for Engineering Sciences, participated in an ASTM Subcommittee F15.45 task group teleconference for Candle Fire Safety.
7/30/2014	Doug Lee, Directorate for Engineering Sciences, participating in an ASTM workgroup for battery operated toys via teleconference to review negative comments for requirements for ASTM F963 to address battery ingestion and high energy battery hazards.
7/31/2014	Patricia Edwards, Directorate for Engineering Sciences, and other CPSC staff participated in a conference call with the ASTM F15 subcommittee on Inclined Sleep Products.
7/31/2014	Andrew Trotta, Directorate for Engineering Sciences, participating in a teleconference meeting of the Fire Protection Research Foundation ("FPRF") project panel on Occupational Injuries from Electrical Shock and Arc Flash Events.
7/31/2014	Nancy Lowery, Special Assistant to Commissioner Buerkle, to meet with the International Housewares Association ("IHA"): Phil Brandt, President & CEO, Dale Matschullat, Government Affairs Committee Chairman, and Pamela Sederholm, Washington Representative. The meeting was an introduction to IHA.
8/5/2014	Rik Khanna, Office of Hazard Identification and Reduction, participating in the National Fire Protection Association ("NFPA") Upholstered Furniture Main Task Group conference call regarding a voluntary standards development for upholstered furniture.
8/5/2014	Celestine Kish, Office of Hazard Identification and Reduction, and other CPSC staff participated in a conference call with the ASTM F15 subcommittee on Toddler beds.
8/6/2014	Ronald A. Jordan, Directorate for Engineering Sciences, participated via conference call/webex in meeting of the Z21/CSA Delayed Ignition Task Force to discuss standards development to address delayed ignition in gas fireplaces.
8/7/2014	Doug Lee, Directorate for Engineering Sciences, participating in an ASTM workgroup for battery operated toys via teleconference to review negative comments for requirements for ASTM F963 to address battery ingestion and high energy battery hazards.
8/7/2014	Perry Sharpless, Directorate for Laboratory Sciences/Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.

Date(s)	Meeting Summary
8/7/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, Gib Mullan, Chief Counsel, and Katelyn Costello, Executive Assistant, to have an introductory met with Scholastic Inc.: Kevin Discepolo, Regional Manager, Scholastic National Partnerships, Ann Amstutz Hayes, Vice President of Business Development, and Shawn Smeallie, Managing Partner American Continental Group, Inc.
8/12/2014	Doug Lee, Directorate for Engineering Sciences, participating in an ASTM workgroup for battery operated toys via teleconference to review negative comments for requirements for ASTM F963 to address battery ingestion and high energy battery hazards.
8/13/2014	Commissioner Joseph Mohorovic met with Nancy Cowles, Kids In Danger and Lisa Siefert, Shane's Foundation, to discuss furniture tip-over.
8/13/2014	Doug Lee, Directorate for Engineering Sciences, participating in an ASTM workgroup for battery operated toys via teleconference to review negative comments for requirements for ASTM F963 to address battery ingestion and high energy battery hazards.
8/14/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, Gib Mullan, Chief Counsel, and Katelyn Costello, Executive Assistant (Office of Commissioner Buerkle) met with ExxonMobil to discuss phthalates. Attending from ExxonMobil was Elissa Sterry, Vice President Intermediates, ExxonMobil Chemical Company, Patrick Henretty, Manager Global Regulatory Affairs, ExxonMobil Chemical Company, Bob Barter, Section Head, Environmental Sciences, ExxonMobil Biomedical Sciences, Inc., and Jennifer Foreman, Senior Toxicologist, ExxonMobil Biomedical Sciences Company, Inc.
8/14/2014	Commissioner Robert Adler and Chief Counsel Jason Levine met with ExxonMobil for a follow up met with Elissa Sterry, Vice President Intermediates, and Patrick Henretty, Manager Global Regulatory Affairs, ExxonMobil Chemical Company; Bob Barter, Section Head, Environmental Sciences and Jennifer Foreman, Senior Toxicologist, ExxonMobil Biomedical Sciences Company, Inc. to discuss the CHAP report on phthalates and phthalate alternatives.
8/14/2014	Bryce Dustman, Special Assistant (Office of Commissioner Mohorovic) to meet with ExxonMobil to discuss phthalates. Attending from ExxonMobil was Elissa Sterry, Patrick Henretty, Bob Barter, and Jennifer Foreman.
8/20/2014	Doug Lee, Directorate for Engineering Sciences, participating in an ASTM workgroup for battery operated toys via teleconference to review negative comments for requirements for ASTM F963 to address battery ingestion and high energy battery hazards.
8/21/2014	Janet Buyer, Directorate for Engineering Sciences, and Matthew Brookman, Directorate for Laboratory Sciences, participated in a teleconference meeting of the Task Group for UL 2201 Portable Engine Generator Assemblies.
8/25/2014	Nancy Lowery, Special Assistant, Gib Mullan, Chief Counsel, and Katelyn Costello, Executive Assistant (Office of Commissioner Buerkle) to have an introductory met with Ami Gadhi and Zach Laris from the American Academy of Pediatrics.
8/28/2014	Celestine Kish, Directorate for Engineering Sciences/Human Factors, participated in an ASTM task group conference call for Toddler Beds.
8/28/2014	Perry Sharpless, Directorate for Laboratory Sciences/Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.

