

PRESENT: Chairman Simpson  
Commissioner Kushner  
Commissioner Newman  
Commissioner Pittle

F I N A L

MINUTES OF EXECUTIVE SESSION  
November 19, 1973

Agenda Item

Rogers Disposable Butane Lighter

*see 11/30/73*

Decision and Followup

DECISION

To seek a court order finding that subject product is an imminent hazard on the basis of the high probability of unreasonable flame height and attendant leakage of fuel. This is in addition to a decision made by the Commissioners on November 16, 1973, that there was reason to believe that the Rogers Disposable Butane Lighter was a substantial hazard and thus subject to Section 15(b) of the CPSA.

Voting For: Simpson, Franklin (by phone, Nov. 19, 1973),  
Kushner, Newman and Pittle

FOLLOWUP

General Counsel to initiate necessary steps.

Submitted by:  
Commissioner Kushner
