

When the Grandchildren come to visit...

Make sure they are greeted with a **SAFE HOME!**

- ♥ Make sure your crib and play yard meet current safety standards.
- ♥ Don't give kids under 3 years old toys or items with small parts.
- ♥ Be sure your grandchildren wear helmets when they ride bikes, scooters or skateboards.
- ♥ Make sure medicines, cleaning products and other household chemicals are out of reach and locked away.
- ♥ Never leave your grandchildren alone for a moment near water or in the bathtub.
- ♥ Make sure window blind cords are inaccessible or use cordless window coverings to prevent strangulation.