Date(s)	Meeting Summary
8/29/2014	Scott Ayers, Directorate for Engineering Sciences, attended the rescheduled CANENA UL Technical Committee 61C telecon on safety requirements for household refrigerators and freezers.
9/4/2014	Perry Sharpless, Directorate for Laboratory Sciences/Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.
9/8/2014	Joel Recht, Associate Executive Director, Directorate for Engineering Sciences, Andrew Trotta and Mark Gill, Directorate for Engineering Sciences, and other CPSC staff met with Jennifer Cleary, Director, Regulatory Affairs and Wayne Morris, Vice President, Technical Operations & Standards of the Association of Home Appliance Manufacturers, AHAM. The meeting was educational in nature and was requested by Jennifer Cleary. Representatives from AHAM informed CPSC staff about developments in portable heaters and concerning AHAM's voluntary standards activities.
9/8/2014	George Borlase, Assistant Executive Director, Office of Hazard Identification & Reduction; Joel Recht, Associate Executive Director, Directorate for Engineering Sciences; Andrew Trotta, Director of Electrical Engineering; and Mark Gill, Electrical Engineer, met with the representatives of Sunbeam Products, Inc.: David Baker, Legal Counsel; Marc Clements, Vice President of Litigation and Regulatory Affairs; Eric Forti, Manager, Business Development; Mike Fretwell, Vice President & General Manager, Home Environment; Stephen Vernaglia, Director of Program Management, Home Environment, to discuss CPSC's position on changes to UL 1278 that would permit the remote use of electrical appliances. This portion of the meeting was open to the public. At the conclusion of this discussion, the meeting was closed to the public for discussions of Sunbeam business proprietary design concepts.
9/9/2014	Chairman Elliot Kaye and members of his staff met with Express Association of America Executive Director Mike Mullen to discuss the function of modern supply chains, role of CPSC in trade facilitation, and the impact of ITDS on the process of receiving certificates of safety.
9/9/2014	Commissioner Joseph Mohorovic and Special Assistant Bryce Dustman met with Mike Mullen, Express Association of America, Jon Gold, National Retail Federation, Cynthia Chandler-Snell, FedEx, Clint Fisher, TNT, John Vanwallaghen, UPS, and Norm Schenk, UPS, to discuss import surveillance and the CPSC clearance process at ports and U.S. borders.
9/9/2014	Ronald A. Jordan, Directorate for Engineering Sciences, participated via conference call/webex in meeting of the Z21/CSA Delayed Ignition Task Force to discuss standards development to address delayed ignition in gas fireplaces.
9/10/2014	Thomas Caton, Directorate for Engineering Sciences/Mechanical Engineering, participated by Conference Call from Bethesda in an ANSI-ASC A14 Ladder Committee meeting.
9/10/2014	Anna Luo, Directorate for Engineering Sciences, participated in an Underwriters Laboratories ("UL") 1026 Task Group teleconference to discuss possible solutions to slow cooker cord-pull incidents.
9/10/2014	Commission Meeting—Final and Proposed Rules: Magnet Sets
9/11/2014	Dr. Andrew Lock, Directorate for Laboratory Sciences, and other CPSC staff participating in the National Fire Protection Association ("NFPA") Upholstered Furniture Main Task Group meeting to discuss a voluntary standards development for upholstered furniture.

