

**U.S. Consumer Product Safety Commission
Log of Meeting**

SUBJECT: ASTM F15.22 Toy Safety Meeting

DATE OF MEETING: 12 February 2007

LOG ENTRY SOURCE: Vince Amodeo

DATE OF LOG ENTRY: 16 February 2007

LOCATION: Jacob Javits Center, NY, NY

CPSC ATTENDEE(S): Vince Amodeo, ESME
Doug Lee, ESEE

NON-CPSC ATTENDEES: See attached

SUMMARY OF MEETING:

The meeting was called to order at 1pm by Joan Lawrence, Subcommittee Chairman, who welcomed the participants. Self-introductions were made.

Review of Negative Ballots and Comments received on Proposed Draft.

Cords and Elastics: Negatives were addressed or withdrawn. Ballot carries pending one remaining negative. Chairman stated that they would contact submitter and discuss.

Jaw Entrapment: Editorial corrections and diagram dimensions corrected. 4 negatives were voted as non-persuasive. Ballot will require revote by full subcommittee.

Yo-Yo Tether Toys: No negatives. Editorial comments addressed. Europeans are looking at developing a similar standard. Ballot carries.

Hemispheric Objects: Editorial changes. Ballot carries.

Magnet Toys: Several negatives were withdrawn. American Academy of Pediatrics withdrew negative on condition that standard would be reviewed within one year. Group will form focus group to review label wording and relook at age grading, magnet strength, magnet size, and use and abuse requirements. Ballot carries.

Folding Mechanisms & Hinges: 1 negative voted non-persuasive and one technical wording change. Ballot will require revote by full subcommittee.

Packaging Film: No comments. Ballot carries.

Acoustics: Editorial changes made. Negatives withdrawn. Ballot carries.

Reports for Workgroups:

Flammability – Chair, Ramon Primicias, reported that labs have some disagreements on how testing is carried out and his goal is to standardize testing requirements.

Projectiles – Chair, Frank Gibbs, reported that there was a new proposal forwarded by the Australians for the ISO standard. ASTM group will await draft from ISO before proceeding.

Impaction Hazards – Chair, Kitty Pilarz, reported on new group formed to address 2 recent deaths from impaction hazards. Group reviewed IDI's and presented a draft proposal for a new requirement to address the impaction hazard. She would like comments from subcommittee as soon as possible.

Other Business:

Conversion of standard to metric is proceeding. Other editorial changes to standard are also proceeding, but going slowly.

CPSC staff stated that they are considering possible recommendations for updating 16 CFR Part 1505, *Requirements for Electrically Operated Toys or Other Electrically Operated Articles Intended for Use by Children*. Staff are considering recommendations to change the requirements for surface temperatures to be similar to some voluntary standards requirements. A couple of manufacturers indicated that they would review product requirements and provide any feedback concerning surface temperature measurements for staff consideration.

Meeting was adjourned.
