Ms. Katharine E. Morgan
President, ASTM International
100 Barr Harbor Drive
West Conshohocken, PA 19428
(Transmitted via email)

Dear Ms. Morgan:

Thank you for your letters of July 30, 2019 and August 13, 2019, to the U.S. Consumer Product Safety Commission (CPSC), notifying the Commission about the revision of ASTM F1821-19^{e1} *Standard Consumer Safety Performance Specification for Toddler Beds*, as related to 16 CFR part 1217 - Requirements for Toddler Beds, in accordance with Pub. L. No. 112-28. On October 16, 2019, the Commission voted (5-0) to approve the publication of a *Federal Register* notice, accepting the updated standard as the CPSC-mandated standard.

The published *Federal Register* notice for the direct final rule, which revises the CPSC's standard for toddler beds to incorporate by reference ASTM F1821-19^{e1}, can be found at: <https://www.federalregister.gov/documents/2019/10/25/2019-23305/revisions-to-safety-standard-for-toddler-beds>. The rule will be effective on January 27, 2020, unless we receive significant adverse comments by November 25, 2019. If we receive timely, significant adverse comments, we will publish notification in the *Federal Register* withdrawing the direct final rule before its effective date. Otherwise, the incorporation by reference of ASTM F1821-19^{e1} is approved as of January 27, 2020.

Sincerely,

Celestine T. Kish