Date(s)	Meeting Summary
9/15/2014	Stephen Oesch of Stephen L. Oesch, LLC toured the National Product Testing and Evaluation Center.
9/15/2014	Commissioner Robert Adler to be keynote speaker at the New York Chapter of the Society of Consumer Affairs Professionals (“SOCAP International”) to discuss CPSC’s history, jurisdiction and actions, including CPSC’s current agenda and how the global economy and new manufacturing technologies may change future protective safety standards.
9/16/2014	Commissioner Robert Adler and Sarah Klein, Senior Counsel to Commissioner Adler, met with Nancy Buermeyer and others from The Breast Cancer Fund to discuss the CHAP Report and Phthalates.
9/16/2014	Commissioner Robert Adler and Sarah Klein, Senior Counsel to Commissioner Adler, met with Nancy Buermeyer, the Breast Cancer Fund; Lee Anderson, BlueGreen Alliance; Daniel Rosenberg, natural Resources Defense Council; and Paul Brown, National Center for Health Research, to discuss Phthalates and the CHAP Report.
9/16/2014	Commissioner Ann Marie Buerkle, Nancy Lowery, Special Assistant, Gib Mullan, Chief Counsel, and Katelyn Costello, Executive Assistant (Office of Commissioner Buerkle), met with the Breast Cancer Fund and others to discuss phthalates and the CHAP Report. Attending from outside the agency were Nancy Buermeyer (The Breast Cancer Funds), Daniel Penchina (The Raben Group), Lee Anderson (BlueGreen Alliance), Daniel Rosenberg (NRDC), Paul Brown (National Center for Health Research), and Elizabeth Hitchcock (Safer Chemicals Healthy Families).
9/16/2014	Commissioner Marietta Robinson, Heather Bramble, Chief Counsel, Boaz Green, Senior Counsel, Dottie Lee, Confidential Assistant, met with representatives from The Breast Cancer Fund: Nancy Buermeyer, Senior Policy Strategist, Breast Cancer Fund; Daniel Penchina, The Raben Group; Lee Anderson, BlueGreen Alliance; Daniel Rosenberg, NRDC; Ansje Miller, Center for Environmental Health, to discuss the recent findings and recommendations of the Chronic Hazard Advisory Panel.
9/17/2014- 9/18/2014	Scott Ayers, Directorate for Engineering Sciences, participated in the ASTM F15.45 meetings on candle visible emissions and candle fire safety.
9/17/2014	Dr. Suad Wanna-Nakamura, Directorate for Health Sciences, and other EXHR staff, participating in an ASTM F406 Voluntary Standards Task Group for After Market Mattresses for Play Yards/ Non -Full Size Cribs Teleconference.
9/17/2014	Mark Gill, Directorate for Engineering Sciences, attended UL 1042 (UL 1278) Standards Technical Panel teleconference to discuss the general details of the risk assessment to be performed on smart enable heaters.
9/17/2014	Commissioner Joseph Mohorovic held a meet and greet with Kelly Mariotti, Executive Director, Julie Vallese, Managing Director Public and Government Affairs, and Mark Fellin of the Juvenile Products Manufacturers Association.
9/17/2014	Commissioners Marietta Robinson and Joseph Mohorovic spoke at the Toy Industry Association’s Washington, D.C. Fly-In Welcome Dinner.
9/18/2014	The U .S. Consumer Product Safety Commission (“CPSC”) invited affected stakeholders and other interested people to watch the live webcast titled, “CPSC Workshop on Electronic Filing of Certificates of Compliance as Included in Proposed Rule on Certificates of Compliance.”
9/18/2014	Perry Sharpless, Directorate for Laboratory Sciences/Mechanical Division, and other Commission staff, participated in the ASTM Gravity 15.51 Consumer Products, Suction Limited Gravity Flow Systems task group meeting.

