**STATEMENT OF COMMISSIONER PETER A. FELDMAN ON  
COMMENT PERIOD EXTENSION FOR THE PROPOSED SAFETY STANDARD ON  
BASSINETS AND CRADLES**

**JUNE 11, 2024**

Today the United States Consumer Product Commission voted to approve a 45-day extension of the comment period for the proposed rulemaking for a Safety Standard on Bassinets and Cradles. On May 22, 2024, the Juvenile Products Manufacturers Association (JPMA) requested a 90-day extension, without providing a sufficiently detailed justification for the full 90 days. Given the complexity of this rulemaking, some extension of the comment period is reasonable to address technical issues. Therefore, a limited extension is appropriate here. Should JPMA provide substantiation for why it needs an *additional* 45 days, the Commission should consider such request at that time.
