or (301) 595-7054
(for deaf or hard of hearing individuals and/or individuals with speech and language disorders)

Spring into Safety... as You Live the “New Normal”

USE POWER TOOLS SAFELY

- Stay alert! Keep hands away from moving parts.
- Wear goggles and beware of flying debris.
- Wear snug clothing and remove loose accessories or jewelry that might get caught in machinery.

KEEP KIDS SAFE AT HOME

- Riding a bike, skateboard or scooter? Wear a helmet!
- Playing sports? Wear the proper helmet and protective equipment.
- Keep laundry and cleaning products stored in their original containers and securely hidden away from children.

HANDLE 3D PRINTERS SAFELY

- Stay alert! Keep hands away from moving parts.
- Make sure there is proper ventilation for the printer.
- Be aware of possible hazards such as burns and electric shock.