Date(s)	Meeting Summary
9/22/2014	Commissioner Ann Marie Buerkle and Nancy Lowery, Special Assistant, met with executives from Springs Window Fashions to discuss confidential business information pertaining to window coverings, including safety information related to their lines of window coverings. The meeting was closed as the company showed their innovations in window cord operating systems and confidential business information was discussed.
9/22/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard, Identification, and Reduction staff, participated in an ASTM working group teleconference to discuss voluntary standard requirements for Highchairs.
9/23/2014	Commissioner Ann Marie Buerkle and Nancy Lowery, Special Assistant, met with executives from Hunter Douglas to discuss confidential business information pertaining to window coverings, including safety information related to their lines of window coverings. The meeting was closed as the company showed their innovations in window cord operating systems and confidential business information were discussed.
9/23/2014	Commissioner Marietta Robinson, Heather Bramble, Chief Counsel, Boaz Green, Senior Counsel, Dottie Lee, Confidential Assistant, met with Elissa, Vice President, ExxonMobil Corporation, Patrick Henretty, Manager Global Regulatory Affairs, ExxonMobil Chemical Company, Jennifer Foreman, Senior Toxicologist, ExxonMobil Biomedical Research, Inc., to discuss the CHAP report on phthalates.
9/23/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard, Identification, and Reduction staff, participated in an ASTM working group teleconference to discuss voluntary standard requirements for Highchairs.
9/23/2014	Chairman Elliot Kaye and his Chief of Staff, Jana Fong-Swamidoss, met with ExxonMobil Corp.'s Global Vice-President Elissa Sterry and other members of ExxonMobil Corp. for a meeting to discuss the issue of phthalates and phthalate alternatives, as well as the CHAP report on phthalates.
9/23/2014	Commissioner Joseph Mohorovic met with ExxonMobil's Elissa Sterry, Vice President Intermediates, Patrick Henretty, Manager Global Regulatory Affairs, and Jennifer Foreman, Senior Toxicologist to discuss the CHAP Report on Phthalates.
9/23/2014	Chairman Elliot Kaye and his Chief of Staff, Jana Fong-Swamidoss, met with representatives of the Breast Cancer Fund and other consumer groups to discuss the issue of phthalates and phthalate alternatives, as well as the CHAP report on phthalates.
9/23/2014	Chairman Elliot Kaye and his Chief of Staff, Jana Fong-Swamidoss, met with BASF's Industry Manager Patrick Harmon and other members of BASF for a meeting to discuss the issue of phthalates and phthalate alternatives, as well as the CHAP report on phthalates.
9/23/2014	Chairman Elliot Kaye and his Chief of Staff, Jana Fong-Swamidoss, met Eileen Conneely of the American Chemistry Council and other members of the American Chemistry Council to discuss the issue of phthalates and phthalate alternatives, as well as the CHAP report on phthalates.
9/24/2014	Celestine Kish, Directorate for Engineering Sciences/Human Factors, and other staff participated in a task group conference call regarding Changing Tables to discuss add-on changing table requirements.
9/25/2014	Stefanie Marques, Directorate for Health Sciences, and other Office of Hazard, Identification, and Reduction staff, participated in an ASTM working group teleconference to discuss voluntary standard requirements for Highchairs.

Date(s)	Meeting Summary
9/26/2014	Commissioner Ann Marie Buerkle and Nancy Lowery, Special Assistant, attended St. Louis University 2014 Advanced Product Safety Management Course. Commissioner Buerkle participated in Commencement Activities at St. Louis University's 2014 Advanced Product Safety Management Course.
9/29/2014	Ronald A. Jordan, Directorate for Engineering Sciences, attended the Canadian Standards Association ("CSA")/ANSI Z21 Unvented Heater Technical Subcommittee meeting to discuss the development of voluntary standards for unvented gas heaters.
9/29/2014	Patricia Edwards, Directorate for Engineering Sciences, and other CPSC staff attended meetings with the ASTM F15 subcommittee on Juvenile Products.
9/30/2014	Commissioner Joseph Mohorovic met with Arlene Blum of the University of California Berkeley's Green Science Policy Institute, Malin Nasman of IKEA US, and Dave Panning of the Business and Institutional Furniture Manufacturers Association to discuss national and California furniture flammability standards.
9/30/2014	Ronald A. Jordan, Directorate for Engineering Sciences, attended the Canadian Standards Association Z21/83 Technical Committee and CSA Technical Committee meeting to discuss the development of voluntary standards for gas-fired appliances.
9/30/2014	Chairman Elliot Kaye and his Chief of Staff, Jana Fong-Swamidoss, met with Arlene Blum of the University of California Berkeley's Green Science Policy Institute, Malin Nasman of IKEA US, and Dave Panning of the Business and Institutional Furniture Manufacturers Association to discuss national and California furniture flammability standards.
9/30/2014	Commissioner Joseph Mohorovic met with Paul Vitrano (Polaris), Jeff Eyres (Polaris), Louis Brady (Polaris), Mike Wiegard (Kawasaki), David Murray (Yamaha), Brad Franklin (Yamaha), Kyosuke Tanaka (Yamaha), Marie-Claude Simard (BRP), John Rupp (Textron), Erik Pritchard with the Recreational Off-Highway Vehicle Association, Larry Smith, Executive Director of ARRA, Erik Glavich from National Association of Manufacturers, George Radke President of ATVAM, Brian Gable, Kathy Van Kleeck and Duane Taylor from MIC, Stuart Gosswein and Christian Robinson from SEMA, Russ Ehnes and Pat Gregory from NOHVCC, Greg Knott and Mark Austrian from OPEL, Ed Cohen from Honda, and Ed Krenik with Bracewell & Giuliani to discuss the recreational off-highway vehicle ("ROV") notice of proposed rule.
9/30/2014	Chairman Elliot Kaye and his Chief of Staff, Jana Fong-Swamidoss, met with representatives of the Recreational Off-Highway Vehicle Association ("ROVHA") to discuss the issues facing their industry and ROV safety regulations.
9/30/2014	Commissioner Joseph Mohorovic spoke at the Association of Home Appliance Manufacturers' Product Safety and Liability Conference.
9/30/2014	Joanna Matheson, Directorate for Health Sciences, gave a presentation on "Strong Sensitizers" at the Society for Chemical Hazard Communication ("SCHC") Fall meeting.

INTERGOVERNMENTAL COORDINATION

The Commission works with many agencies over the course of a year. This section describes the significant coordination the CPSC has had with other governmental organizations. Specifically, this section provides information on: (1) a major state-supported safety initiative for the Virginia Graeme Baker Pool and Spa Safety Act and Safety Standards for Full-Size Baby Cribs and Non-Full-Size Baby Cribs; (2) the Commission’s efforts coordinating with state and local programs; and (3) significant communication with other governmental agencies and offices, including any notification under section 218 of the CPSIA.⁹ In 2014, no state or local official filed a written notice to the Commission under section 218 of the CPSIA.

1) Major State-Supported Safety Initiatives

Virginia Graeme Baker Pool and Spa Safety Act (“VGBA”): The VGBA affects public pools and spas nationwide, and the Commission’s enforcement of the Act requires the cooperation of state and local agencies. In 2014, states worked cooperatively with the CPSC to conduct inspections of pool sites to verify compliance with the Act.

Safety Standard for Full Size Baby Cribs and Non Full Size Baby Cribs at 16 C.F.R. Parts 1219 and 1220: CPSC staff worked with state child care licensing bureaus to conduct inspections of child care facilities, family child care homes, and daycare centers to determine compliance with the final rule. During the on-site visits, states provided CPSC educational materials to child care providers. Inspection reports were submitted to the CPSC for the appropriate follow up and corrective action.

2) State and Local Programs

Section 29(a) of the Consumer Product Safety Act requires that the Commission establish a program to promote federal-state cooperation for the purpose of carrying out the Act. The goal of the program is to reduce consumer product related deaths and injuries by leveraging CPSC resources through cost-effective cooperation with state and local governments. In 2014, activities included the following:

- Assigning compliance and enforcement activities to the states. The table below provides the number of CPSC assignments to state officials made during the year;
- Supporting states through technical assistance and participation in conferences;
- Monitoring industry’s compliance with CPSC mandatory laws;
- Engaging in outreach and dissemination of information through multiple venues, such as journal, print, electronic media, and presentations sharing product safety research;
- Hosted the state and local workshop, training by field staff, and conference calls for state designees.

⁹ [Section 218 of the CPSIA amends the CPSA, Prohibited Acts, allowing] the attorney general of a state, or other authorized state officer, alleging a [specified] violation ... of the Act, ... on behalf of the residents of the state, ... to obtain appropriate injunctive relief. [The Act requires] a state [to] provide written notice to the Commission [prior] to initiate[ing] civil action by filing a complaint, ... at least 30 days before [unless] ... immediate action is necessary. The Commission may intervene in such civil action.

- Working to meet or exceed annual performance goals. In 2014, states conducted product safety activities, including recall checks and inspections, and completed 100 percent within 90 or fewer days after assignment.

**Distribution of CPSC Assignments
To State Officials Completed in 2014**

Type of Assignments	No. of Assignments
State Inspections	639
State Recall Checks	653
Total	1,292

**3) Significant Communication with Other
Governmental Agencies and Offices**

The Commission receives many requests for information and requests for coordination and notification of action relating to its jurisdiction. This correspondence is tracked through the Office of the Secretary. The list below presents the most substantial communications, including any/all notifications under section 218 of the CPSIA.

**Significant Communication,
Including Notification of Action Required Under Section 218**

Organization	City, State	Significant Communication
U.S. Department of Labor, Occupational Safety and Health Administration (“OSHA”)	Atlanta, GA	Complaint of Retaliatory Termination by Elizabeth Lee Johnson by Brica, Inc.
U.S. Department of Labor, OSHA	Atlanta, GA	Complaint of Retaliation; Archer Danieals Midland Company, Inc.
Missouri House of Representatives	Jefferson City, MO	Standards for window blind cord safety.
U.S. Department of Labor	Chicago, IL	Betco Corporation/Zettel/5-8120-13-066; Investigation of complaint and copy of Secretary's Findings.
U.S. Department of Labor, OSHA	Chicago, IL	DN Plastics Corporation/Fuentes/5-2700-14-022; Complaint of retaliation.
Commonwealth of Massachusetts	Stow, MA	2013 Annual Report of the Massachusetts Burn Injury Reporting System (“M-BIRS”)
U.S. Department of Labor, OSHA	Chicago, IL	Complaint of Retaliation
U.S. Department of Labor, OSHA	Chicago, IL	Copy of a complaint of retaliation: Justin Tyme Sports/Bingman
U.S. Department of Labor, OSHA	Atlanta, GA	F & E Worldwide, Inc./Golub; complaint of retaliation.

4) International Training Activity

As part of a strategy for addressing the growing complexity and risk entailed within additional global sources of production, the CPSC's Office of International Programs works to prevent hazardous and noncompliant consumer products from being exported to the United States through outreach and training abroad. The CPSC works with U.S. trading partners at the outset of the manufacturing process to increase their ability to produce products that comply with U.S. safety requirements. The agency also trains buyers and sourcing professionals who procure for U.S. importers. Outreach activities also include training foreign regulators on best practices to help them eliminate unsafe products from their jurisdictions, thus reducing the chances those products will find their way to the United States. The list below is a summary of international training activities completed in 2014.

2014 International Training / Briefings Activities Summary	
Number of trainings / briefings conducted for foreign groups / audiences	67
Number of trainings / briefings for industry abroad	35
Number of trainings / briefings for foreign government entities	32
Number of private sector representatives trained / briefed	1,377
Number of government officials trained / briefed	622
Number of people trained / briefed	1,999
Number of different foreign jurisdictions trained / briefed	30
Number of trainings / briefings conducted abroad	55 (20 different locations)
Number of trainings / briefings held offsite in Washington, D.C.	8
Number of trainings / briefings held offsite in the United States	2
